

# SUNJOY MINI MAROON®

*Berberis thunbergii* 'NCBT1' pp#30,330, cbraf

## Sterile barberry

This new barberry has all of the durable utility expected of *Berberis*, but is not invasive. The dark, burgundy-purple foliage is colorful all season long. This is a dwarf, low mounded plant that is both sterile and rust-resistant. Although it forms both flowers and fruit, it does not set viable seed.

- **SIZE & SHAPE**  
2-3' TALL  
AND WIDE
