

Hydrangea arborescens

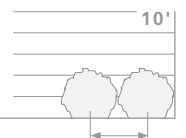

INVINCIBELLE LACE™

Smooth Hydrangea

Hydrangea arborescens subsp. radiata 'SMNHRL' USPPAF; CBRAF

Some people adore lacecap flowers for their delicate beauty, while others appreciate the pollen for butterflies and bees. This premiere plant, the first ever smooth hydrangea with plum-purple lacy florets, accomplishes both, with strong, wiry stems of a dark ruby hue, that sway gracefully with the wind. Imagine big drifts, flowing through a Piet Oudolf-style garden, and come winter, frosted diamonds and songbirds adorning tawny crowns.

- **SIZE & SHAPE**
4-5' TALL
AND WIDE

- **SPACING** 4-5'
- **USDA ZONE** 3-8
- **FULL SUN / PART SUN**

SPECIES NATIVE TO NORTH AMERICA | HARDY | RELIABLE
PRUNE IN LATE WINTER | SOIL DOES NOT AFFECT FLOWER COLOR
