EC (2:1 extract):	0.6 – 0.9	
Light Level:	High	
Watering:	Moderate	
Rooting Out Temp:	65 – 72° F/18.3 – 22.2° C	
Overwintering Temp:	Polyhouse, no heat (where hardy)	
Sales Window:	All season; spring bloom	
Blooms On:	Old wood	
Trimming/pruning:	Trim 2-3 times	
Vernalization:	Required	
Vigor Rating:	Average	
Finish Size	Liner Size	Weeks of Active Growth to Finish
1 gallon	2 ¼" • 4" • QT	10-12 • 9-11 • 8-10
2 -3 gallon	2 ¼" • 4" • QT	16-20 • 14-18 • 12-16

Grower Tips:
<ul style="list-style-type: none"> <li>• Requires more shade than other deutzia in production, especially during summer.</li> <li>• Blooms on old wood – cease trimming in late July to allow flower buds to form for spring sales.</li> <li>• Can be sold same season if in-bloom presentation is not important (commercial jobs, landscapers); easy to ship in bud or bloom the following season, however.</li> <li>• Somewhat susceptible to spider mites; scout often and treat accordingly.</li> <li>• Potting a 2 ¼" liner directly to a 3 gallon is not recommended.</li> </ul>
NOTES:
