PUGSTER WHITE®
Buddleia 'SMNBDW' pp#28,795, cbraf

Compact, cold-hardy butterfly bush

This new series of *Buddleia* has full sized flowers on a dwarf plant. Dense foliage and good branching result in a full, lush display of colorful, fragrant flowers. The thick, sturdy stems of these plants give them additional winter hardiness, so they are a superior choice for areas where other *Buddleia* varieties experience winter dieback.

- SIZE & SHAPE
2' TALL
AND WIDE

- SPACING 2-3'
- USDA ZONE 5-9
- FULL SUN
