

Hydrangea arborescens

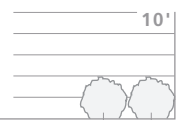

LIME RICKEY®

Hydrangea arborescens 'SMNHALR' pp#28,858, cbr#5627

Green 'Annabelle'-type hydrangea.

Cool lime-green mophead blooms take on a marbled jade effect as they age. Showy pink pollen adds a bit of unexpected color to these flowers. The strong stems make it an excellent plant for cutting, and hold up well for a fantastic garden display.
