

Ilex x meserveae

CASTLE KEEP®

Ilex x meserveae 'SMNIFA' pp#31,118, cbraf

Castle Keep® blue holly has the classic good looks of this familiar evergreen but with soft-to-the-touch deep green foliage. Semi-dwarf rounded habit makes it a versatile choice for landscapes. This is a female variety that will develop red fruit if a male pollinator like Castle Wall® holly is planted nearby.

- **SIZE & SHAPE**
3-5' TALL
3-4' WIDE
