

# Ruffled SATIN<sup>®</sup>

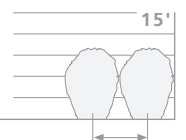

*Hibiscus syriacus* 'SHIMCR1', pp#26,222

## Huge, showy blooms.

Looking more like a tropical hibiscus than a temperate plant, this hardy hibiscus boasts rich pink, ruffled flowers accented with an intense burgundy-colored eye. Large and showy, the overlapping flower petals form a complete circle. Its glossy green leaves and short internodes make for a very nice, full, bushy plant. Low seed-set is an added benefit.

- **SIZE & SHAPE**  
8-12' TALL  
6-10' WIDE

- **SPACING** 6-10'
- **USDA ZONE** 5-9
- **FULL SUN**

DEER-RESISTANT | ADAPTABLE | ATTRACTS BUTTERFLIES

TOLERATES CLAY SOIL AND BLACK WALNUT | PRUNE IN LATE WINTER
