

Philadelphus

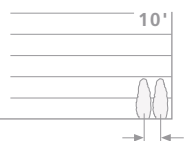

ILLUMINATI ARCH™

Philadelphus coronarius 'SMNPBD' ppaf; cbraf

Flowers, fragrance, and foliage

Of course it has exceptional fragrance when the big white flowers appear in spring. But what about after the blooms have faded? Unlike other mock orange, Illuminati Arch® has thick, dark green leaves that maintain a handsome appearance throughout the summer.

- SIZE & SHAPE
3-4' TALL
1.5' WIDE

- SPACING 2'
- USDA ZONE 4-7
- FULL SUN / PART SUN
