

FLOWERING SHRUBS

Starter Plants Catalog and Shrub Reference 2020-2021

Limelight Prime™ *Hydrangea paniculata* - p.58

**Spring
Meadow.**

MESSAGE FROM DALE

"The trouble is, you think you have time."

I never thought I'd be quoting Buddha, but these words of wisdom for the nursery industry hold a lot of relevance these days. The lesson for 2020 is that business can change fast, faster than we ever thought. We all wished for more time to adapt, to grow, and to protect our business. The uncertainty was scary and exciting at the same time.

Retailers this year found themselves scrambling to implement online ordering, curbside pickup, and home delivery. Many were even shut down in early spring! But then home gardening went crazy. Spring ended up better than expected, and many retailers reported record seasons. Growers went from standstill to 100 miles an hour overnight.

I'm hoping that your business did well, that you have recovered from the extra work and stress. Amazing things happened so fast. Amazing people stepped up, changed stuff, and carried this industry forward. This was a great year not just because sales were up but because our people and yours did the extraordinary.

Proven Winners is up huge in 2020. Years of building consumer confidence wins the day again. No other plant brand even comes close: twenty-five plus years of laying the foundation of a plant brand but still learning every single day. The best team in the business doing amazing work.

I love this place.

I love this business.

Keep Smiling,

PRESIDENT

On the cover:

The future is now – Limelight Prime™ hydrangea, the next generation of 'Limelight', is here! Developed by the team here at Spring Meadow, Limelight Prime hydrangea improves on the original in ways that growers, landscapers, and gardeners alike will appreciate: an earlier bloom time, sturdier stems, a denser, more compact habit, and tantalizing red and pink tones from summer through frost. Available in all three liner sizes from your Spring Meadow account manager.

WELCOME TO SPRING MEADOW NURSERY

About us

Since our founding in 1981, Spring Meadow has been committed to producing quality woody plant liners to help growers achieve maximum profitability. In 1999, we launched the ColorChoice® Shrubs brand, which introduced 'Limelight' hydrangea and Wine & Roses® weigela to North America. In 2004, we joined with Proven Winners® as the exclusive licensee to develop, introduce, and market shrubs under the Proven Winners® ColorChoice® brand.

You are invited

Want to see more of what we do? Come for a visit! Spring Meadow is located in beautiful Grand Haven, Michigan, just 2.5 hours from Chicago and Detroit. If you are in the area, we'd be glad to show you around our facilities for a first-hand look at our approach to propagation, growing, and new plant development. Please contact your account manager to arrange a visit.

Why order from Spring Meadow?

- **Selection:** Whether you serve commercial landscapers or high-end specialty garden centers, you'll find something in our 400+ varieties to set you apart from the competition.
- **Availability:** We grow at least two crops a year of nearly every variety in our catalog to ensure you can get the plants that you and your customers want. We also offer the option of placing a standing order, which eliminates the risk of back orders or sell outs, since we plan our propagation to meet standing orders first.
- **Convenience:** Our location in west Michigan allows for short transit times across North America. Plants arrive quickly and with less stress and damage. Place your order by 9 am ET on Wednesdays for delivery as soon as the following week during the growing season.
- **Service:** Our account managers have small territories so they can get to know you and your business, ensuring the best service and support for your team, from growers to marketing.
- **Expertise:** Every Proven Winners ColorChoice shrub gets its start with us. As the source for the brand, we can provide insight on growing, as well as sales and marketing support. We offer a range of resources to help train your staff and increase your profits.

STEWARDSHIP

The Deppe family believes that giving is a responsibility that accompanies success and is proud to personally support a variety of organizations in their west Michigan community, whether opening their garden for a fundraiser for a local hospice or with a donor-advised

fund through the Grand Haven Community Foundation. Their charitable nature extends to Spring Meadow as well, and our company gives to organizations that embody the spirit of innovation and positive change that further growth for all of us.

Since 1962, HRI has worked to increase the quality and value of plants, improve the productivity and profitability of the nursery and landscape industry, and protect and enhance the environment.

Every time you make a purchase from Spring Meadow, we add ¼ of 1% of your purchase total on to your invoice as a contribution to HRI. Spring Meadow then triples your donation, and these funds are used to support the Spring Meadow Nursery New Plants Fund and the HRI Endowment Fund. These funds foster groundbreaking research that benefits everyone in the ornamental horticulture industry.

Spring Meadow Nursery is a long-standing member of IPPS, the International Plant Propagators Society.

IPPS is a rich resource for anyone involved in horticulture, and we encourage you and your employees to participate in regional meetings and their informative publications. Visit www.ipps.org for more information.

Over \$1 million and counting...

Thanks to sales of Invincibelle® Spirit and Invincibelle® Spirit II hydrangeas and Pink Day events at garden centers, we've raised over \$1 million to support the Breast Cancer Research Foundation®, one of the most effective cancer charities in North America. 91 cents of every dollar they receive funds life-saving research.

Spring Meadow – Proven Winners Scholarship

Because enthusiastic, well-trained, qualified people are essential to the nursery industry, we have offered scholarships to horticulture students since 1999. This year, we are pleased to offer \$2500 to four promising horticulturists:

Mary Tuski

Undergraduate student,
Michigan State University

After spending her undergraduate studies in the labs of Dr. Bridget Behe and Dr. Bert Cregg, Ms. Tuski intends to pursue her masters degree in nursery production, with a career goal of working in commercial woody plant and tree production.

Noah Brown

Undergraduate student,
North Carolina State University

With his combination of business savvy and passion for horticulture, Mr. Brown is poised to reach his career goal of a management position within the green industry. After graduation, he hopes to study agritourism in the Netherlands.

Amber Lancaster

Undergraduate student,
University of Arkansas

Ms. Lancaster is studying horticulture and interning in her university's plant pathology department with the goal of one day running a research nursery that propagates, grafts, and studies the best fruit trees for northwest Arkansas.

Jacklyn Stupienski

Junior college student,
Naugatuck Valley Community College

Inspired to be a "student of life," Ms. Stupienski began studying horticulture and uncovered a latent passion for growing plants. Her outstanding GPA and internship experiences ideally position her for a career in growing, propagation, or sales in the nursery industry.

The Spring Meadow - Proven Winners scholarship is open to college and university horticulture students in their sophomore year and above. For eligibility requirements and deadlines, visit hriresearch.org/scholarship/fund-your-future.

WHAT WE DO AT SPRING MEADOW

Propagation

Every liner that ships from our dock begins its life as a cutting. We maintain thousands of mother plants over 100 acres of stock fields and Quonsets, with crews cutting from spring through late autumn. Cuttings are handed off to our experienced propagation team, led by Gail Berner, and stuck by traditional methods or our ISO sticking machines. They then make their way to the relatively pampering conditions of our 5 acres of heated floor prop houses, where they stay until they develop roots (6-10 weeks).

Growing

Our growing area has come a long way – not just in terms of the amount of space we've added, but in our 30 acres of Westbrook greenhouses, 4 acres of sub-irrigated flood floors, and Argus Controls environmental system that monitors light, heat, and humidity to create the ideal growing conditions. Head grower Dave Joericht and his crew of six full-time growers walk the aisles of their house each day to monitor for quality. All of our liners are trimmed multiple times, by hand or with our custom-made automated trimming booms, to ensure our plants are well-branched and uniform. Consistency on our end means less work for you.

Biological controls

Pests are a fact of life in nurseries and greenhouses, but we all have a choice in how we manage them. Since 2018, we have implemented and steadily expanded a biological control program across propagation and growing. Headed by grower Jennifer Cobb, we use a combination of natural enemies, banker plants, trapping, and exclusion, as well as intensive scouting, to maintain quality while reducing pesticide exposure for all of our employees.

R&D

Though we have long run our own internal breeding program, under the leadership of head breeder Megan Mathey and Stock and R&D manager Matt Carlton, our facilities have grown to 6 acres of climate controlled greenhouses, seed houses, and 29 acres of trial fields. We evaluate hundreds of new plants from breeders around the world, as well as from our own breeding, in intensive, comparative trials that provide objective data to our new variety introduction strategy.

Proven Winners ColorChoice Shrubs

Remember the ColorChoice Shrubs brand? It was started by Tim Wood and Dale Deppe when they first brought Wine & Roses® weigela and Blondy® euonymus to the North American market. That model of introducing proprietary new plant varieties worked as well for us as it did for the Proven Winners brand on the annuals side, so in 2007, we became Proven Winners ColorChoice Shrubs. To this day, every shrub that bears the Proven Winners logo begins its journey to market at Spring Meadow, from discovery to evaluation for propagation, production, and performance.

The Proven Winners brand isn't just about great plants – it's also about marketing to drive consumer demand. Our marketing team reaches out to gardeners of all skill levels on social media, in print ads, on radio, and in digital advertising to increase awareness and trust in our plants and the brand. For an in-depth look at our marketing efforts and how you can use it to drive sales, request our booklet, 8 Ways to Make Proven Winners Marketing Work for You, from your account manager.

QUALITY YOU CAN SEE

Sprinter® boxwood liners

Spring Meadow offers three liner sizes of most varieties, so you can meet the demands of your budget, climate, and production system. Our potted liners give you maximum flexibility: once you've received them, you can pot them as your workflow and staff levels allow. All of our liners are healthy, actively growing, and produced without the use of neonicotinoid pesticides.

SHIPPING

Our shipping team is committed to the safe packaging and transport of your order. Whether you order the minimum number of trays or a full truckload, your liners will be carefully picked, inspected for quality, packed, and loaded to minimize stress and damage. We ship by both dry and refrigerated trucks at 45° F (7.2° C) and can ship year-round.

How we ship

MAKE ORDERING EASY

A few tips to ensure your complete satisfaction when ordering:

- **Create a Standing Order**

We fill standing orders first, as we propagate specifically to meet our customers' requests. You can adjust your order up until the Wednesday before it ships.

- **Order Early**

Our new varieties are announced in our yearly catalog, which is published in late summer. By placing your order shortly after its receipt, you secure your share of the most promising and popular plants. This is also the ideal time to review your standing order.

- **Confirmation and Shipping**

Your account manager will call you two weeks before your order ships. This is a good time to make any last-minute adjustments to your order and to confirm contact information, delivery address, and any special instructions for the delivery driver.

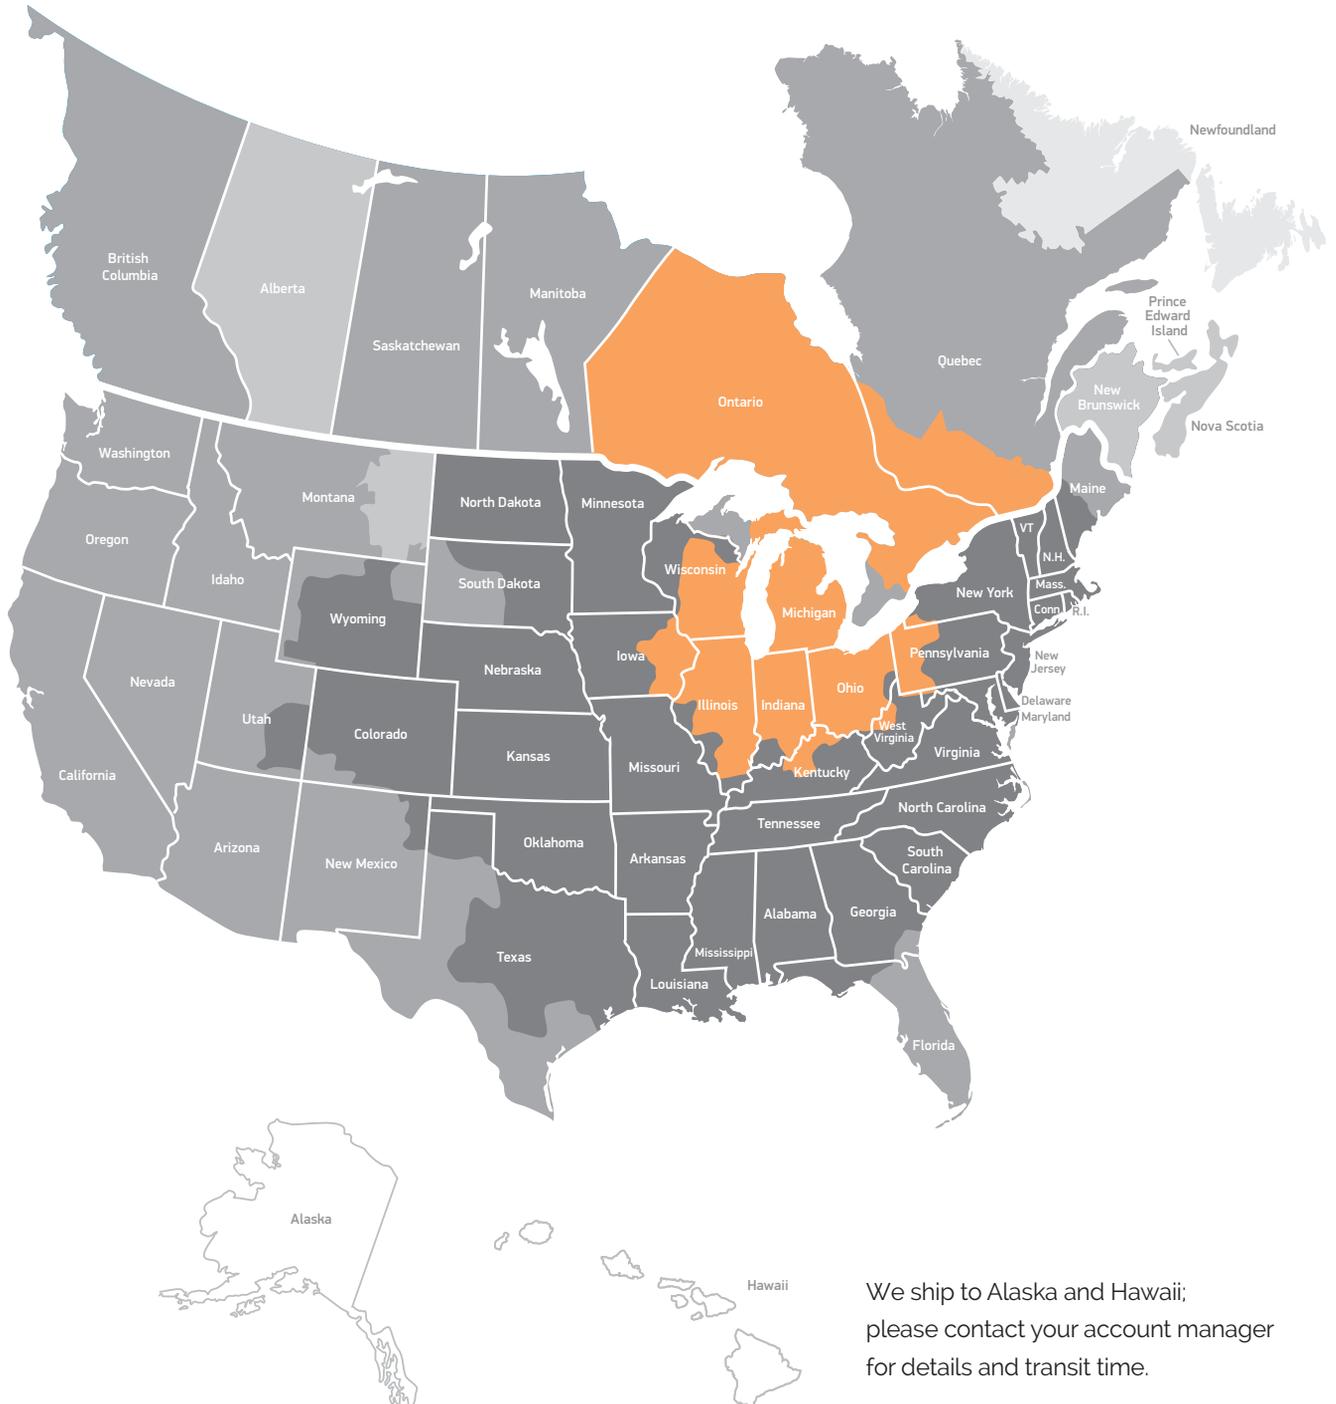

For LTL shipments, flats are boxed individually, then stacked on a pallet, corner-stabilized, and wrapped with plastic film.

Whole-truck shipments are packed on specially built racks. These sturdy racks can be moved with a forklift or pallet jack.

TRANSPORT TIME

All orders placed with Spring Meadow ship via FedEx from Grand Haven, Michigan. Our central location means a short transit time to any location in Canada and the United States, ensuring that your plants arrive happy, healthy, and ready to grow. Our sales team will work with you to secure your preferred ship date so that your order arrives when you have the time, staff, and space to pot it up. If your order is confirmed by 12 p.m. ET on a Wednesday, we can ship the following week.

We ship to Alaska and Hawaii; please contact your account manager for details and transit time.

LANDSCAPE PROGRAMS

Jane Beggs-Joles,
Landscape Program Manager

I started out 2020 with a busy schedule of events: coast-to-coast trade shows, seminars, and Proven Winners® landscape roadshows kept me traveling non-stop from the first week of January through Mid-March.

It all came to a halt, of course, as COVID-19 impacted events around the world. Sadly, the first event to go was a favorite on my calendar: The National Collegiate Landscape Competition. Proven Winners® ColorChoice® has been a sponsor of this fantastic event for several years. We think that helping the next generation of green industry professionals is a critical part of our industry's success. Plus that event is a lot of fun!

In-person events may have slowed down, but the show must go on. That means webinars, videos, and even snail mail. If we don't keep learning, we don't keep growing, and that's no good – especially in our business.

Being the authority on what will work best in a landscape gives your customer the assurance that they've hired a true professional to do the job and you pull yourself away from the race to the bottom of competing on price. If you aren't already getting our monthly postcards and the Plant of the Week email, email me jane@springmeadownursery.com. They're a quick, simple way to keep up on the latest new varieties.

If you'd like to take it to the next level, join my Proven Winners® colleagues and me on an online event. You can check the schedule of webinars and videos at www.provenwinnerspros.provenwinners.com. And if you're looking for content for your own organization, just ask.

A handwritten signature in black ink that reads "Jane L. Beggs-Joles". The signature is written in a cursive, flowing style.

CHANGING THE WAY YOU THINK ABOUT GROWING SHRUBS

Hi gang! Throughout our time on the road meeting with new prospective customers, we often sense a bit of nervousness for the unknown of growing woody ornamentals for the first time. The Spring Meadow growing and sales teams have been hard at work on ways to make producing flowering shrubs easy and profitable, even if you've never tried it before. I thought it would be beneficial to share some of the ways we can support your journey to the woody plant side:

- Partners in profitability

Our account managers aren't sales people – they are partners in your profitability, with the knowledge and strategies to help you achieve success, wherever you are and whoever you serve. We have developed a top 10 plant list for each region. Use our expertise and start with a narrow assortment and ease into it by building confidence along the way.

- Options from start to finish

Unlike other liner suppliers, we offer 3 sizes of nearly everything we sell, so there's a perfect fit for every budget, production system, and schedule. Then you choose which finished container size fits your business. Your account manager will advise on the best liner to finish sizes for your climate and customer base.

- Fast and easy

Feel the need for speed? Try the Quick Turn branded liner! It exists to speed up the growing process for you. These hefty, one-quart liners have been trimmed multiple times for good branching and are ready to grow into a lush, well-rooted finished plant. All you have to do is pot it! No need to for repeated pruning, or guessing at old wood or new wood bloom.

- Quick Flip Program

We've selected over 50 Proven Winners varieties for our Quick Flip program: plants that go from our Quick Turn liner to a finished two gallon in less than twelve weeks. You'll get a saleable crop of flowering shrubs fast, with lower input costs, less overhead, and ultimately higher margins – all backed with Proven Winners ColorChoice consumer marketing. Talk to your account manager for a list of plants.

- High margins

Shrubs can provide the highest margins of any plant on your property. Take, for example, our pre-budded hydrangea program (p. 14) or a bare root rose program. Each uses the same type and size of space you'd devote to perennial production, but commands a much higher price at both wholesale and retail levels.

- Ordering made easy

Our program is a package. When you order from us, you'll receive the plants, tags, and containers all at once. That limits overhead and labor expenses, and allows you to pot up in your desired container size on your schedule. We also ship practically year-round which gives you the flexibility you need when labor and timing is tight.

- Growing support

Our growing team has been hard at work at creating individual variety growing spec sheets that are here to help you with the finer nuances of each plant. How much water? What about fertilization recommendations? Do I need to use growth regulators? We got it covered. Also, we have a grower support manager on staff, ready to take your calls and walk you through the growing process.

Ready to get started? Contact the account manager for your state or province today, and turn the page for a closer look at our value-added, easy-to-implement programs. We are looking forward to partnering with you on your new adventure!

A handwritten signature in black ink, appearing to be 'Robert' followed by a stylized surname.

PRE-BUDDED HYDRANGEAS

EASY – BEAUTIFUL – PROFITABLE!

Our pre-budded hydrangea liner program is designed with one goal in mind: an easy-to-produce crop of colorful one-gallon hydrangeas in bloom, just in time for Mother's Day. We take cuttings, trim them, and treat them so that they are full of flower buds. You take delivery of our rooted, ready-to-grow Quick Turn™ liners in late winter, grow according to our thirteen-week recipe, and end up with a crop of flowering Proven Winners ColorChoice hydrangeas to ship for Mother's Day sales. There's no minimum order on our pre-budded hydrangeas, making this program suitable for anyone who has a little extra space in their growing facility. Place your order this autumn for best availability.

Our 2021 selection includes:

Blue/Purple (pre-treated with aluminum sulfate for blue flowers – no further treatment required):

- Let's Dance® Blue Jangles®, Cityline® Venice,
- Tiny Tuff Stuff™, Wee Bit Grumpy®

Pink/Red: Cityline® Paris, Let's Dance Big Band®, Wee Bit Giddy®

BARE ROOT ROSES

There's no more cost-effective way to get big, bold, blooming roses to market early in the shopping season than with our bare root Proven Winners ColorChoice roses. Now in its third year, our partnership with Certified Roses means you get hefty #1 or #1.5 grade bare roots of our award-winning roses. Just pot them up into our two-gallon branded containers, bring out of dormancy in a warm greenhouse, add our diamond hang tag and start selling! Plants will need little to no trimming to become a saleable, blooming container. Place your order with a Spring Meadow account manager by early December; plants ship directly from Certified Roses beginning in mid-January (ship date based on your climate).

The 2021 selection includes:

- At Last®
- Oso Easy® Double Pink
- Oso Easy Double Red®
- Oso Easy Hot Paprika®
- Oso Easy Italian Ice®
- Oso Easy Lemon Zest®
- Oso Easy® Mango Salsa
- Oso Easy Paprika®
- Oso Easy Peasy®
- Oso Easy® Petit Pink
- Oso Easy® Urban Legend®
- Ringo®
- Ringo All Star™
- Suñorita®

SHRUBS OF THE YEAR

Spreading the word about great plants is a big part of what has made Proven Winners ColorChoice Shrubs a success – the Shrubs of the Year program takes that to the next level! Each year, four of our shrubs are named Landscape Shrub of the Year, Hydrangea of the Year, Rose of the Year, and Flowering Shrub of the Year. We ask our Gold Key growers, some of the best and best-known growers in North America, to vote on each year's roster, then we give these four plants a little extra marketing love to both trade and consumers. If you're looking for a simple way to boost your shrub sales, this is it!

2021 Shrubs of the Year:

- Landscape Shrub: **Kodiak® Orange Diervilla**
- Flowering Shrub: **Pugster Blue® Buddleia**
- Hydrangea: **Tuff Stuff Ah-Ha® H. serrata**
- Rose: **Oso Easy Italian Ice® Rosa**

To help you plan your production, we're pleased to also include the **2022 Shrubs of the Year:**

- Landscape Shrub: **Incrediball® Hydrangea arborescens**
- Flowering Shrub: **Double Play Doozie® Spiraea**
- Hydrangea: **Little Quick Fire® H. paniculata**
- Rose: **Suñorita® Rosa**

DECKED OUT®

We think shrubs are pretty irresistible on their own, but our Decked Out Patio Container program provides a way to bring that level of enthusiasm to everyone. Just combine one of our 350+ eye-catching shrubs with a decorative container and our informative diamond-shaped Decked Out tag and watch your sales grow!

Nearly all of the shrubs in the Proven Winners ColorChoice line are suitable for the Decked Out program, but it's an especially great way for consumers to enjoy non-hardy varieties in areas where they can't be grown, like:

- Sicilian Sunshine® Laurus** (p. 71)
- Austin Pretty™ Limits Nerium** (p. 74)
- Peppy Le Pom™ Punica** (p. 77)
- Chicklet™ Tecoma** (p. 88)

As well as colorful, long-blooming favorites like:

- Pugster® Buddleia** (p. 29)
- Perfecto Mundo® Azalea** (p. 22)
- At Last® Rose** (p. 79)

Ask your account manager for our Decked Out flyer, or view it in the resource center at SpringMeadowNursery.com.

PROVEN WINNERS COLORCHOICE TREES

Proven Winners ColorChoice Ornamental Trees are in demand! Selected for their immediate appeal to homeowners, they make the ideal addition to your program, and are a natural fit if you're already selling tree-form hibiscus or hydrangeas. Spring Meadow has partnered with nursery industry veteran Maria Zampini of UpShoot to offer nine outstanding selections, with a bevy of exciting new genetics in testing and production still to come:

- 1 **Spring Glory®** serviceberry (*Amelanchier canadensis* 'Sprizam')
- 2 **Avalanche®** birch (*Betula* x 'Avalzam')
- 3 **Golden Shadows®** pagoda dogwood (*Cornus alternifolia* 'Wstackman')
- 4 **Crusader®** hawthorn (*Crataegus crus-galli* var. *inermis* 'Cruzam')
- 5 **Lollipop®** crabapple (*Malus* 'Lollizam')
- 6 **Show Time™** crabapple (*Malus* 'Shotizam')
- 7 **Sweet Sugar Tyme®** crabapple (*Malus* 'Swesutyzam')
- 8 **Pink Snow Showers™** weeping cherry (*Prunus* x 'Pisnshzam')
- 9 **Weeping Extraordinaire™** weeping cherry (*Prunus* x 'Extrazam')

FULL SPEED A HEDGE® 'American Pillar' arborvitae

For years, 'American Pillar' arborvitae (p. 89) was the most-visited page on the Spring Meadow website - and the plant that our sales team fielded the most calls from consumers about. Turns out, there are lots of homeowners who are looking for a fast-growing, space-saving arborvitae, and they were finding it on our website, but not, unfortunately, where they could purchase it.

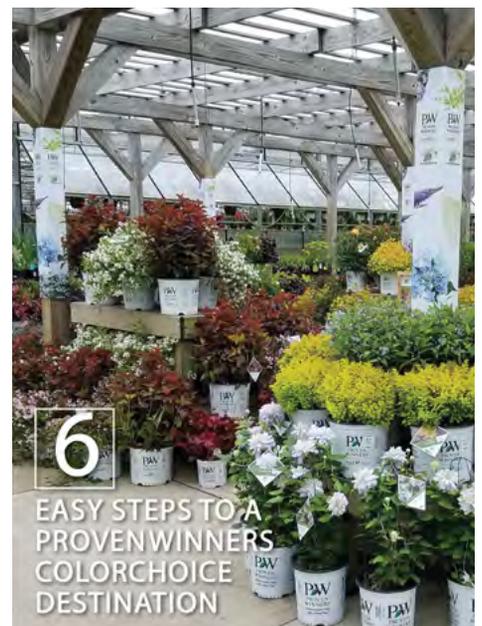

To help you capitalize on the continued growing interest in this plant, we've spiffed it up with a nifty new name that captures its rapid growth rate and dense coverage, and introduced a hefty new two-quart size that's retail-ready or the perfect robust start on a field or container crop. We've also developed some marketing support materials: a two-quart logo pot, distinctive stick tag, a website, and even videos, to help you tell - and sell - the story of this useful native evergreen.

PROVEN WINNERS COLORCHOICE SHRUBS DESTINATIONS

Garden centers that sell a wide variety of Proven Winners ColorChoice Shrubs - or plan to - can create a boutique shopping experience with our destination program. Here's how it works: the sales person and garden center collaborate on the product selection, and work with our designer to create customized POP for the space. Garden centers who have created a destination have reported increases of 20% on their Proven Winners shrub sales!

Get familiar with the process in our booklet, available from your account manager or on the Spring Meadow website, or contact your account manager to get started. Winter is the ideal time to begin the process, so you can have all of the POP ready and plants in place when the first forsythia starts to bloom.

NEW PLANTS

Meet the newest Proven Winners ColorChoice Shrubs.

This year's new introductions represent a diverse group of colorful, unique shrub selections. They include a little something for everyone – landscapers, homeowners, plant geeks, and of course, growers and retailers looking to increase their profits and set themselves apart from the competition.

All of our liners, including those for new varieties, are sold on a first come, first served basis, so contact your account manager right away to secure your share.

Also new for 2021

are four new game-changing *Hydrangea paniculata* – learn more on page 58.

Abelia - Abelia

Family: Caprifoliaceae (Ab-elia: after Dr. Clark Abel, 1780-1826, physician and author on China)

1 FUNSHINE® (A. x grandiflora 'Minacara1' pp#30,430)

The brightest abelia! With its vivid lime-green, gold, and orange foliage, Funshine abelia shines out in the landscape and on the bench at retail. Summer brings waves of fragrant lavender flowers, but it's the foliage and its effect that makes this abelia from Pépinières Minier in demand.

USDA 6-9, 2-3', gr 1, summer bloom      

Item #: 00412 - 2 1/4" • 00414 - 4" • 00415 - Quick Turn

2 RUBY ANNIVERSARY® (A. chinensis 'Keiser' pp#21,632)

Hardy and fragrant! This colorful, long-blooming selection has ruby-red new growth and bracts. Developed by Susan Keiser of Ossining, NY.

USDA 5-9, 4-6', gr 1, summer bloom      

Item #: 00122 - 2 1/4" • 00124 - 4" • 00125 - Quick Turn

3 SUNNY ANNIVERSARY® (A. x g. 'Minduo1' pp#24,445, cbr#5236)

Fragrant yellow blooms with pink throats and orange freckles make this abelia from Pépinières Minier thoroughly original. Long mid-summer through autumn bloom period.

USDA 6-9, 3-4', gr 1, summer bloom      

Item #: 00322 - 2 1/4" • 00324 - 4" • 00325 - Quick Turn

4 SWEET EMOTION® (A. mosanensis 'SMNAMDS' pp#27,370, cbr#5937)

Very hardy and very fragrant, this spring-blooming abelia is anything but conventional. Easy to ship in bloom for prime retail sales season, and one whiff of the jasmine-scented white and pink flowers is enough to entice any shopper! Glossy foliage turns orange-red in autumn.

USDA 4-8, 5-6', gr 1, spring bloom      

Item #: 00572 - 2 1/4" • 00574 - 4" • 00575 - Quick Turn

Aronia - Chokeberry

Family: Rosaceae (Aro-nia: modified from Aria, a species of Sorbus)

'Brilliantissima' (A. arbutifolia)

White spring flowers, glossy red berries, shiny foliage, and brilliant fall color make this versatile, adaptable plant a favorite of landscapers. Excellent fruit production, no pollinator required. Native. Awards: GMPA.

USDA 4-9, 6-8", gr 1, spring bloom    

Item #: 02522 - 2 1/4" • 02524 - 4"

5 GROUND HUG™ (A. melanocarpa 'UCONNAM012' pp#31,821, cbr#)

Hard-working ground cover! This dwarf aronia grows as a thick, dense mat, minimizing weeding and mulching. Glossy foliage, white spring flowers, dark purple berries in summer, and autumn foliage hues of orange-red make this native plant as showy as it is adaptable. Ideal for difficult commercial spaces, like parking lots and slopes. Developed by Dr. Mark Brand at University of Connecticut. Native.

USDA 3-9, 8-14" tall and 3' wide, gr 1, spring bloom   

Item #: 02842 - 2 1/4" • 02844 - 4" • 02845 - Quick Turn

5

6

7

6 LOW SCAPE HEDGER® (A. m. 'UCONNAM166' pp#28,831, cbraf)

Form follows function with this compact, narrow aronia selection, making it the perfect, carefree plant for narrow hedges, screening, or mass plantings. Requires less care and maintenance than 'Viking.' Glossy, dark green foliage turns bright red in autumn. Developed by Drs. Mark Brand and Bryan Connolly of the University of Connecticut. Native.

USDA 3-9, 3-5' tall and 2-3' wide, gr 1, spring bloom ☀️ ☁️ 🌸

Item #: 02832 - 2 1/4" • 02834 - 4" • 02835 - Quick Turn

7 LOW SCAPE MOUND® (A. m. 'UCONNAM165' pp#28,789, cbraf)

Cute as a button yet tough as nails, this remarkable dwarf aronia may be the closest yet to the ideal landscape plant. Perfectly suited to mass planting as ground cover or bank stabilization. Adaptable to wet or dry soils, with deep green glossy foliage, loads of white spring flowers, purple-black fruit in summer, and intense red-orange autumn color. Developed by Dr. Mark Brand of the University of Connecticut. Native.

USDA 3-9, 1-2' tall and 2' wide, gr 1, spring bloom ☀️ ☁️ 🌸

Item #: 02822 - 2 1/4" • 02824 - 4" • 02825 - Quick Turn

'Viking' (A. m.)

Attractive glossy leaves with superb red autumn color make tree-like 'Viking' a winner for commercial and residential landscapes. Showy floral display begins early in spring. Large, attractive black fruits persist through winter and are reportedly high in vitamins. Developed in Europe as an orchard plant. Native.

USDA 3-9, 3-6', gr 1, spring bloom ☀️ ☁️ 🌸

Item #: 02852 - 2 1/4" • 02854 - 4"

Aucuba japonica - Japanese aucuba

Family: Garryaceae (Au-cu-ba: Latinized version of aokiba, the Japanese word for the plant)

'Picturata'

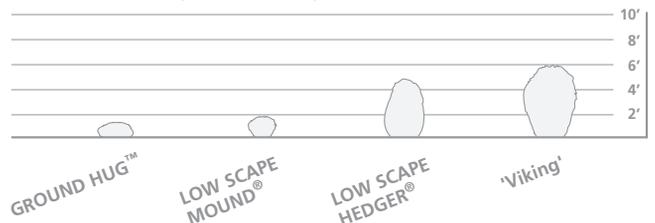

A lush and colorful evergreen for shade. Thick, glossy leaves sport a showy central yellow splotch, and green margins are peppered with yellow dots. The deep purple maroon flowers bear red fruit if a male variety is present. Surprisingly hardy; can also be grown indoors.

USDA 7(6b)-10, 4-6', gr 1, spring bloom ☀️ ☁️ 🌸 ♂ ♀

Item #: 02894 - 4"

Aronia melanocarpa Habit Comparison

PERFECTO MUNDO® Azaleas Series

Meet the newly expanded Perfecto Mundo azalea series. More than just rebloomers, these truly innovative varieties deliver the superlative spring bloom people expect from azaleas, as well as the fall bloom that more conventional rebloomers provide. Double flowers and good hardiness and heat tolerance sweeten the deal.

Dr. Tom Ranney at NCSU provided the vision, brains, and technical know-how to develop the Perfecto Mundo series at his renown Mountain Horticultural Crops Research and Extension Center, and the R&D team here at Spring Meadow undertook our largest, most intensive, most comprehensive evaluation to date to make sure Perfecto Mundo azaleas out-bloom and out-perform in this admittedly saturated marketplace. We have collected an extensive data set of bloom weeks, flower size and shade, bloom coverage, and visual appeal to create an objective measuring tool that helps us select only the best for introduction. Grow them yourself and see the difference!

Azalea - Azalea

Family: Ericaceae (Rhododendron: From the Greek words for rose, rhodo, and tree, dendron)

1 PERFECTO MUNDO® Double Dark Pink

(*Rhododendron*. x 'NCRX7' ppaf, cbraf)

Super-saturated deep pink flowers cover this plant in almost rhododendron-like clusters. Extremely long bloom period in both fall and spring!

USDA 6b-9, 2.5-3' tall + 3-4' wide, gr 1

spring, late summer/fall rebloom   

Item #: 65142 - 2 1/4" • 65144 - 4" • 65145 - Quick Turn

2 PERFECTO MUNDO® Double Pink (R. x 'NCRX3' ppaf, cbraf)

This was the first intro into the series and remains a favorite, thanks to its delicate color, glossy foliage, and outstanding bloom coverage.

USDA 6b-9, 2-3' tall + 3-4' wide, gr 1

spring, late summer, fall rebloom   

Item #: 62252 - 2 1/4" • 62254 - 4" • 62255 - Quick Turn

3 PERFECTO MUNDO® Double Purple (R. 'NCRX4' ppaf, cbraf)

Double flowers mean double the sales! Practically irresistible at retail, the long spring and autumn bloom periods on this beauty make it easy to produce and sell.

USDA 6b-9, 2.5-3' tall + 3-4' wide, gr 1

spring, late summer, fall rebloom   

Item #: 62122 - 2 1/4" • 62124 - 4" • 62125 - Quick Turn

4 PERFECTO MUNDO® Double White (R. x 'NCRX5' ppaf, cbraf)

Enjoy timeless sophistication with modern-day performance in this double white azalea. Each bloom boasts a little wink of spring-green color in the center.

USDA 6b-9, 2.5-3' tall + 3-4' wide, gr 1

spring, late summer, fall rebloom   

Item #: 63672 - 2 1/4" • 63674 - 4" • 63675 - Quick Turn

5 PERFECTO MUNDO® Orange (R. x 'NCRX6' ppaf, cbraf)

Blazing color and outstanding bloom period and coverage will get you and your team fired up.

USDA 6b-9, 2.5' tall + 3-4' wide, gr 1

spring, late summer, fall rebloom   

Item #: 64662 - 2 1/4" • 64664 - 4" • 64665 - Quick Turn

6 PERFECTO MUNDO® Red (R. x 'NCRX8' ppaf, cbraf)

Red azaleas are always perennially popular, and this first red in the Perfecto Mundo series will satisfy your market's demand for great-looking heavy bloomers.

USDA 6b-9, 2.5' tall + 3-4' wide, gr 1

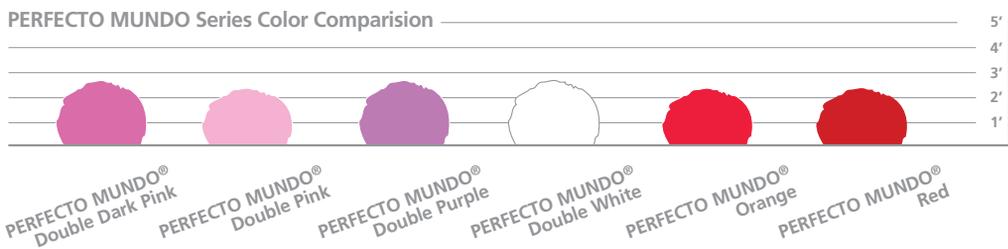

spring, late summer, fall rebloom   

Item #: 65522 - 2 1/4" • 65524 - 4" • 65525 - Quick Turn

Azalea continued

BLOOM-A-THON® Series

Reblooming azaleas delight gardeners (and garden centers)! These evergreen azaleas were developed by breeder Bob Head, and do best in part sun to dappled shade.

1 BLOOM-A-THON® Hot Pink (R. 'RLH1-11P1' pp#27,900)

Vivid pink flowers with freckled throats. Blooms are semi-double, with a frill of extra petals in the center.

USDA 7-9, 3.5-4.5', gr 1, spring; rebloomer ☀️ 🌸

Item #: 61022 - 2 ¼" • 61024 - 4" • 61025 - Quick Turn

2 BLOOM-A-THON® Lavender (R. 'RLH1-4P19' pp#21,476)

Large, ruffled bright lavender flowers are sprinkled with deeper rose freckles through the throat.

USDA 7-9, 3.5-4.5', gr 1, spring; rebloomer ☀️ 🌸

Item #: 61072 - 2 ¼" • 61074 - 4" • 61075 - Quick Turn

3 BLOOM-A-THON® Pink Double (R. 'RLH1-2P8' pp#21,477)

Bright pink doubled flowers are very showy. This cultivar sets buds and continues flowering at lower temperatures than the rest of the series.

USDA 7-9, 3.5-4.5', gr 1, spring; rebloomer ☀️ 🌸

Item #: 61032 - 2 ¼" • 61034 - 4" • 61035 - Quick Turn

4 BLOOM-A-THON® Red (R. 'RLH1-1P2' pp#21,562)

Bright crimson-red flowers pop against the dark green foliage.

USDA 7, AHS 9, 3-4', gr 1, spring; rebloomer ☀️ 🌸

Item #: 61012 - 2 ¼" • 61014 - 4" • 61015 - Quick Turn

5 BLOOM-A-THON® WHITE (R. 'RLH1-3P3' pp#21,512)

Large, single white flowers are attractively sprinkled with green freckles on the upper petals.

USDA 7, AHS 9, 2.5-3', gr 1, spring; rebloomer ☀️ 🌸

Item #: 61052 - 2 ¼" • 61054 - 4" • 61055 - Quick Turn

6 BOLLYWOOD® (R. 'Farrow' pp#22,209)

Neon red-pink flowers engulf this compact semi-evergreen azalea in spring. Showy silver and dark green variegated foliage supplies color the rest of the year. Developed by Mike Farrow of Holly Hill Nursery in Maryland.

USDA 6, AHS 9, 2-3', gr 1, spring bloom ☀️ 🌸

Item #: 62422 - 2 ¼" • 62424 - 4" • 62425 - Quick Turn

Every barberry we offer is certified wheat-rust free.

Berberis • Barberry

Family: Berberidaceae (Berber-is: Arabic name; thunberg-ii)

7 SUNJOY® Citrus (B. thunbergii 'Koren' pp#24,818)

A vastly improved version of *Berberis* 'Aurea' with a rounded, highly uniform habit that ensures appealing container presentation. This plant was evaluated for over five years in full sun to ensure its gold foliage exhibited excellent burn resistance.

USDA 4-8, 2-3', gr 1, foliage plant ☀️ 🌿

Item #: 03252 - 2 ¼" • 03254 - 4" • 03255 - Quick Turn

7

8

9

10

11

8 SUNJOY GOLD PILLAR® (B. t. 'Maria' pp#18,082)

Similar in shape to 'Helmond Pillar' but with bright golden foliage, red new growth, and stunning orange-red autumn foliage. Proven burn resistant in side-by-side tests with conventional yellow leaf barberries.

Awards: MOBOT Tried and True; AGM; Bronze Medal Plantarium.

USDA 4-8, 3-4', gr 1, foliage plant ☀️ 🚫

Item #: 03872 - 2 1/4" • 03874 - 4" • 03875 - Quick Turn

9 SUNJOY® Mini Saffron (B. t. 'Kasia' pp#24,817)

Looking for a dwarf golden mounding barberry that grows fast enough to be profitable? Here it is. Shines even in the heat of the summer, thanks to excellent burn resistance. The foliage has hints of orange in the new growth and orange-red fall color.

USDA 4-8, 1.5-2' tall and 24-30" wide, gr 1, foliage plant ☀️ 🚫

Item #: 03242 - 2 1/4" • 03244 - 4" • 03245 - Quick Turn

10 SUNJOY® Mini Salsa (B. t. 'Mimi' pp#24,841)

An improved 'Crimson Pygmy' that offers vivid, dark red foliage with no threat of reversion, ensuring every crop is consistently compact and colorful.

USDA 4-8, 1.5-2' gr 1, foliage plant ☀️ 🚫

Item #: 03342 - 2 1/4" • 03344 - 4" • 03345 - Quick Turn

11 SUNJOY NEO™ (B. t. 'NCBT2' ppat)

This barberry will make you – and your customers – say "WOW!" Stunningly vivid orange foliage from early spring through fall must be seen in person to be believed. Developed by Dr. Tom Ranney, NCSU.

USDA 6(5b)-8, 2.5', gr 1, foliage plant ☀️ 🚫

Item #: 03572 - 2 1/4" • 03574 - 4" • 03575 - Quick Turn

12

12 SUNJOY SEQUINS® (B. t. 'Arlene' pp#31,117)

Green, cream, and pink variegated foliage is some of the best we've seen on any plant. This flashy selection does not revert and has never shown any leaf burn. Compact, mounded, wider-than-tall habit. Blush hues develop as summer progresses, turning the plant to a patchwork of pink by autumn.

USDA 4-8, 3-4' tall and wide, gr 1, foliage plant ☀️ 🌧️ 🚫

Item #: 03002 - 2 1/4" • 03004 - 4" • 03005 - Quick Turn

1

2

3

4

Berberis continued

1 SUNJOY® Tangelo (*B. t.* 'O'Byrne' pp#26,546)

Bright and cheery, Sunjoy Tangelo barberry has vivid orange foliage that develops a distinctive chartreuse margin. More vigorous than similar such barberries, it shines from spring to fall.

USDA 4-8, 3-4', gr 1, foliage plant ☀️ 🌧️ 🚫

Item #: 03862 - 2 1/4" • 03864 - 4" • 03865 - Quick Turn

Sterile Varieties

3 SUNJOY MINI MAROON® (*B. t.* 'NCBT1' pp#30,330, cbraf)

This truly innovative barberry is colorful, sterile, and rust resistant. The habit is dwarf and low-mounded like 'Concorde', with dark burgundy-purple foliage that is often develops an attractive green margin. Multiple years of university testing has shown 0-1.2% seed viability.

USDA 4-8, 2-3', gr 1, foliage plant ☀️ 🌧️ 🚫

Item #: 03602 - 2 1/4" • 03604 - 4" • 03605 - Quick Turn

2 SUNJOY TODO® (*B. x* 'NCBX1' pp#29,504, cbraf)

There's lots to love about this sterile, disease-resistant barberry: super glossy, semi-evergreen foliage with deep purple color combined with a tidy, semi-dwarf, mounded habit. Very showy bright yellow-orange flowers give way to berries, but university testing has shown that this wide, complex hybrid produces no seed.

USDA 6, AHS 8, 1.5-2', gr 1, foliage plant ☀️ 🌧️ 🚫

Item #: 03612 - 2 1/4" • 03614 - 4" • 03615 - Quick Turn

'Crimson Pygmy' (*syn. atropurpurea* 'Nana')

Our liners come from verified field stock plants of true-to-name, dwarf, dense 'Crimson Pygmy'. Awards: AGM.

USDA 4-8, 1.5-2', gr 1.5, foliage plant ☀️ 🌧️ 🚫

Item #: 03682 - 2 1/4" • 03684 - 4"

'Rose Glow'

Colorful rose-pink mottled foliage matures to a deep purple, then turns hot pink/purple in fall. Import permit required for Canadian shipments. Awards: AGM.

USDA 4, AHS 8, 4-5', gr 1, foliage plant ☀️ 🌧️ 🚫

Item #: 03962 - 2 1/4" • 03964 - 4"

***Betula x plettkei* - Birch**

Family: Betulaceae (Bet-ula: from the Latin word for pitch or tar)

4 CESKY GOLD® (*B. x p.* 'Golden Treasure' cbr#5637)

A shrubby dwarf birch with neat little leaves that emerge orange-red and mature to yellow. Let its natural multi-stemmed habit shine, or shape, shear, or train into a low hedge or a miniature patio tree. Exceptionally hardy. Awards: Green is Life Silver Medal in Poland. Developed by Michal Andrusiv from the Czech Republic.

USDA 2-7, 2-4', gr 1, foliage plant ☀️ 🌧️ 🚫

Item #: 04442 - 2 1/4" • 04444 - 4" • 04445 - Quick Turn

8

9

Buddleia • Butterfly Bush

Family: Scrophulariaceae (Buddleia: after Adam Buddle, English botanist)

LO & BEHOLD® Series

The original non-invasive dwarf buddleia! Growers can typically finish these and ship in-bloom plants 10-12 weeks after potting liners.

5 LO & BEHOLD® 'Blue Chip' (B. 'Blue Chip' pp#19,991, cbr#3602)

One of the highest-rated cultivars in the RHS All European Buddleia Trial, 'Blue Chip' has become a go-to plant for retailers and landscapers. Developed by Dr. Dennis Werner of NCSU. Awards: Gold Medal best new plant at Salon du Vegetal; Top Buddleia RHS at Wisley Gardens; Gold Medal Plantarium 2009.*

USDA 5-9, 2-2.5', gr 0.5, summer rebloomer 🌞🦋🐝👉🚫🌱

Item #: 07092 - 2 1/4" • 07094 - 4" • 07095 - Quick Turn

6 LO & BEHOLD® 'Blue Chip Jr.' (B. 'Blue Chip Jr.' pp#26,581, cbr#5620)

Smaller, less brittle, and much earlier blooming than the original 'Blue Chip', with larger, bluer, more upright flowers and distinctive silvery foliage to boot. Great for mass plantings, containers, or mixed into perennial gardens. Developed by Dr. Dennis Werner of NCSU. Award: Silver Medal Plantarium 2015.*

USDA 5-9, 1.5-2.5', gr 0.5, summer rebloomer 🌞🦋🐝👉🚫🌱

Item #: 04632 - 2 1/4" • 04634 - 4" • 04635 - Quick Turn

7 LO & BEHOLD® 'Pink Micro Chip'

(B. 'Pink Micro Chip' pp#26,547, cbr#5621)

Developed by Dr. Dennis Werner of NCSU, this dwarf pink cultivar combines the garden-friendliness of perennials with buddleia's summer-long bloom.*

USDA 5-9, 1.5-2', gr 0.5, summer rebloomer 🌞🦋🐝👉🚫🌱

Item #: 05872 - 2 1/4" • 05874 - 4" • 05875 - Quick Turn

8 LO & BEHOLD® 'Purple Haze' (B. 'Purple Haze' pp#24,514, cbr#4447)

Though it shares the dwarf habit, long blooming, and non-invasive nature of other members of the series, this plant has distinctive horizontal branching and big, pendulous blooms that point downward for a lush look. Developed by Dr. Dennis Werner of NCSU. Award: Silver Medal at Groot Groen 2013.*

USDA 5-9, 2-3' tall and 3' wide, gr 0.5

summer rebloomer 🌞🦋🐝👉🚫🌱

Item #: 04554 - 4" • 04555 - Quick Turn

9 LO & BEHOLD RUBY CHIP® (B. 'SMNBDD' ppaf, cbr#af)

For years, everyone has been asking for a buddleia with the habit of the Lo & Behold® series and the flower color of 'Miss Ruby'. Through the magic of plant breeding, it's finally here. Lo & Behold® 'Ruby Chip' is larger than 'Pink Micro Chip', with bigger, more richly colored flowers. Developed by Megan Mathey of Spring Meadow.

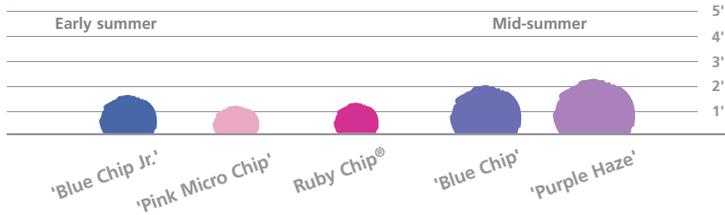

USDA 5-9, 2.5', gr 0.5, summer rebloomer 🌞🦋🐝👉🚫🌱

Item #: 05002 - 2 1/4" • 05004 - 4" • 05005 - Quick Turn

"Miss" Series

Another feather in the cap of NCSU's Dr. Dennis Werner. This award-winning buddleia series is characterized by bright, saturated color, useful medium size (half that of conventional buddleia), and a graceful, garden-friendly habit.

1 'Miss Molly' (B. pp#23,425, cbr#4446)

Easy to love! The deep red-pink of 'Miss Molly' is without peer, and may be even more pronounced in the South.*

USDA 5-9, 4-5', gr 0.5, summer bloom      

Item #: 04532 - 2 1/4" • 04534 - 4" • 04535 - Quick Turn

2 'Miss Pearl' (B. pp#28,553, cbr#f)

'Miss Pearl' pairs the same compact, well-branched habit and strong flowering as its sisters with elegant, pure white flowers.*

USDA 5-9, 4-5', gr 0.5, summer bloom      

Item #: 06722 - 2 1/4" • 06724 - 4" • 06725 - Quick Turn

3 'Miss Ruby' (B. pp#19,950, cbr#3603)

'Miss Ruby' is a sweetheart of a plant noted for its compact habit and remarkable red-pink blooms. Award: RHS Award of Garden Merit.*

USDA 5-9, 4-5', gr 0.5, summer bloom      

Item #: 07042 - 2 1/4" • 07044 - 4" • 07045 - Quick Turn

4 'Miss Violet' (B. pp#28,448, cbr#5950)

'Miss Violet' shares the commendable qualities of the three "Miss" buddleia, but offers loads of irresistible bright purple-violet flowers. Award: DGA Green Thumb, 2016.*

USDA 5-9, 4-5', gr 0.5, summer bloom      

Item #: 05842 - 2 1/4" • 05844 - 4" • 05845 - Quick Turn

PUGSTER® Series

A whole new look for butterfly bush! Pugster® buddleia are the first to combine dwarf habit with very large, highly fragrant blooms. Thick, sturdy stems increase hardiness, making this series better suited to areas where other buddleia experience winter dieback. Easy and profitable in production, Pugster buddleia require minimal inputs, yet quickly develop into saleable, in-bloom plants.

NEW

5 PUGSTER PINKER™ (B. 'SMNBDB' ppaf, cbraf)

The Pugster butterfly bush breeding keeps on getting better and better, so this selection, with deeper, richer pink flower color, replaces the older variety.

USDA 5-9, 2' tall and 2-2.5' wide, gr 0.5

summer bloom

Item #: 04714 - 4" • 04715 - Quick Turn

6 PUGSTER® Amethyst (B. 'SMNBDL' pp#30,236, cbraf)

Fantastic clear purple color and very densely-set florets give this cultivar serious appeal.

USDA 5-9, 2', gr 0.5, summer rebloomer

Item #: 06474 - 4" • 06475 - Quick Turn

7 PUGSTER BLUE® (B. 'SMNBDBT' pp#28,794, cbraf)

Finally, a better blue! Enticing dark violet-blue flower heads and a short, sturdy habit. Awards: 2018 Gold Medal Plantarium; 2018 Plantarium Best in Show. 2021 Flowering Shrub of the Year.

USDA 5-9, 2', gr 0.5, summer rebloomer

Item #: 06944 - 4" • 06945 - Quick Turn

Buxus - Boxwood

Family: Buxaceae (Bux-us: ancient Latin name for the plant)

CHICAGOLAND GREEN® (B. x 'Glencoe')

Chicagoland Green® boxwood is the faster-growing sister to 'Green Velvet', with a compact spreading habit and excellent hardiness.

USDA 4-9, 2-3', gr 1.5, evergreen ☀️ 🌑 🚫

Item #: 07752 - 2 1/4" • 07754 - 4"

'Graham Blandy' (B. sempervirens)

This cultivar was named to honor Graham F. Blandy, who in 1926 bequeathed more than 700 acres of his property to the University of Virginia to establish Blandy Experimental Farm. Selected at the farm in 1949, it naturally grows with a dense columnar form that's ideal for formal landscapes and hedging.

USDA 5-9, 6-9', gr 2, evergreen ☀️ 🌑 🚫

Item #: 07682 - 2 1/4" • 07684 - 4"

'Green Beauty' (B. microphylla var. japonica)

An excellent boxwood with durable dark green foliage that takes on bronze tones in cold weather. Superior heat and drought tolerance, plus good resistance to boxwood blight.

USDA 6-9, 4-6', gr 2, evergreen ☀️ 🌑 🚫

Item #: 07532 - 2 1/4" • 07534 - 4"

'Green Gem'

A compact boxwood with outstanding hardiness and good winter color. Seldom needs pruning. A superior selection from Sheridan Nurseries of Canada.

USDA 5-9, 3-4', gr 1.5, evergreen ☀️ 🌑 🚫

Item #: 07762 - 2 1/4" • 07764 - 4"

'Green Mountain'

Extremely hardy hybrid cultivar with an upright form. Introduced by Sheridan Nurseries. USDA 5-9, 4-5', gr 1.5, evergreen ☀️ 🌑 🚫

Item #: 07802 - 2 1/4" • 07804 - 4"

'Green Velvet'

A compact, rounded plant with outstanding hardiness and dark glossy leaves. A superior selection from Sheridan Nurseries. Awards: GCA, MOBOT Plant of Merit. USDA 5-8, 2-3', gr 1.5, evergreen ☀️ 🌑 🚫

Item #: 07852 - 2 1/4" • 07854 - 4"

1 NORTH STAR® (B. s. 'Katerberg' pp#15,998)

This hardy, dense globe requires little if any pruning to form a low, dense hedge. Shiny dark leaves maintain good winter color. Testing at NCSU has put this variety at the top of the list for boxwood blight resistance. Developed by Gary Katerberg of Evergreen Nursery in Michigan.

USDA 5-9, 2-2.5', gr 1.5, evergreen ☀️ 🌑 🚫

Item #: 07722 - 2 1/4" • 07724 - 4" • 07725 - Quick Turn

2 SPRINTER® (B. m. 'Bulthouse' pp#25,896, cbr#5282)

An excellent production plant that finishes twice as fast as conventional boxwood. Its glossy evergreen foliage is attractive year-round. The upright habit and superior hardiness make it ideal for hedging.

USDA 5-9, 2-4', gr 1, evergreen ☀️ 🌑 🚫

Item #: 07442 - 2 1/4" • 07444 - 4" • 07445 - Quick Turn

'Winter Gem' (B. sinica var. insularis)

A popular evergreen for small hedges. This very hardy cultivar takes on a bronze hue in winter, becoming green again in spring. It shows good resistance to boxwood blight. USDA 5b-9, 2-3', gr 1.5, evergreen ☀️ 🌑 🚫

Item #: 07622 - 2 1/4" • 07624 - 4"

Callicarpa - Beautyberry

Family: Verbenaceae (Calli-carpa: Greek for beautiful fruit)

'Early Amethyst' (C. dichotoma)

Bright purple berries appear earlier than other varieties, ideally timed for autumn garden center shoppers. Believed by some to be the same as C. 'Issai'. MOBOT Plant of Merit.

USDA 5-8, 3-4', gr 0.5, summer bloom, fall berries 🌞 ✂️ 🚫 🌸

Item #: 08152 - 2 1/4" • 08154 - 4"

3 PEARL GLAM® (C. x 'NCCX2' pp#28,312)

More than just berries: this hybrid boasts handsome deep purple foliage for interest from spring-fall. White flower clusters in summer develop into large purple-violet berries. Vigorous, upright habit looks neat in a container and the garden. Developed by Dr. Tom Ranney of NCSU.

USDA 5-8, 4-5', gr 0.5, summer bloom, fall berries 🌞 ✂️ 🚫 🌸

Item #: 08162 - 2 1/4" • 08164 - 4" • 08165 - Quick Turn

Calycanthus - Sweetshrub

Family: Calycanthaceae (Calyc-anthus: Greek for calyx and flower)

NEW

4 SIMPLY SCENTSATIONAL® (C. floridus 'SMNCAF' ppaf, cbraf)

Smelling this plant is simply addictive! Dark red flowers are deliciously fragrant, with notes of melon, banana, strawberry, and Juicyfruit gum. It took about 18 years of sniffing thousands of blooms to develop this plant, but it was worth the effort. Serves as the best natural car freshener – it's even fragrant when it's wilted! Native.

USDA 4-9, 6' tall and 4-5' wide, gr 1
spring - summer bloom 🌞 🌧️ 🚫 ✂️ 🌸

Item #: 08262 - 2 1/4" • 08264 - 4" • 08265 - Quick Turn

5 'Aphrodite' (C. x pp#24,014)

Think of 'Aphrodite' as a shrubby, summer-blooming, red-flowered magnolia and you'll understand its potential and appeal. The flowers of this very long-blooming hybrid are fragrant and very large, appearing for months against handsome glossy foliage. Developed by Dr. Tom Ranney of NCSU.

USDA 5b-9, 5-10', gr 0.5, summer bloom 🌞 🌧️ 🚫 ✂️ 🌸

Item #: 08364 - 4" • 08365 - Quick Turn

'Venus' (C. x raulstonii pp#15,925)

Large, white magnolia-like flowers in early summer produce a powerful fragrance of strawberries, melons, and spices. Dr. Tom Ranney of NCSU is the genius behind this complex hybrid between both North American natives and xSinocalycanthus.

USDA 5b-9, 5-6', gr 0.5, summer bloom 🌞 🌧️ ✂️ 🌸

Item #: 08372 - 2 1/4" • 08374 - 4"

2 SUNSHINE BLUE® II (*C. incana* 'SMNCVH' pp#28,093)

An improved yellow leaved caryopteris that has proven to be the most adaptable and hardiest yet in our trials. Attractive yellow to lime green foliage holds in hot weather, contrasting with vivid blue flowers in late summer.

USDA 5-9, 3', gr 0.5, summer bloom

Item #: 08552 - 2 1/4" • 08554 - 4" • 08555 - Quick Turn

Cephalanthus occidentalis - Buttonbush

Family: Rubiaceae (Cephal-anthus: Greek for head and flower, or flowers in heads)

3 SUGAR SHACK® (*C. occidentalis* 'SMCOSS' pp#26,543, cbr#5124)

About half the size of conventional buttonbush varieties, this selection is ideal for landscaping and native plant gardens. It boasts glossy red-tinged foliage and fragrant globe-shaped flowers that develop into persistent red fruits. Native.

USDA 4-10, 4-5', gr 1, summer bloom

Item #: 09292 - 2 1/4" • 09294 - 4" • 09295 - Quick Turn

Cephalotaxus harringtonii - Plum Yew

Family: (Cephalo-taxus: Headed-yew, referring to spore-bearing clusters)

'Duke Gardens'

Discovered as a horizontally spreading sport of 'Fastigiata' in 1959 at Sarah P. Duke Gardens in Durham, NC. Dense, dark foliage makes a striking and reliable foundation shrub. Female selection; will bear fruit if a male is planted in the vicinity. Award: GMPA.

USDA 6(5)-10, 2-3', gr 2, evergreen

Item #: 09103 - Two Quart

'Fastigiata'

Heat tolerance and deer resistance suggest the use of this attractive columnar selection over *Taxus* 'Hicksii'. The soft, narrow foliage spirals around the stem, imbuing a unique textural quality.

USDA 6(5)-9, 8-10', gr 2, evergreen

Item #: 09153 - Two Quart

'Fritz Huber'

This elegant, prostrate selection of Japanese plum yew is deer resistant, shade tolerant, and reportedly sun tolerant as far south as Houston, Texas. In our West Michigan trial fields, it has proven to be an attractive, hardy evergreen that holds color through winter.

USDA 6(5)-10, 2-3', gr 2, evergreen

Item #: 09183 - Two Quart

Chaenomeles - Quince

Family: Rosaceae (Chaeno-meles: Greek compound, split apple, for the fruit was thought to split)

DOUBLE TAKE™ Thornless Quince

Double Take™ quince are anything but conventional, starting with their spectacular spring display of big, double, camellia-like flowers. Stems are completely thornless! These heat and drought tolerant plants produce few to no fruits. Developed by Dr. Thomas Ranney and his team at the Mountain Horticultural Crops Research & Extension Center in Asheville, NC.

4 DOUBLE TAKE ORANGE™ (C. speciosa 'Orange Storm' pp#20,950)

Vivid orange blooms burst open in early spring, with some rebloom in late summer.

USDA 5-9, 4-5', gr 1, spring bloom    

Item #: 10202 - 2 1/4" • 10204 - 4" • 10205 - Quick Turn

5 DOUBLE TAKE PEACH™ (C. s. 'NCCS4' pp#30,231)

Double Take Peach™ quince adds a new color to this series of exceptionally long-blooming ornamentals. It has the same thornless stems and large camellia-like blooms you've come to love, but in a delicate coral color.

USDA 5-9, 4-5', gr 1, spring bloom    

Item #: 09652 - 2 1/4" • 09654 - 4" • 09655 - Quick Turn

6 DOUBLE TAKE PINK™ (C. s. 'Pink Storm' pp#20,920)

Perfectly timed for spring sales, deep pink flowers put on a stunning spring show. Award: Silver Florall, 2018.

USDA 5-9, 4-5', gr 1, spring bloom    

Item #: 10352 - 2 1/4" • 10354 - 4" • 10355 - Quick Turn

7 DOUBLE TAKE SCARLET™ (C. s. 'Scarlet Storm' pp#20,951)

Dramatic lipstick-red flowers create unbeatable color in spring, with sporadic rebloom in summer and fall.

Chamaecyparis - False Cypress

Family: Cupressaceae (Chamae-cyparis: Greek for dwarf cypress)

'Crippsii' (*C. obtusa*)

Golden fern-leaf false cypress, also known as golden Hinoki cypress, is a garden classic for its color and texture. A favorite of landscapers and designers.

Award: AGM.

USDA 4-8, 8-12', gr 2, evergreen ☀️ ☁️ 🚫

Item #: 10602 - 2 1/4" • 10604 - 4"

'Gold Mop' (syn. *C. pisifera* 'Mops', 'Filifera Golden Mop', 'Golden Mops')

Yellow, thread-like foliage give this old favorite color and texture. The golden yellow color persists if sited in full sun, unlike many other "golden" cultivars which fade to yellow-green by mid-summer.

USDA 4-8, 5-6', gr 1.5, evergreen ☀️ ☁️ 🚫

1 HAYWIRE™ (*C. l.* 'SMNCLUTL' ppa, cbra)

A new and unique seedling selection of *Chamaecyparis lawsoniana* 'Sullivan' that's just as healthy and hardy, but boasts threadleaf foliage for a nifty textural effect.

USDA 5b-7, 12-18' tall, gr 1, evergreen ☀️ ☁️ 🚫

Item #: 12062 - 2 1/4" • 12064 - 4" • 12065 - Quick Turn

PINPOINT® Series

Thanks to their space-saving habits, irresistible feathery texture, and appealing hue, the Pinpoint series of Port Orford cedar has quickly become a consumer favorite. These West Coast native evergreens naturally grow with a narrow, columnar habit that requires no trimming or pruning to maintain. Each branchlet appears as a feather of soft, colorful scales, making it as attractive in the landscape as it is for cut green sales in winter.

2 PINPOINT® Blue (*C. lawsoniana* 'SMNCLBF' pp#30,707)

A super slender, upright selection of Lawson's false cypress. Evergreen foliage is arranged in soft, feather-like branchlets of appealing blue. It makes a striking specimen or a narrow hedge. Native.

USDA 5-7, 15-20' tall, gr 1, evergreen ☀️ ☁️ 🚫

Item #: 11824 - 4" • 11825 - Quick Turn

3 PINPOINT® Blue & Gold (*C. l.* 'SMNCLGTB' pp#30,708)

Soft, feathery blue foliage and contrasting yellow-green new growth creates a glowing effect. The soft fern-like foliage makes an elegant statement. Ideal for containers and space-saving hedges. Native.

USDA 5-7, 15-20' tall, gr 1, evergreen ☀️ ☁️ 🚫

Item #: 11855 - Quick Turn

NEW

4 PINPOINT® Gold (*C. lawsoniana* 'SMNCLMG' ppa)

Bright gold is the newest color in the Pinpoint series. Growers and gardeners will appreciate that no pruning is required to maintain the handsome habit. Perfect for a narrow privacy hedge or as a commanding specimen.

USDA 5-7, 15-20' tall, gr 1, evergreen ☀️ ☁️ 🚫

USDA 5-7, 8-10', gr 1.5, evergreen ☀️ ☁️ 🚫

Item #: 10822 - 2 1/4" • 10824 - 4"

SOFT SERVE® Series

A treat for the landscape! These durable, deer resistant evergreens naturally grow with a neat, conical shape (hence the name) and soft, feather-like branchlets. They make a nice alternative to the ubiquitous dwarf Alberta spruce, without the pest, disease, and reversion liabilities. Relatively fast to produce for an evergreen, they make an irresistible container at retail.

5 SOFT SERVE® (*C. p.* 'Dow Whiting' pp#20,883)

A compact, conical chamaecyparis with soft fern-like branchlets. Discovered by Dow Whiting of Great View Nursery in Highlandville, MO, as a sport of 'Boulevard'.

USDA 4-8, 6-10', gr 1, evergreen ☀️ ☁️ 🚫

Item #: 10952 - 2 1/4" • 10954 - 4" • 10955 - Quick Turn

6 SOFT SERVE® Gold (*C. p.* 'FARROWCGMS' pp#30,665)

All the same useful qualities of best-selling Soft Serve chamaecyparis, but with bright gold foliage. This hardy, burn resistant evergreen was selected as a sport on a select strain of 'Gold Mop' by Mike Farrow of Maryland.

USDA 4-8, 6-10' tall, gr 1, evergreen ☀️ ☁️ 🚫

Item #: 11982 - 2 1/4" • 11984 - 4" • 11985 - Quick Turn

Clematis - Clematis

Family: Ranunculaceae (Clem-atis: ancient Greek name for climbing vine)

1 'Diamond Ball' (C. pp#24,045, cbr#5158)

The cool, icy-violet flowers reach 4-5" in diameter. Semi-spherical blooms are produced prolifically on old and new wood all summer. Awards: Plantarium Press Award 2013; Gold Medal Flowers 2013, Moscow.

USDA 4-9, 5-6', gr 1, summer rebloomer ☀️ ☀️ ☀️

Item #: 15442 - 2 1/4" • 15444 - 4" • 15445 - Quick Turn

2 HAPPY JACK® Purple (C. 'Zojapur' pp#20,343)

This improved 'Jackmanii' blooms from mid-summer into fall, and is noted for its intense purple flower color and large (3-5") blooms. An easy to grow clematis from Wim Snoeijer of the Netherlands. It flowers on new wood and old wood - simply prune it back to 2' each spring.

USDA 5-9, 6-8', gr 1, summer rebloomer ☀️ ☀️ ☀️

Item #: 15432 - 2 1/4" • 15434 - 4" • 15435 - Quick Turn

3 JOLLY GOOD™ (C. 'Zojogo')

Abundant light purple flowers cover this new-wood-blooming clematis all summer long, each crowned with a white and red center. This 'Jackmanii' hybrid is a vigorous grower, yet maintains a nice compact size that is perfect for training on fences or trellises. Pruning is as simple as cutting it back to 2' each spring. Developed by Wim Snoeijer of the Netherlands.

USDA 4-9, 6-7', gr 1, summer rebloomer ☀️ ☀️ ☀️

Item #: 15412 - 2 1/4" • 15414 - 4" • 15415 - Quick Turn

4 PINK MINK® (C. 'Krakowiak' pp#24,374, cbr#5159)

Easy to grow and lots of flowers, that's the hallmark of Szczepan Marczyński's breeding. Pink Mink® clematis hits the mark head-on with an abundance of bright pink-on-pink blooms from early summer until early fall. Prune hard to 18" in early spring. Awards: Silver Medal at Plantarium, Gold Medal at Green is Life and the Silver Medal at Flowers 2011, Moscow.

USDA 4-9, 9-10' tall and 6-6.5' wide, gr 1, summer rebloomer ☀️ ☀️ ☀️

Item #: 15562 - 2 1/4" • 15564 - 4" • 15565 - Quick Turn

SPARKY® Series

The Dutch breeding team of Jan van Zoest and Wim Snoeijer have developed some of the best clematis on the market, including Happy Jack® Purple, Princess Kate, and Jolly Good™. Now, the legendary duo bring us the Sparky series with wild and crazy blooms that look more like octopi or fireworks than clematis flowers. These are spring blooming vines (Atragene group) that bloom on old wood in April-June and often on young shoots through summer. They do especially well on sheltered north and east exposures. Flowering branches work well in floral arrangements.

5 SPARKY® Blue (C. 'Zospi')

A lovely explosion of spiky, sapphire-blue flowers.

USDA 5-8, 6-8' tall and 2' wide, gr 1, spring bloom ☀️ ☀️ ☀️

Item #: 15592 - 2 1/4" • 15594 - 4" • 15595 - Quick Turn

6 SPARKY® Pink (C. 'Zocoro' pp#24,624)

A free-flowering, spring blooming clematis that resembles a ballerina's pink tutu. Already a hit in Europe, where it is sold under the name County Rose™. Slightly shorter than the other varieties in the series.

USDA 5-8, 6-8' tall and 2' wide, gr 1, spring bloom ☀️ ☀️ ☀️

Item #: 15572 - 2 1/4" • 15574 - 4" • 15575 - Quick Turn

7 SPARKY® Purple (C. 'Zoost')

An elegant, spring blooming clematis with violet-purple blooms. Sold, appropriately, as Octopus in Europe.

USDA 5-8, 6-8' tall and 2' wide, gr 1, spring bloomer ☀️ 🌧️ 🐛 🌸

Item #: 15582 - 2 1/4" • 15584 - 4" • 15585 - Quick Turn

8 STILL WATERS™ (C. 'Zostiwa' pp#20,372)

What's cooler than cool? The large, violet-blue flowers on this stunning, easy to grow clematis. Early to bloom, with long-lasting flowers from late spring to late summer. This would look great planted with a dark-leafed shrub like Black Lace® Sambucus, or grown on its own on a trellis or fence. It also makes a good cut flower. Developed by Wim Snoeijer of the Netherlands. It flowers on new and old wood, so prune it back to 2' each spring or just leave it be.

USDA 5-9, 4-7', gr 1, summer rebloomer ☀️ 🌧️ ☁️

Item #: 15422 - 2 1/4" • 15424 - 4" • 15425 - Quick Turn

9 'Sweet Summer Love' (C. pp#24,044, cbr#5303)

'Sweet Summer Love' gives you everything you want in a sweet autumn clematis: the flowers, the fragrance, the ease of growth, but with cranberry-violet blooms that start over a month earlier than conventional types. It flowers on new wood so you simply prune it back to 2' each spring. This breakthrough vine is from award-winning clematis breeder Szczepan Marczyński of Poland. Awards: Bronze Medal Plantarium 2011; Silver Medal at Flowers 2011 (Moscow, Russia).

USDA 4-9, 10+', gr 1, summer rebloomer ☀️ 🌧️ 🌸 🌸

Item #: 15452 - 2 1/4" • 15454 - 4" • 15455 - Quick Turn

10 'Viva Polonia' (C. pp#27,753, cbr#5790)

A cheerful, easy growing, large-flowered clematis with red flowers accentuated with a white inner star. Flowers are borne in abundance in June and July on old wood, and again later in the season on new wood. Prefers sunny but not overheated sites. Developed by Szczepan Marczyński of Poland. It flowers on new and old wood, so prune it back to 2-3' each spring.

USDA 4-9, 4-6', gr 1, summer rebloomer ☀️ 🌧️ 🌸

Item #: 15522 - 2 1/4" • 15524 - 4" • 15525 - Quick Turn

Clethra alnifolia - Summersweet

Family: Clethraceae (Cleth-ra: ancient Greek name for alder)

'Hummingbird'

Glossy dark green foliage and a dense, dwarf, mounded habit. Fragrant white flowers in mid-summer, with yellow fall color. Discovered at Callaway Gardens. Native. Awards: GMPA, PSC.

USDA 4-9, 2.5', gr 1, summer bloom      

Item #: 16082 - 2 1/4" • 16084 - 4"

'Ruby Spice'

A clethra breakthrough! Fragrant, deep reddish-pink flowers don't fade to white. Yellow fall color adds to its appeal. Discovered by Andy Brand of Broken Arrow Nursery. Native. Awards: Cary, GMPA.

USDA 4-9, 3-6', gr 1, summer bloom      

Item #: 16252 - 2 1/4" • 16254 - 4"

1 SUGARTINA® 'Crystalina' (C. a. 'Crystalina' pp#21,561, cbr#4160)

This dwarf clethra is an improved version of 'Hummingbird' that maintains a tight, dense shape. Glossy deep green foliage, fragrant white flowers, and yellow fall color. Developed by Dr. Thomas Ranney and his team at the Mountain Horticultural Crops Research & Extension Center in North Carolina. Native.

USDA 4-9, 2.5-3', gr 1, summer bloom      

Item #: 15662 - 2 1/4" • 15664 - 4" • 15665 - Quick Turn

2 VANILLA SPICE® (C. a. 'Caleb' pp#21,589, cbr#4167)

A standout plant with glossy, dark green leaves and extra large flowers. The fragrant flowers are roughly double the size of conventional clethra blooms. Yellow fall foliage. The most lime-tolerant of any clethra. Native. Award: MOBOT Tried and True.

USDA 4-9, 3-6', gr 1, summer bloom      

Item #: 16272 - 2 1/4" • 16274 - 4" • 16275 - Quick Turn

Coprosma repens - Mirror Bush

Family: Rubiaceae (Copr-osma: dung-smelling, from the odor of the leaves of some species. Not this one, though).

WAXWING™ Series

From Stephen Burton, one of New Zealand's top breeders, the Waxwing series represents the best of the best in mirror bush. These colorful, broadleaf evergreens offer dense, well-branched habits and high gloss foliage in a range of vivid colors (flowers are not significant). While not cold hardy, they do make excellent container plants for the patio or sunroom. Overwinter them easily inside as a colorful house plant - they are as carefree as succulents!

3 WAXWING™ Gold (C. r. 'Golden Star' pp#28,272)

A super dense broadleaf evergreen with clear gold leaves painted down the center with green. A cool cast of orange on the margins and underside comes and goes, depending upon the weather and season.

USDA 9-11, 1-2.5' tall and 3' wide, gr 1

foliage plant

Family: Cornaceae (Corn-us: Latin meaning horn, describes the toughness of the wood)

6 ARCTIC FIRE® Red (*C. stolonifera* 'Farrow' pp#18,523; syn. *C. sericea*)

This compact selection of the ever-popular 'Bailey' red twig dogwood has lovely dark red winter stems. Perfectly scaled for residential landscapes. Developed by Mike Farrow of Holly Hill Nursery. Native. Award: MOBOT Tried and True.

USDA 2-7, 3-5', gr 1.5, late spring bloom, winter interest ☀️ 🌧️ 🌿 ✂️ 🌱

Item #: 18662 - 2 1/4" • 18664 - 4" • 18665 - Quick Turn

7 ARCTIC FIRE® Yellow (*C. stolonifera* 'SMNCSBD' syn. *C. sericea*)

An improved form of yellow-twig dogwood with better branching and more compact growth. The stems turn bright yellow in the winter, creating a striking display especially when planted en masse. The white spring flowers are followed by white berries, providing nutrition to pollinators and birds. Also great as a cut for winter decor, indoors and out. Native.

USDA 2-7, 4-5' tall and 6' wide, gr 1, late spring bloom ☀️ 🌧️ 🌿 ✂️ 🌱

Item #: 18792 - 2 1/4" • 18794 - 4" • 18795 - Quick Turn

8 ARCTIC SUN® (*C. sanguinea* 'Cato' pp#19,892)

A compact version of 'Winter Flame,' developed by Andre van Nijnatten, offering all the beauty in half the size. An excellent choice for smaller landscapes. Award: MOBOT Tried and True.

USDA 4-7, 3-4', gr 1.5

late spring bloom, winter interest ☀️ 🌧️ 🌿 ✂️ 🌱

Item #: 18272 - 2 1/4" • 18274 - 4" • 18275 - Quick Turn

1

'Bailey' (*C. stolonifera*, syn. *C. sericea*)

A strong-growing, non-stoloniferous shrub with dark red stems. Native. USDA 2-8, 8-10', gr 1, late spring bloom, winter interest ☀️🌧️✂️🚫🌸
Item #: 18652 - 2 ¼" • 18654 - 4"

1 GOLDEN SHADOWS® (*C. alternifolia* 'Wstackman' pp#11,287)

A remarkable pagoda dogwood tree with robustly variegated foliage. Leaves are bright yellow, dotted with an irregular green splotch in the center, and new growth often flushes with hues of red-orange. Lacy white spring flowers add to its appeal. Best grown in filtered shade. Part of the Proven Winners® ColorChoice® Trees program. Native.

USDA 3-8, 10-12', gr 1.5, late spring bloom, foliage interest 🌧️☀️🚫🌸
Item #: 17502 - 2 ¼" • 17504 - 4" • 17505 - Quick Turn

IVORY HALO® (*C. alba* 'Baillhalo')

A compact variegated dogwood with dark red winter twigs selected at Bailey Nursery.

USDA 3-8, 5-6', gr 1.5
 late spring bloom, winter interest ☀️🌧️🚫✂️🌸
Item #: 17152 - 2 ¼" • 17154 - 4"

2 PUCKER UP!® (*C. stolonifera* 'Neil Z' pp#24,812; syn. *C. sericea*)

Unlike any other. The distinctively puckered, glossy foliage is quite thick, and delivers a high degree of leaf spot resistance. Compact growth and red color on year-old stems add to this native shrub's four-season appeal. Native.

USDA 3-8, 3-4', gr 1.5
 late spring bloom, foliage and winter interest ☀️🌧️🚫✂️🌸
Item #: 18772 - 2 ¼" • 18774 - 4" • 18775 - Quick Turn

3

3 RED ROVER® (*C. obliqua* 'Powell Gardens' pp#27,873; syn. *C. amomum*)

Exceptional fall color distinguishes this compact selection of our native silky dogwood. Clean green foliage turns purple then red in autumn, accompanied by showy blue fruit. This is an outstanding plant for moist to damp sites, and is a valuable resource for pollinators and birds. Red stems in winter. Native. USDA 3-8, 4-5', gr 1, late spring bloom, fall and winter interest ☀️🌧️🌸
Item #: 18042 - 2 ¼" • 18044 - 4" • 18045 - Quick Turn

Cotinus - Smokebush

Family: Anacardiaceae (Cotin-us: Ancient Greek name for wild olive)

'Royal Purple' (*C. coggygria*)

Noted for holding its purple color all season, the wine-hued foliage glows when backlit by the sun and turns red-purple in fall. Pink red blooms in early to mid-summer. Award: GMPPA, 2015.

USDA 4-8, 8-10', gr 1, summer bloom ☀️🚫✂️🌸
Item #: 19752 - 2 ¼" • 19754 - 4"

4 THE VELVET FOG™ (*C. c.* 'SMNCCPP3' ppaf, cbraf)

More smoke than a KISS concert! This beauty was selected first and foremost for its abundance of billowy puffs of pink fog in mid-summer. The attractive blue-green foliage is adorned with red new growth. Can be grown as a shrub or a small tree.

USDA 4-8, 5-8' tall and 6' wide, gr 1, summer bloom ☀️🌧️🚫✂️🌸
Item #: 19622 - 2 ¼" • 19624 - 4" • 19625 - Quick Turn

WINECRAFT® Series

Selected from breeders world-wide, the Winecraft® series of smokebush are distinguished by superior flowers and foliage, ensuring a colorful spring through fall. Denser habits and improved vigor combine to create excellent container presentation, too.

5 WINECRAFT BLACK® (C. c. 'NCC01' pp# 30,216, cbraf)

A compact smokebush with deep purple-black foliage that darkens as the season progresses. Showy red smoke-like blooms appear in early to mid-summer and are followed by colorful display of orange fall foliage. Developed by Dr. Tom Ranney at NCSU.

USDA 4-8, 4-6', gr 1, summer bloom 🌞 🌧️ ✂️ 🌸

Item #: 19892 - 2 1/4" • 19894 - 4" • 19895 - Quick Turn

6 WINECRAFT GOLD™ (C. c. 'MINCOJAU3' pp#30,327, cbraf)

An improved golden smokebush developed by Minier Nursery. It was selected for its orange-red new growth in the spring, improved burn resistance, and better branching, which makes for a better looking container. Fluffy green flower plumes age to pink.

USDA 5-8, 4-6' tall and 4' wide, gr 1
early summer bloom 🌞 🌧️ 🌱 ✂️ 🌸

Item #: 20112 - 2 1/4" • 20114 - 4" • 20115 - Quick Turn

Cotoneaster - Cotoneaster

Family: Rosaceae (Cotone-aster: Latin meaning quince-like, from the leaves of some species)

7 LITTLE DIPPER® (C. procumbens 'Gerald' pp#22,760)

A very fine prostrate cotoneaster with white flowers in spring and red berries in late summer. Dense, ground-hugging habit makes it less prone to catching leaves.

USDA 5-8, 6-8", gr 1, late spring bloom, summer fruit 🌞 🌧️ 🌱 🌸

Item #: 21332 - 2 1/4" • 21334 - 4" • 21335 - Quick Turn

'Scarlet Leader' (C. salicifolius)

Selected for heavy crops of scarlet fruit and dark green leaves. Fast growing, with a low, spreading habit.

USDA 5-8, 1-2', gr 1, spring bloom, summer fruit 🌞 🌧️ 🌱 🌸

Item #: 21552 - 2 1/4" • 21554 - 4"

'Tom Thumb' (C. adpressus)

A low cushion-forming plant with glossy dark green leaves, great in rock gardens or creeping over a wall or path. Pink flowers and red fruit. Superb red autumn foliage.

USDA 4-8, 2-6", gr 1.5, spring bloom, summer fruit 🌞 🌧️ 🌱 🌸

Item #: 20002 - 2 1/4" • 20004 - 4"

Cytisus - Scotch Broom

Family: Fabaceae (Cytis-us, corruption of the name of a Greek island where the plant grows wild)

'Burkwoodii'

Spring blooms begin bright red with whispers of yellow and darken to burgundy-purple. A vigorous, bushy grower with an upright habit.

USDA 5-8, 3-6', gr 1, early summer bloom 🌞 🚫🐇 🌺

Item #: 22322 - 2 1/4" • 22324 - 4"

'Lena'

The maroon buds of 'Lena' open to dazzling yellow to orange flowers in late May to June. A *C. dallimorei* hybrid.

USDA 5-8, 3-4', gr 1, early summer bloom 🌞 🚫🐇 🌺 🌺 🌺

Item #: 22332 - 2 1/4" • 22334 - 4"

'Madame Butterfly'

Masses of fragrant yellow flowers with red throats float amid grass-like foliage.

USDA 5-8, 3-6', gr 1, early summer bloom 🌞 🚫🐇 🌺

Item #: 22342 - 2 1/4" • 22344 - 4"

SISTER™ Series

With its cavalcade of colorful blooms and irresistibly quirky texture, cytisis is an easy spring sell for retailers. Our Sister series brooms bring new colors and new habits to this sun-loving, deer resistant landscape classic. An ideal companion for spring flowering bulbs! Not recommended for the Northwest.

1 SISTER DISCO® (C. scoparius 'SMNCSCRY' pp#30,186)

Bright red and yellow flowers grace this compact, semi-dwarf selection in spring, just when shoppers are in the garden center.

USDA 5-8, 1-3', gr 1, spring bloom 🌞 🚫🐇 🌺

Item #: 22412 - 2 1/4" • 22414 - 4" • 22415 - Quick Turn

2 SISTER GOLDEN HAIR® (C. s. 'SMSCGF' pp#26,616, cbr#5638)

Bright gold flowers cascade down elegantly weeping branches. Flowers are much larger and showier than other brooms of this type. Low growing, mounding habit.

USDA 5-8, 1-1.5', gr 1, spring bloom 🌞 🚫🐇 🌺

Item #: 22262 - 2 1/4" • 22264 - 4" • 22265 - Quick Turn

3 SISTER REDHEAD® (C. s. 'SMNCSAB' pp#30,214)

A showy broom with unique Mustang-red spring flowers. This nearly leafless ornamental has a neat upright habit and makes a beautiful container plant.

USDA 5-8, 3-4', gr 1, spring bloom 🌞 🚫🐇 🌺

Item #: 22242 - 2 1/4" • 22244 - 4" • 22245 - Quick Turn

4 SISTER ROSIE® (C. s. 'SMNCSDRY' pp#30,176)

Gracefully arching branches are adorned with loads of rich pink blooms touched with a spot of yellow.

USDA 5-8, 2-3', gr 1, spring bloom 🌞 🚫🐇 🌺

Item #: 22392 - 2 1/4" • 22394 - 4" • 22395 - Quick Turn

This extra-heavy blooming variety is loaded with elegant white spring flowers at the perfect time for retail sales. Its neat, mounded habit and attractive fall color make it a useful landscape plant, too. Awards: Bronze Medal, Plantarium 2016.

USDA 5-8, 1-2', gr 1, spring bloom, fall interest ☀️ ☁️ 🌧️ 🌱

Item #: 23142 - 2 1/4" • 23144 - 4" • 23145 - Quick Turn

Diervilla - Diervilla

Family: Caprifoliaceae (Diervill-a: after M. Dierville, a French surgeon and plantsman)

KODIAK® Series

You want a durable native plant that will thrive in sun or shade? Drought tolerant? And supports pollinator populations, too? That's asking for a lot – but we've got it! Kodiak® diervillas are perfect for the landscape market and very quick to produce, going from a 4" liner to saleable 1 gallon in less than one growing season.

8 KODIAK® Black (*D. rivularis* 'SMNDRSF' pp#27,550, cbr#5938)

Diervilla just got a lot more colorful. This tough, easy-growing shrub is a standout with dark burgundy-black foliage that is especially intense in spring and autumn. Yellow flowers add contrast all summer.

USDA 4-7, 3-4', gr 0.5, summer bloom ☀️ ☁️ 🌧️ 🌱

Item #: 24164 - 4" • 24165 - Quick Turn

9 KODIAK® Orange (*D. 'G2X88544'* pp#27,548, cbr#5596)

Glowing orange foliage is especially bright in fall, making this an eco-friendly alternative to burning bush. Yellow flowers in summer. 2021 Landscape Shrub of the Year.

USDA 4-7, 3-4', gr 0.5, summer bloom ☀️ ☁️ 🌧️ 🌱

Item #: 24284 - 4" • 24285 - Quick Turn

10 KODIAK® Red (*D. 'G2X885411'* pp#28,403, cbr#5596)

A rugged beauty, Kodiak Red diervilla gives you attractive red spring and autumn foliage, with red hues on new growth all season. Bright yellow flowers in mid-summer.

USDA 4-7, 3-4', gr 0.5, summer bloom ☀️ ☁️ 🌧️ 🌱

Item #: 24314 - 4" • 24315 - Quick Turn

Euonymus alatus - Burning Bush

Family: Celastraceae (Euony-mus: Greek, meaning "of good name"; ala-tus: winged)

'Compacta'

The ubiquitous burning bush that lights up each autumn. Compact branching, but not dwarf by any stretch. Full sun is necessary for good fall color.

USDA 4-9, 8-10', gr 1.5, fall interest ☀️

Item #: 25062 - 2 1/4" • 25064 - 4"

1 FIRE BALL® (*E. a.* 'Select')

This improved selection of 'Compacta' has outstanding fall color, tighter branching, and superior stem hardiness. No damage even in the coldest of winters, whereas 'Compacta' often dies back. Selected at Cole Nursery.

USDA 4-8, 5-7', gr 1.5, fall interest ☀️

Item #: 25182 - 2 1/4" • 25184 - 4" • 25185 - Quick Turn

2 UNFORGETTABLE FIRE® (*E. a.* 'Hayman' pp#21,634, cbr#4389)

A compact form of burning bush with dense, fine branching and smaller leaves, this improved 'Rudy Haag' is a superior production plant that makes a much fuller container. Developed by noted plantsman and photographer Michael Hayman of Louisville, KY. Outstanding fall color.

USDA 4-8, 4-6', gr 1, fall interest ☀️

Item #: 25212 - 2 1/4" • 25214 - 4" • 25215 - Quick Turn

Euonymus fortunei - Wintercreeper

Family: Celastraceae (Fortune-i: for Robert Fortune, 1812-1880, Scottish botanist)

3 GOLD SPLASH® (*E. f.* 'Roemertwo')

A sport of 'Emerald 'n' Gold' with big round leaves displaying a wide golden-yellow edge. Yellow fruit and orange seeds are beautiful and persistent. This extremely showy, hardy plant has excellent impulse appeal. A wonderful introduction by Roemer Nursery.

USDA 5-8, 1.5-2', gr 1, evergreen ☀️ ☀️

Item #: 25662 - 2 1/4" • 25664 - 4" • 25665 - Quick Turn

4 WHITE ALBUM® (*E. f.* 'Alban' pp#23,961, cbr#4596)

Growers will love the superior leaf spot resistance and consistent habit of this improved form of 'Emerald Gaiety.' Landscapers and gardeners will appreciate how its bright leaves set it apart from older varieties. The stable variegation has a wide cream-colored border around the edge of each large evergreen leaf.

USDA 5-8, 1.5-2', gr 1, evergreen ☀️ ☀️

Item #: 25482 - 2 1/4" • 25484 - 4" • 25485 - Quick Turn

Ficus carica - Fig

Family: Moraceae (Fic-us: from fica, the Latin word for fig; cari-ca: originating in Caria, an ancient region of Anatolia)

'Chicago Hardy'

Proven hardy fig! Selected by Chicagoan Fred Borne, it may die back to the ground in colder areas but will still produce fruit by early fall on the new shoots. A unique addition to edible plant programs. Also known as 'Bensonhurst Purple.'

USDA 6(5b)-10, 10-20', gr 0.5, fall fruit ☀️ ☀️ 🍷

Item #: 26044 - 4"

Forsythia - Forsythia

Family: Oleaceae (Forsyth-ia: after William Forsyth, 1737-1800, Scottish botanist)

5 FLYING MACHINE® (F. x 'koreana' 'Sunny')

A prodigious blooming machine with the largest flowers we have ever seen on a forsythia. The deep yellow blooms are self-cleaning, with the corollas abscising in one piece and spinning down to the earth like helicopters creating a magical golden carpet. From the noted South Korean plant breeder, Dr. Kyung Ku Shim.

USDA 6-8, 5-8', gr 1, spring bloom 🌞 🌧️ ✂️ 🚫 🌿

Item #: 26152 - 2 1/4" • 26154 - 4" • 26155 - Quick Turn

6 SHOW OFF® (F. x 'Mindor' pp#19,321)

When you're this great, it's okay to show off! Large, golden flowers are closely packed along each stem for a stunning display. This compact, rounded plant has very nice dark green foliage and superior container presentation. Developed by Minier Nursery, France. Award: MOBOT Tried and True.

USDA 5-8, 5-6', gr 1, spring bloom 🌞 🌧️ ✂️ 🚫 🌿

Item #: 26782 - 2 1/4" • 26784 - 4" • 26785 - Quick Turn

7 SHOW OFF STARLET® (F. x 'Minfor6' pp#24,361)

The same fabulous flower display you get with Show Off® forsythia, but in a smaller package. This dwarf forsythia is a mass of bright yellow spring flowers from base to tip, and is a fantastic impulse item for early spring sales. From Minier Nursery of France.

USDA 5-8, 2-3', gr 1, spring bloom 🌞 🌧️ ✂️ 🚫 🌿

Fothergilla continued

1 LEGEND OF THE FALL® (*F. x intermedia* 'ALICE' ppaf, cbrat)

The brilliant, glowing orange, yellow, and red fall foliage display will make you feel a bit sorry for older cultivars - but not too sorry, as this is a superior production plant. White spring flowers. Developed by Brian McGowan of South Egremont, Massachusetts. Native.

USDA 5-9, 4-5', gr 1, spring bloom, fall foliage

Item #: 27192 - 2 1/4" • 27194 - 4" • 27195 - Quick Turn

NEW

2 LEGEND OF THE SMALL™ (*F. x i.* 'NCF11' ppaf, cbrat)

A true, small-leaf, small-stature *Fothergilla x intermedia* from Tom Ranney and his team at NCSU. After trialing about a dozen of his selections, this was the clear winner in terms of vigor, flower power, and fall color. It produces an abundance of bottle brush-like white flowers, has a well-branched mounded habit, and small bluish-green leaves that turn an attractive blend of yellow, orange and red in autumn.

USDA 5-9, 2-2.5' tall and 2-3' wide, gr 1.5

spring bloom, fall foliage

Item #: 27002 - 2 1/4" • 27004 - 4" • 27005 - Quick Turn

Gardenia - Gardenia

Family: Rubiaceae (Garden-ia: named in honor of Scottish naturalist Dr. Alexander Garden)

NEW

3 STEADY AS SHE GOES™ (*G. jasminoides* 'Prince Charles' pp#29,304)

There have been a lot of *Gardenia* introductions, perhaps too many, but none have combined the level of heat tolerance, continuous blooming, and cold hardiness found in this introduction from Phil Dark. An improvement over the hardy 'Chuck Hayes', its fully doubled flowers do not abort in the heat of summer, but just keep coming right up until frost. A stellar performer with a well-branched, compact habit and glossy dark evergreen foliage.

USDA 7-10, 3-5' tall and 4-7' wide, gr 1

spring bloom, evergreen

Item #: 27892 - 2 1/4" • 27894 - 4" • 27895 - Quick Turn

'Golden Magic' (*G. j.*)

Large, double flowers start white and age to buttery yellow. Lustrous evergreen foliage on a low growing, compact frame makes for handsome container presentation. Exceptionally fragrant.

USDA 8b-10, 2-3', gr 1, late spring bloom

Item #: 27782 - 2 1/4" • 27784 - 4"

Heptacodium miconioides - Seven-Son Flower

Family: Caprifoliaceae (Hepta-codium: hepta, Greek for the number seven, codium referring to head)

4 TEMPLE OF BLOOM® (*H. m.* 'SMNHMRF' pp#30,763)

We are delighted to finally bring this choice species to the line of Proven Winners flowering shrubs! Our selection is a compact cultivar with extra-large white flower panicles. Flowers drop to reveal bright cherry-red bracts, which are even more colorful and showy than the species. Earlier bloom time ensures a longer display, especially in cold climates, where the show could be cut short by early frosts.

USDA 5-9, 6-10', gr 1, summer bloom, fall interest

Item #: 29282 - 2 1/4" • 29284 - 4" • 29285 - Quick Turn

Hibiscus syriacus - Rose of Sharon

Family: Malvaceae (Hibis-cus: ancient Greek name for the plant, syria-cus: Syrian)

CHIFFON® Series

Large single flowers adorned with a frilly center create a unique, anemone-like bloom. These strong growing, uniform varieties are excellent production plants with superior container presentation and low seed-set. Colorful, abundant flowers make them very appealing at retail. All were hybridized by Dr. Roderick Woods of Cambridge, England.

5 Blue CHIFFON® (*H. s.* 'Notwoodthree' pp#20,574, cbr#3583)

Blue powder-puff flowers keep this plant in constant consumer demand.

Awards: Silver Medal Royal Horticulture Society; AGM.

USDA 5-9, 8-12', gr 1, summer bloom 🌞 🦋 🐦 🐝 🌸

Item #: 30282 - 2 ¼" • 30284 - 4" • 30285 - Quick Turn

6 Dark Lavender CHIFFON® (*H. s.* 'SMNHSPCL' ppaf, cbraf)

Sometimes you just get lucky. We found this improved, darker colored branch sport on Lavender Chiffon plant growing right at the nursery entrance. The flower color is a richer, darker lavender and thus replaces the older version.

USDA 5-9, 8-12' tall and 6-10' wide, gr 1

summer bloom 🌞 🦋 🐦 🐝 🌸

The latest addition to the Lil' Kim® series has the same compact habit, but with deep rosy-red flowers.

USDA 5-9, 3-4', gr 1.5, summer bloom     

Item #: 30042 - 2 1/4" • 30044 - 4" • 30045 - Quick Turn

3 LIL' KIM® Violet (*H. s.* 'SHIMRV24' pp#26,374)

Large plum-violet flowers - up to 3" across - are very striking against the dark, glossy foliage.

USDA 5-9, 3-4', gr 1.5, summer bloom     

Item #: 30022 - 2 1/4" • 30024 - 4" • 30025 - Quick Turn

PARAPLU® Series

Big flowers with unique colors is the theme for the Paraplu® series of hibiscus. Developed by Patrick Pineau and Corinne Clément (a former Spring Meadow intern), at Minier Nursery in Angers, France.

4 PARAPLU PINK INK® (*H. s.* 'Minsywhi07' ppaf, cbraf)

If you tie-dyed a big, pure white hibiscus flower with vibrant hues of red, purple, and pink, you'd get Paraplu Pink Ink® rose of Sharon. Its tidy, upright habit makes it easily one of the most elegant flowering plants in our trial garden.

USDA 5-9, 5-8' tall and 4' wide, gr 1, summer bloom     

Item #: 31072 - 2 1/4" • 31074 - 4" • 31075 - Quick Turn

5 PARAPLU ROUGE™ (*H. s.* 'Minsyrou17' ppaf, cbraf)

We keep searching and thus far have found no true red-flowered roses of Sharon, but this is the darkest, reddish-pink we've ever seen. So whether you call it rouge or horticulture red, this large-flowered single is a standout plant in both our trials and our test garden. Developed by Minier Nurseries in France.

USDA 5-9, 6-10' tall and 5' wide, gr 1, summer bloom     

Item #: 32922 - 2 1/4" • 32924 - 4" • 32925 - Quick Turn

6 PARAPLU VIOLET® (*H. s.* 'Minsybv3s01' ppaf, cbraf)

We've seen blue and we've seen purple rose of Sharon plants, but this plant give us a unique blend of violet and blue that we've only seen on tropical hibiscus. You'll also like large flower size which, along with the color, makes this a real standout.

USDA 5-9, 6-10' tall and 5' wide, gr 1, summer bloom     

Item #: 31432 - 2 1/4" • 31434 - 4" • 31435 - Quick Turn

SATIN® Series

The Satin® series represents the best in non-invasive rose of Sharon. We select each variety for superior color, elegant habit, and low to no seed production.

7 Azurri Blue SATIN® (*H. s. 'DVPazurri'* pp#20,563, cbr#4391)

As blue as can be and no seeds! Azurri Blue Satin® hibiscus is the only seedless blue rose of Sharon. This beauty was developed by Dr. Johan van Huylenbroeck at Belgium's ILVO breeding station.

USDA 5-9, 8-12', gr 1, summer bloom

Item #: 32562 - 2 1/4" • 32564 - 4" • 32565 - Quick Turn

8 Orchid SATIN® (*H. s. 'ILV0347'* pp#27,285, cbr#5722)

Another fantastic seedless rose of Sharon! Exceptionally large single blooms are accented by a dramatic red eye. The graceful branches of this non-invasive new cultivar make it a very appealing addition to the mixed border, and also give it good container presentation at retail.

USDA 5-9, 8-12', gr 1, summer bloom

Item #: 29922 - 2 1/4" • 29924 - 4" • 29925 - Quick Turn

9 Purple SATIN® (*H. s. 'ILVOPS'* pp#28,839, cbr#6189)

Everywhere we go, people ask us for seedless rose of Sharon, so we are pleased to offer this dark purple, single-flowered selection from Dr. Johan van Huylenbroeck from the Flemish ILVO breeding station.

USDA 5-9, 8-12', gr 1, summer bloom

Item #: 29912 - 2 1/4" • 29914 - 4" • 29915 - Quick Turn

Hibiscus syriacus continued

1 Ruffled SATIN® (*H. s.* 'SHIMCR1' pp#26,222)

Looking more like a tropical hibiscus than a hardy rose of Sharon, Ruffled Satin® hibiscus boasts rich pink, ruffled flowers with overlapping flower petals that form a wide, cupped bloom. Glossy green leaves and short internodes make for a very nice, full, bushy plant. Low seed-set is an added benefit. It's another great plant with lots of retail appeal from Dr. Shim of South Korea.

USDA 5-9, 8-12', gr 1, summer bloom 🌞 🦋 🐦 🚫 🌻

Item #: 30052 - 2 ¼" • 30054 - 4" • 30055 - Quick Turn

2 POLLYPETITE® (*H. x* 'Rosina' pp#29,105)

A delightfully unusual and beautiful dwarf *H. paramutabilis* x *H. syriacus* hybrid. This ball-shaped shrub has large, rounded, pure lavender-purple flowers with soft ruffled edges and no center eye. Very dark green leaves provide striking contrast. Developed by Polly Hill Arboretum on Martha's Vineyard.

USDA 5-9, 3-4', gr 1, summer bloom 🌞 🦋 🐦 🚫 🌻

Item #: 31732 - 2 ¼" • 31734 - 4" • 31735 - Quick Turn

PILLAR™ Series

Finding these unusual fastigiate hibiscus wasn't easy but they were worth the hunt. Naturally growing as a narrow column, the space-saving habit of this series means more profit for growers and a broader appeal to retailers and consumers alike.

3 PURPLE PILLAR® (*H. s.* 'Gandini Santiago' pp#25,568, cbr#6178)

Space saving! Purple Pillar® rose of Sharon is a very narrow, fastigiate habit much like Fine Line® rhamnus, but with semi-doubled purple flowers in the summer. The landscape applications for this plant are endless: narrow hedges, screens, and unique accent specimen. Awards: Silver Medal, Plantarium 2012; 2017 DGA Green Thumb Award.

USDA 5-9, 10-16' tall and 2-3' wide, gr 1, summer bloom 🌞 🦋 🐦 🚫 🌻

Item #: 32762 - 2 ¼" • 32764 - 4" • 32765 - Quick Turn

2

4 WHITE PILLAR® (*H. s.* 'Gandini van Aart' pp#28,892, cbr#6179)

Purple Pillar® hibiscus has skyrocketed in popularity due to its useful upright structure. White Pillar® offers the same habit with showy, pure white summer flowers.

USDA 5-9, 10-16' and 2-3' wide, gr 1, summer bloom 🌞 🦋 🐦 🚫 🌻

Item #: 32782 - 2 ¼" • 32784 - 4" • 32785 - Quick Turn

SUGAR TIP® Series

Go beyond basic with these irresistible variegated selections. Stable, neat, and clean, the Sugar Tip® series keeps rose of Sharon interesting from spring through frost.

5 SUGAR TIP® (*H. s.* 'America Irene Scott' pp#20,579)

An eye-catching rose of Sharon with brightly variegated cream and blue-green foliage. Unlike 'Purpureus Variegatus', the flowers fully open, displaying dozens of clear pink, double blooms. Seedless. Developed by Sharon Gerit of Independence, MO. Award: Bronze Medal Plantarium 2009.

USDA 5-9, 5-6', gr 1.5, summer bloom, foliage interest 🌞 🦋 🐦 🚫 🌻

Item #: 29402 - 2 ¼" • 29404 - 4" • 29405 - Quick Turn

6 SUGAR TIP® Gold (*H. s.* 'THEISSHSTL' pp#30,149, cbr#f)

Just like the original Sugar Tip® rose of Sharon, but with bright golden-yellow variegation and showy lavender-purple double flowers. Seedless selection.

USDA 5-9, 4-5', gr 1.5, summer bloom, foliage interest 🌞 🦋 🐦 🚫 🌻

Item #: 29392 - 2 ¼" • 29394 - 4" • 29395 - Quick Turn
