## Hydrangea anomala - Climbing Hydrangea

Family: Hydrangaceae (derived from Hydro-aggos: Greek for water-jar, from shape of capsules; anomala: deviating from the norm)

### var. petiolaris

Climbing hydrangea is an elegant vine with glossy green leaves and lacy white flowers much earlier than other hydrangeas – typically mid-June here in Michigan. Awards: AGM, First Choice, GCA, PSC.

USDA 4-9, 30', gr 1, summer bloom ☀️🌧️✂️🌿

Item #: 40002 - 2 1/4" • 40004 - 4"

## Hydrangea arborescens - Smooth Hydrangea

Family: Hydrangaceae (arbor-escens: becoming tree-like)

**Note: We recommend producing all Hydrangea arborescens in 2-gallon or larger containers.**

### 'Annabelle'

The first mophead *H. arborescens*, introduced by University of Illinois horticulture professor Joe McDaniel in 1960. Native. Awards: PSC, Georgia Gold Medal Plant.

USDA 3-8, 3-4', gr 1, summer bloom ☀️🌧️✂️🌿

Item #: 33402 - 2 1/4" • 33404 - 4"

### 1 LIME RICKEY® (*H. a.* 'SMNHALR' pp#28,858, cbr#5627)

Lime green mophead blooms sport showy pink pollen and take on a marbled jade effect as they age. Super strong stems make this fantastic in the landscape and as a fresh or dried cut flower. Native.

USDA 3-8, 4-5', gr 1, summer bloom ☀️🌧️✂️🌿

Item #: 33522 - 2 1/4" • 33524 - 4" • 33525 - Quick Turn

### 2 INCREDIBALL® (*H. a.* 'Abetwo' pp#20,571, cbr#4166)

Incrediball® is an improved 'Annabelle' hydrangea with substantially sturdier stems and massive blooms. Each mophead inflorescence has roughly four times as many florets as 'Annabelle'. Lightly fragrant. Native.

USDA 3-8, 4-5', gr 1, summer bloom ☀️🌧️✂️🌿

Item #: 33322 - 2 1/4" • 33324 - 4" • 33325 - Quick Turn

### 3 INCREDIBALL® Blush (*H. a.* 'NCHA4' pp#28,280, cbr#5624)

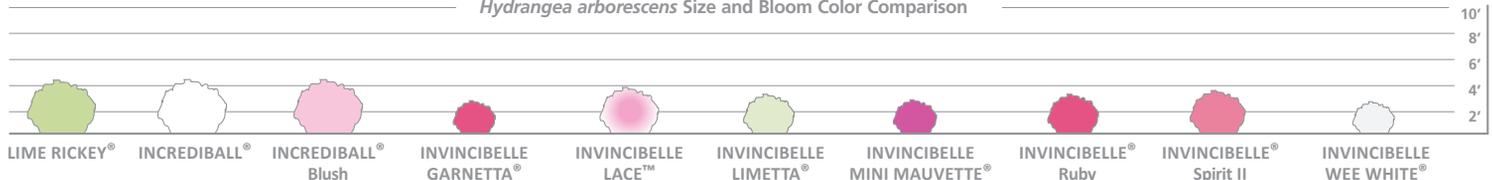

Incrediball hydrangeas are loved for their sturdy stems and massive blooms. Incrediball® Blush hydrangea adds a new color to the series, with big, bodacious, blush-pink blooms that change to an attractive green color as they age. Native. Awards: Bronze Medal, Plantarium 2016.

USDA 3-8, 4-5', gr 1, summer bloom ☀️🌧️✂️🌿

Item #: 33842 - 2 1/4" • 33844 - 4" • 33845 - Quick Turn

### THE INVINCIBELLE® Series

Totally innovative and truly unique – that’s the hallmark of all of Tom Ranney’s breeding, and it is on full display in the Invincibelle series of *Hydrangea arborescens*. All six cultivars in the series are colorful, reblooming, with strong stems and reliability that makes grandmother ‘Annabelle’ proud. The Invincibelle® varieties are fast production plants that offer outstanding container presentation.

#### 4 INVINCIBELLE GARNETTA® (H. a. ‘NCHA6’ ppat, cbraf)

Blooming several weeks later than Invincibelle Ruby hydrangea, the flowers emerge dark burgundy then transform to a deep garnet-pink at maturity. You’ll also love its unique, glossy, dark green foliage and dwarf-compact habit. Growers and retailers will appreciate the stout stems and lush container presentation. A nice season-extending plant from NCSU.

USDA 3-8, 2.5’, gr 1, summer rebloomer ☀️🌧️✂️🌸

Item #: 33592 - 2 ¼" • 33594 - 4" • 33595 - Quick Turn

#### 5 INVINCIBELLE LIMETTA® (H. a. ‘NCHA8’ pp#30,431, cbraf)

A beautiful rounded dwarf variety with dark green leaves and showy round flower heads that emerge a lush lime green, lighten to soft greenish-white, then age to green again. The stiff stems and dwarf habit will make growers, retailers, and gardeners very happy. Native.

USDA 3-8, 3-4’, gr 1, summer rebloomer ☀️🌧️✂️🌸

Item #: 33612 - 2 ¼" • 33614 - 4" • 33615 - Quick Turn

#### 6 INVINCIBELLE MINI MAUVETTE® (H. a. ‘NCHA7’ pp#30,358, cbraf)

A whole new color for smooth hydrangea. This dwarf rounded plant has dark green leaves and showy, mauve-purple mophead flowers on rigid stems. Native.

USDA 4-8, 2.5-3’, gr 1, summer rebloomer ☀️🌧️✂️🌸

Item #: 33882 - 2 ¼" • 33884 - 4" • 33885 - Quick Turn

#### 7 INVINCIBELLE® Ruby (H. a. ‘NCHA3’ pp#28,317, cbr#5623)

Dark, near-red flower buds open to a two-toned combination of bright ruby red and silvery pink. Deep green foliage and strong stems ensure outstanding performance in the container as well as in the garden. It is a strong rebloomer and can be cycle-pruned to deliver multiple shipments of budded plants to the garden center. Native. Awards: Bronze Medal, Plantarium 2016; 2017 DGA Green Thumb Award.

USDA 3-8, 3-4’, gr 1, summer rebloomer ☀️🌧️✂️🌸

Item #: 33572 - 2 ¼" • 33574 - 4" • 33575 - Quick Turn

#### 8 INVINCIBELLE® Spirit II (H. a. ‘NCHA2’ pp#28,316, cbr#5622)

This improved Invincibelle® Spirit hydrangea has darker foliage, stiffer stems, and larger, deeper pink flowers that age to an attractive green. It is a strong rebloomer and can be cycle-pruned to deliver multiple shipments of budded plants to the garden center. Though we reached our goal of one million dollars donated to the Breast Cancer Research Foundation® in 2018, one dollar per plant sold is still donated to fund the next million dollars of life-saving research. Native.

USDA 3-8, 3.5-4’, gr 1, summer rebloomer ☀️🌧️✂️🌸

Item #: 33862 - 2 ¼" • 33864 - 4" • 33865 - Quick Turn

\$1.00 from each Invincibelle® Spirit II sold is donated to the Breast Cancer Research Foundation®. We encourage you to donate as well. BCRF is dedicated to preventing breast cancer and finding a cure in our lifetime by funding clinical and translational research worldwide.

#### 9 INVINCIBELLE WEE WHITE® (H. a. ‘NCHA5’ pp#30,296, cbraf)

The smallest *H. arborescens* yet! This tiny, tidy reblooming hydrangea is a game changer with abundant flower heads that flush soft pink, age to white, then finish green. Strong, supportive stems prevent flopping. Native.

USDA 3-8, 1-2.5’, gr 1, summer rebloomer ☀️🌧️✂️🌸

Item #: 33832 - 2 ¼" • 33834 - 4" • 33835 - Quick Turn

*Hydrangea arborescens* continued

## *Hydrangea arborescens* subsp. *Radiata*

Family: Hydrangeaceae (arbor-escens: becoming tree-like)

NEW

### 1 INVINCIBELLE LACE™ (*H. arborescens* subsp. *radiata* 'SMNHRLL' ppaf)

Some people adore lacecap flowers for their delicate beauty, while others appreciate the pollen for butterflies and bees. This premiere plant, the first ever smooth hydrangea with plum-purple lacy florets, accomplishes both, with strong, wiry stems of a dark ruby hue, that sway gracefully with the wind. Imagine big drifts, flowing through a Piet Oudolf-style garden, and come winter, frosted diamonds and songbirds adorning tawny crowns.

USDA 3-8, 4-5' tall and wide, gr 1, summer bloom 🌞🌧️🦋🐝✂️🌸

Item #: 41612 - 2 ¼" • 41614 - 4" • 41615 - Quick Turn

## *Hydrangea involucrata* - Bracted Hydrangea

Family: Hydrangeaceae (involucr-ata: Latin for envelope or wrapper, referring to the inflorescence)

### 2 BLUE BUNNY™ (*H. i.* 'Wim Rutten' pp#21,991)

Everyone who sees this unique lacecap in our trial gardens falls in love with it. A drift of blue flowers from mid-summer until fall in any soil! Developed by the late Wim Rutten of the Netherlands, this plant is as special as the man. This strong grower blooms on new wood, reliably and abundantly each year.

USDA 6-9, 2-4', gr 1, summer bloom 🌞🌧️🌸

Item #: 34514 - 4"

## *Hydrangea x* – Cascade Hydrangea™

Family: Hydrangeaceae

In a class by themselves! We are thrilled to bring the first Cascade Hydrangea™ to the North American market. This unique *Hydrangea* hybrid combines the fabulous flower power of *Hydrangea macrophylla* with a never-before-seen horizontal habit. In early summer, dozens of deckled-edged florets create a swirling stream of lacecap blooms. Though best suited to milder climates, these irresistible plants are perfect for deco containers and gift plants. Watch this space for more fabulous Cascade Hydrangeas down the line.

NEW

### 3 FAIRYTRAIL BRIDE™ (*H. x* 'USHYD0405' pp#31,120, cbraf)

She won Plant of the Year at the Chelsea Flower Show in 2018 as a new class of hydrangea with unrivaled flower power. Long, trailing stems draped in white lace, with a bouquet of florets at every leaf node, yields a dramatic display.

It also creates new uses for all kinds of spaces, such as hanging baskets and cascading containers, and spilling over rocks and wall spaces. A brilliant introduction from Ushio Sakazaki, the legend of Japan, the same breeder that brought us so much of the Proven Winners® brand.

USDA 7-9, 4', gr 1, spring bloom 🌞🌧️✂️🌸

Item #: 44064 - 4" • 44065 - Quick Turn

## Hydrangea macrophylla - Bigleaf Hydrangea

Family: Hydrangaceae (macro-phyll-a: large leafed)

### WEE BIT® Series

We developed Wee Bit hydrangeas to replace the Cityline® series, which are beautiful plants, but essentially florist varieties. These new, dwarf-compact macs are still well-suited to pot culture, but offer substantially improved garden performance.

#### 4 WEE BIT GIDDY® (H. m. 'SMNHML' ppaf, cbraf)

Saturated red-pink mophead blooms make this plant a favorite in our trials. Growers will be delighted with its tight, compact growth, glossy, disease resistant foliage, and strong stems. You may also notice it reblooms, thanks to its parents, Let's Dance® Rave® and Cityline® Paris hydrangeas. We recommend this variety as a red-pink, however, flowers are a very nice dark violet-purple when treated with aluminum sulfate.

USDA 5-9, 2' tall and 2.5' wide, gr 0.5, summer bloom ☀️ 🌧️ ✂️ 🌸 🌸

Item #: 35864 - 4" • 35865 - Quick Turn • 35865PB - Pre-Budded

#### 5 WEE BIT GRUMPY® (H. m. 'Stragrum')

Intense royal blue mophead blooms on a sturdy, compact plant give you a first-rate retail display. This variety is particularly irresistible when blued, so we recommend treating your crop with slow release aluminum sulfate in fall and spring.

USDA 5-9, 2' tall and 2.5' wide, gr 0.5, summer bloom ☀️ 🌧️ ✂️ 🌸 🌸

Item #: 36724 - 4" • 36725 - Quick Turn • 36725PB - Pre-Budded

### CITYLINE® SERIES

German breeders Franz-Xaver and Konrad Rampp developed the Cityline® series of *Hydrangea macrophylla* to naturally take on tight, full habits without growth regulators, shearing, or pruning off flower buds. Cityline® hydrangeas create irresistible one gallon, with large, vividly colored flowers, strong stems, dark glossy foliage, and excellent mildew resistance. Flower color can be shifted from pink to blue with the addition of aluminum sulfate.

#### 6 CITYLINE® Mars (H. m. 'Ramars')

Unusual bi-color flowers and high quality foliage.

USDA 5-9, 2-3', gr 0.5, summer bloom ☀️ 🌧️ ✂️ 🌸 🌸

Item #: 37614 - 4" • 37615 - Quick Turn

#### 7 CITYLINE® Paris (H. m. 'Paris Rapa' pp#10,906)

The reddest and most dwarf.

USDA 5-9, 1-2', gr 0.5, summer bloom ☀️ 🌧️ 🌸

Item #: 37574 - 4" • 37575 - Quick Turn • 37575PB - Pre-Budded

#### 8 CITYLINE® Venice (H. m. 'Venice Raven' pp#10,928)

Big, bright fuchsia-colored flowers are long-lasting and change to an attractive green with age. Glossy foliage.

USDA 5-9, 1-3', gr 0.5, summer bloom ☀️ 🌧️ ✂️ 🌸 🌸

Item #: 37604 - 4" • 37605 - Quick Turn • 37605PB - Pre-Budded

## LET'S DANCE® Reblooming Hydrangea Series

While some are content to sell hydrangeas that won't bloom, we're on a quest to improve and improve. Blooming and garden performance means more than just leaves, or a few late season flowers on October eve. It helps that we're breeding in Michigan's harsh climate, as opposed to Germany or Georgia or some microclimate. Every winter our trial plants get killed to the ground or by frost in the spring and look toasty and brown. But they grow and they bloom so we know they'll bloom there, reliable garden performance pretty much everywhere. And as we develop better, more resilient hydrangeas, we phase out the old ones that no longer matter. We have an old saying that the best plant wins, so out with the old, send em off to the bin. So while you won't find Let's Dance in cheap discount stores, you'll find them in gardens performing, still blooming, from now evermore.

### Hydrangea macrophylla continued

#### 1 LET'S DANCE ¡ARRIBA!™ (H. x 'SMNHSC' ppaf, cbraf)

Our most prolific and reliable blooming mophead hydrangea to date. A hybrid between *H. macrophylla* x *H. serrata* hybrid with large, dense mophead flowers. It is so prolific you can finish and sell a flowering plant in same year you pot up trimmed liners. The rich flower color ranges from hot pink to purple to blue depending upon your soil pH, phosphorus and aluminum levels. The blooms age to an attractive mauve pink. Recommended as a replacement for Let's Dance Big Easy, Rave, Rhythmic Blue and other first generation reblooming hydrangeas.

USDA 4-9, 2-3' tall and 2-3' wide, gr 0.5, summer rebloomer

Item #: 42774 - 4" • 42775 - Quick Turn

#### 2 LET'S DANCE BIG BAND® (H. m. 'SMNHMP' ppaf, cbraf)

As Paul sings, "It's getting better all the time! Better, better, betterrrrr." He wasn't referring to our Let's Dance® series, of course, but his lyrics still apply. This outstanding reblooming mophead has enormous florets in vivid red-pink or royal blue. Adding to the drama, each one starts with a green-white eye that fills in as it matures. Strong stems and thick glossy foliage.

USDA 5-9, 2.5' tall and wide, gr 0.5, summer bloom

Item #: 36214 - 4" • 36215 - Quick Turn • 36215PB - Pre-Budded

#### 3 LET'S DANCE® BLUE JANGLES®

(H. m. 'SMHMTAU' pp#27,035, cbr#5283)

A real standout in the garden and in the container because of its sturdy frame and propensity to rebloom, this is unusually compact for a reblooming hydrangea. Readily turns blue with available aluminum.

USDA 5-9, 1-2', gr 0.5, summer rebloom

Item #: 34834 - 4" • 34835 - Quick Turn • 34835PB - Pre-Budded

#### 4 LET'S DANCE CAN DO!™ (H. serrata 'SMNHSI' ppaf, cbraf)

Let's Dance Can Do!™ hydrangea can really put on a show! It's not just our strongest rebloomer, it's also the fastest to rebloom, providing continuous displays of star-like double flowers through frost. The flower color is a very nice bright silvery-pink; periwinkle-violet when treated with aluminum. Dark foliage and good hardiness make it a first-rate landscape plant.

USDA 4-9, 3-4' tall and 3' wide, gr 0.5, summer bloom

Item #: 43954 - 4" • 43955 - Quick Turn

#### 5 LET'S DANCE® RAVE® (H. m. 'SMNHMSIGMA' pp#26,929, cbr#5628)

A strong, reliable bloomer with an abundance of mophead blooms ranging from a rich violet-purple color on acidic soils to an intense saturated pink on alkaline soils.

USDA 5-9, 2-3', gr 0.5, summer rebloom

Item #: 34824 - 4" • 34825 - Quick Turn

#### 6 LET'S DANCE® RHYTHMIC BLUE®

(H. m. 'SMHMES14' pp#25,836, cbr#5126)

One of our strongest rebloomers, the florets have distinctive star-shaped sepals that are packed into full, richly colored mophead flowers. Very easy shift from pink to amethyst-blue.

USDA 5-9, 3-4', gr 0.5, summer rebloom

Item #: 38744 - 4" • 38745 - Quick Turn

See page 14 for more information on our pre-budded hydrangea program

## BOLDER – BRIGHTER – BETTER

That's the mantra for our *Hydrangea paniculata* breeding program here at Spring Meadow. We want plants that raise expectations for growers, retailers, and gardeners alike, so we rigorously evaluate hundreds of selections according to set of non-negotiable features. We're looking for an earlier bloom time, so you can ship flowering plants in spring, as well as bright, pure color development that puts the old muddy colors of the past to shame. Strong stems, of course, are a given, and we also seek unique sizes and habits that expand how this practically fool-proof hydrangea can be used by landscapers and homeowners. These four newest selections deliver in a way that challenges even the most trusted industry stalwarts.

## *Hydrangea paniculata* - Panicle Hydrangea

Family: Hydrangaceae (panicul-ata: panicle-like, referring to the shape of the inflorescence)

### 1 LITTLE LIME PUNCH™ (*H. paniculata* 'SMNHPP' ppaf, cbraf)

It's a special day when you discover a plant that's as unique and beautiful as this one. Similar to Little Lime® hydrangea with its useful, compact stature and emerging lime-green blooms, but it differs as the flowers age to pink. New blooms emerge to give you a festive mix of pink, green, white, and Hawaiian punch-red blooms all on the same plant. It's hard to describe, but the plants just make you feel happy.

USDA 3-8, 3-5' tall and wide, gr, summer bloom ☀️ 🌧️ ✂️ 🌸 🌺  
Item #: 41162 - 2 ¼" - PREORDER ONLY, liners ship Spring 2022

### 2 FIRE LIGHT TIDBIT™ (*H. p.* 'SMNHPPK' ppaf, cbraf)

A dwarf hydrangea, a bit like Bobo®, but with a lower, mounded habit and a lot more color. The late season blooms emerge a bright lime green, transition to white and quickly take on hues of dragon fruit pink. A perfect, little front of the border plant to pair with Supertunia Vista Bubblegum®. As a bonus it will often give you a nice display of orange-red autumn foliage.

USDA 3-8, 2-3' tall and 3' wide, gr 1, summer bloom ☀️ 🌧️ ✂️ 🌸 🌺  
Item #: 40462 - 2 ¼" • 40464 - 4" • 40465 - Quick Turn

### 3 LIMELIGHT PRIME™ (*H. p.* 'SMNHPPH' ppaf, cbraf)

An improved, more refined Limelight with darker, healthier looking foliage, stronger stems and a more compact growth habit. The blooms emerge a vivid lime green and maintaining that color longer, often until they transition into a bubblegum pink. The blooms eventually finish a rich, punch pink. It makes better looking container, but just as quickly as 'Limelight'.

USDA 3-8, 4-6' tall and 4-5' wide, gr 0.5, summer bloom ☀️ 🌧️ ✂️ 🌸 🌺  
Item #: 43022 - 2 ¼" • 43024 - 4" • 43025 - Quick Turn

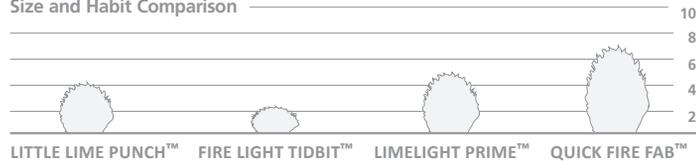

### 4 QUICK FIRE FAB™ (*H. p.* 'SMNHPPM' ppaf, cbraf)

A show stopping, early bloomer with lots of wow. The large, densely packed, upright, football shaped blooms are densely packed delicate, cruciform flowers of a pleasing coconut-lime color. But there's more. Delicious watermelon hues quickly appear at the base of the bloom and darken as they work their way up towards a contrasting lime-green tip. A fabulous, upright garden plant that holds its bottom-to-top blooms with ease and elegance.

USDA 3-8, 6-8' tall and 5-6' wide, gr 1, summer bloom ☀️ 🌧️ ✂️ 🌸 🌺  
Item #: 41522 - 2 ¼" • 41524 - 4" • 41525 - Quick Turn

Size and Habit Comparison

NEW  
2

NEW  
4

*Hydrangea paniculata* continued

**1 BOBO®** (*H. p.* 'ILVOBO' pp#22,782, cbr#4910)

Developed by the breeder of Pinky Winky®, super-dwarf Bobo® hydrangea is covered with large white flowers in summer. Flowers are held upright on strong stems, and take on nice pink tones as they age. This early bloomer is one of the smallest *H. paniculata* on the market. Award: Gold Floral award for best novelty plant.

USDA 3-8, 2.5-3' tall, 3-4' wide, gr 1, summer bloom ☀️ 🌧️ ✂️ 🌸 🌺

Item #: 39162 - 2 1/4" • 39164 - 4" • 39165 - Quick Turn

**2 FIRE LIGHT®** (*H. p.* 'SMHPFL' pp#25,135, cbr#5160)

The new standard by which to measure all hardy hydrangeas. Upright panicles are packed with florets that transform from pure white to pink and finish red by late summer. Its thick, sturdy stems present well in containers as well as the garden. Growers will like it as much as gardeners do! 2015 Shrub Madness® champion.

USDA 3-8, 6-8', gr 0.5, summer bloom ☀️ 🌧️ ✂️ 🌸 🌺

Item #: 38922 - 2 1/4" • 38924 - 4" • 38925 - Quick Turn

**3 'Limelight'** (*H. p.* pp#12,874, cbr#2319)

Lime green flowers are held upright on strong stems, maturing to an incredible combination of green, pink and burgundy in autumn. Hybridized by noted plantsman Pieter Zwijnenburg Jr. Awards: GMPA; AGM; Plant of Merit 2011, MOBOT. USDA 3-9, 6-8', gr 0.5, summer bloom ☀️ 🌧️ ✂️ 🌸 🌺

Item #: 39192 - 2 1/4" • 39194 - 4" • 39195 - Quick Turn

**4 LITTLE LIME®** (*H. p.* 'Jane' pp#22,330, cbr#3914)

Dwarf form of the ever-popular 'Limelight', Little Lime® hydrangea sports the same great flowers and coloration but is just a third the size of the original. It's a great choice for container gardens and smaller landscapes. Awards: 2011 Best New Plant ANLA Management Clinic; Gold Medal Plantarium 2013.

USDA 3-8, 3-5', gr 1, summer bloom ☀️ 🌧️ ✂️ 🌸 🌺

Item #: 39232 - 2 1/4" • 39234 - 4" • 39235 - Quick Turn

**5 Little QUICK FIRE®** (*H. p.* 'SMHPLQF' pp#25,136, cbr#5406)

The same early bloom time as the original Quick Fire® hydrangea, but just one-third the size. Lacecap flowers quickly age to a deep red before other varieties even show buds. The compact habit gives it wonderful container presentation at retail, and also makes it a good choice for patio planters.

USDA 3-8, 3-5', gr 1, early summer bloom ☀️ 🌧️ ✂️ 🌸 🌺

Item #: 39322 - 2 1/4" • 39324 - 4" • 39325 - Quick Turn

**6 PINKY WINKY®** (*H. p.* 'DVP PINKY' pp#16,166, cbr#2889)

Large, robust selection with enormous 12-16" long flowers that emerge white and gradually shade to pink from bottom to top. The thickest, most rigid stems on any *paniculata*. Makes a spectacular specimen or flowering hedge. Dr. Johan Van Huylenbroeck developed this beauty at the Flemish ILVO breeding station. Award: AGM.

USDA 3-8, 6-8', gr 1, summer bloom ☀️ 🌧️ ✂️ 🌸 🌺

Item #: 39382 - 2 1/4" • 39384 - 4" • 39385 - Quick Turn

**7 QUICK FIRE®** (*H. p.* 'Bulk' pp#16,812, cbr#3398)

Get a jump on hydrangea sales with the earliest blooming paniculata on the market! White blooms appear early in the season – around 4th of July here in Michigan - and turn red-pink before other paniculatas even begin to bloom. Noticeably high-quality foliage takes on excellent fall color. Bred by Mark Bulk, Boskoop, Netherlands. Awards: ASCFG Woody Cut Flower of the Year, 2019.

USDA 3-8, 6-8', gr 1, early summer bloom ☀️ 🌧️ ✂️ 🌸 🌹

Item #: 39042 - 2 1/4" • 39044 - 4" • 39045 - Quick Turn

**8 ZINFIN DOLL®** (*H. p.* 'SMNHPRZEP' pp#26,956, cbr#5721)

This hardy hydrangea produces loads of beautiful, dense blooms that emerge pure white, and much like Pinky Winky®, turn bright pink from the bottom up, then age to a dark red-pink. Growers and gardeners both will appreciate this plant's strong stems and unique flower color, as evidenced by its crowning as 2018 Shrub Madness National Champion from over 274,000 votes.

USDA 3-8, 4.5-6', gr 1, summer bloom ☀️ 🌧️ ✂️ 🌸 🌹

Item #: 38872 - 2 1/4" • 38874 - 4" • 38875 - Quick Turn

*Hydrangea quercifolia* • Oakleaf Hydrangea

Family: Hydrangaceae (querci-folia: Latin for oak-leaved)

**'Alice'**

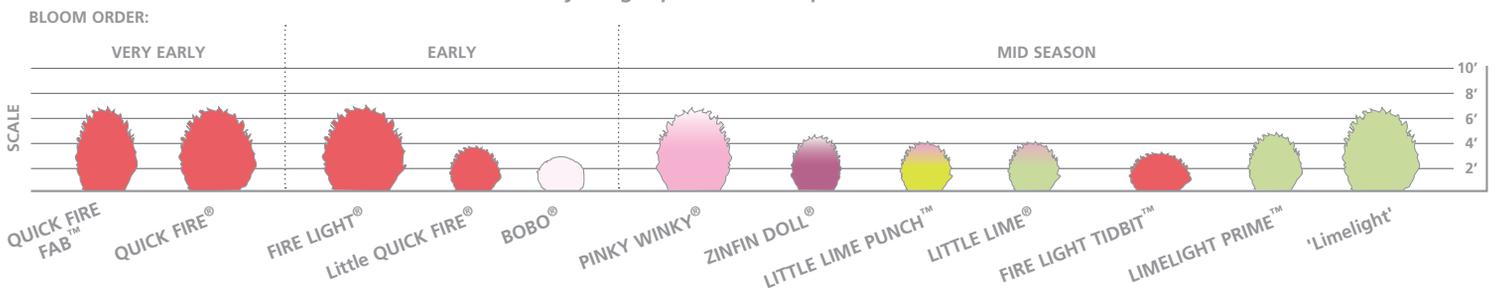

Vigorous selection from Dr. Dirr with 12" white panicles. Dark green foliage and burgundy fall color. Native.

USDA 5-9, 6-10', gr 1, summer bloom, fall foliage ☀️ 🌧️ 🌸

Item #: 40504 - 4"

*Hydrangea quercifolia* continued

**GATSBY™ Series**

Just as The Great Gatsby is a classic of American literature, *H. quercifolia* is a classic North American native hydrangea. Long prized by savvy gardeners, it's time to bring this sophisticated shrub to a wider market.

**1 GATSBY GAL®** (*H. q.* 'Brenhill' pp#25,106, cbr#5304)

An elegant, compact oakleaf with lots of impressively large flowers. Full panicles of pure white blooms are held upright above the foliage, and are quite large relative to the plant's size, making it an ideal choice for smaller gardens. Native.\*

USDA 5-9, 5-6', gr 1, summer bloom, fall foliage ☀️ 🌧️ 🌿

Item #: 40934 - 4" • 40935 - Quick Turn

**2 GATSBY MOON®** (*H. q.* 'Brother Edward' pp#25,413, cbr#5348)

Densely packed, doubled flowers, with stronger stems than 'Harmony'. The pure white florets create full, dense mophead panicles with a unique "quilted" effect. As the bloom ages, it turns a nice shade of green that lasts through most of the summer. Native.\*

USDA 5-9, 6-8', gr 1, summer bloom, fall foliage ☀️ 🌧️ 🌿

Item #: 40594 - 4" • 40595 - Quick Turn

**3 GATSBY PINK®** (*H. q.* 'JoAnn' pp#27,879, cbr#5639)

A remarkable oakleaf that boasts big showy lacecap blooms that quickly transform from pure white to a delightful pink. The dark green foliage turns mahogany-red in autumn. Another great plant developed by Powell Gardens of Kingsville, MO. Native.

USDA 5-9, 6-8', gr 1, summer bloom, fall foliage ☀️ 🌧️ 🌿 🌸

Item #: 40684 - 4" • 40685 - Quick Turn

**4 GATSBY STAR®** (*H. q.* 'Doughill' pp#25,412, cbr#5305)

It's got star power! Doubled blooms are similar to those of 'Snowflake', but the individual petals are pointed instead of rounded. The result is a beautiful, lacy panicle – and a very showy plant. Native.\*

USDA 5-9, 6-8', gr 1, summer bloom, fall foliage ☀️ 🌧️ 🌿

Item #: 40984 - 4" • 40985 - Quick Turn

**'Little Honey'** (pp#15,477)

The foliage of this branch sport of the dwarf selection 'Pee Wee' emerges gold and then changes to a pleasing chartreuse as the season progresses. Brilliant red autumn foliage. Discovered by Peter Catt of the UK. Native.

USDA 5-9, 3-4', gr 1.5, summer bloom, fall foliage ☀️ 🌧️ 🌿

Item #: 40714 - 4"

**'Munchkin'**

Developed by the U.S. National Arboretum, 'Munchkin' has a compact form and dense habit that makes it ideally suited to residential landscapes. Abundant white inflorescences appear in early summer, and gradually turn pink. The dark green foliage turns mahogany-red in fall. Native. Award: Theodore Klein Award.

USDA 5-9, 3' tall, gr 1.5, summer bloom, fall foliage ☀️ 🌧️ 🌿 🌸

Item #: 40744 - 4"

**'Pee Wee'**

This desirable dwarf selection has abundant white flower heads in early to mid-summer and excellent wine red autumn foliage. Its low compact habit is perfect for smaller gardens. Discovered by Richard Scott and Russell Blue of Alabama Nursery. Native. Awards: Theodore Klein Award.

USDA 5-9, 4-5', gr 1.5, summer bloom, fall foliage ☀️ 🌧️ 🌿

Item #: 40804 - 4"

2021  
HYDRANGEA  
OF THE YEAR

### 'Ruby Slippers'

White summer flowers quickly turn pale pink, then deepen to rose, and are held upright above the foliage. Flowers may reach 9 inches in length. Mahogany-red color in fall. Very well-suited for residential gardens. Developed by the USNA from a cross of 'Snow Queen' and 'Pee Wee'. Native.

USDA 5-9, 3-3.5', gr 1, summer bloom, fall foliage 🌞 🌧️ 🌿 🌸

Item #: 40874 - 4"

### 'Snow Queen'

Large, tightly packed, pure white panicles are held upright to create a unique summer flower display; they age to light pink. Leathery leaves have a superb burgundy color. Selected by William Flemer III. Native. Awards: GMPA, PSC.

USDA 5-9, 7-10', gr 1, summer bloom, fall foliage 🌞 🌧️ 🌿 🌸

Item #: 40974 - 4"

## Hydrangea serrata - Mountain Hydrangea

Family: Hydrangeaceae (serrata: serrated or toothed, referring to the leaves)

### TUFF STUFF™ Series

*H. serrata* is native to mountainous regions of Asia and Japan, and is better suited to cold conditions than its close relative *H. macrophylla*, which occurs in the milder coastal regions. The outstanding bud hardness of *H. serrata* makes it an especially promising species, but the Tuff Stuff™ series improves it further with excellent rebloom.

5 **Tiny TUFF STUFF™** (*H. s.* 'MAKD' pp#24,842, cbr#5125)

The flowers are so delicate and refined that it seems strange to call them tough, but they truly are. Extremely bud-hardy, this rebloomer reliably produces abundant lacecap flowers comprised of doubled sepals. While this plant leans blue, the flower color may range from blue to pink.

USDA 5-9, 1.5-2', gr 0.5, summer rebloomer 🌞 🌧️ 🌿 🌸

Item #: 43904 - 4" • 43905 - Quick Turn

6 **TUFF STUFF™** (*H. s.* 'MAK20' pp#24,820, cbr#4527)

Our hydrangea breeding goal was to deliver improved bud and stem hardness in addition to the ability to flower on new wood. Tuff Stuff™ hydrangea delivers on all accounts. Its attractive, red-pink, lacecap flowers create a mass of color in early summer. It continues to produce new buds and flowers right up until frost. Award: Gold Medal Plantarium 2012, 2017 Shrub Madness® champion.

USDA 5-9, 2-3', gr 0.5, summer rebloomer 🌞 🌧️ 🌿 🌸

Item #: 43874 - 4" • 43875 - Quick Turn • 43875PB - Pre-budded

7 **TUFF STUFF™ Red** (*H. s.* 'SMNMAKTSR' pp#28,672, cbr#5789)

Get the improved bud and stem hardness, the reblooming habit, and the double lace cap flowers of the original Tuff Stuff™ hydrangea, but with rich red tones. Strong stems give this mounded hydrangea appeal both in the container and the garden.

USDA 5-9, 2-3', gr 0.5, summer rebloomer 🌞 🌧️ 🌿 🌸

Item #: 43854 - 4" • 43855 - Quick Turn • 43855PB - Pre-budded

8 **TUFF STUFF AH-HA®** (*H. s.* 'SMNHSDD' pp#29,832, cbr#)

A standout plant in our field and container trials, with dinner plate-sized blooms encircled with a ring of waterlily-like double florets in blue or pink. An exceptional rebloomer, it is nearly always in flower during the season. 2021 Hydrangea of the Year. 2019 Shrub Madness® National Champion.

USDA 5-9, 2-3', gr 1, summer rebloomer 🌞 🌧️ 🌿 🌸

Item #: 41954 - 4" • 41955 - Quick Turn

## Hypericum - St. John's-Wort

Family: Hypericaceae (Hyper-icum: Greek name describing a heath-like habit)

### 'Sunburst' (*H. frondosum*)

Bright yellow flowers with a burst of fluffy yellow stamens in the center of each. Native. Award: PSC.

USDA 5-8, 3', gr 1, summer bloom ☀️ 🚫 🌻

Item #: 45242 - 2 1/4" • 45244 - 4"

### 1 BLUES FESTIVAL® (*H. kalmianum* 'SMHKBF' pp#25,795, cbr#5306)

Looking for a better blue hypericum? Here it is! Distinctive blue foliage hosts hundreds of bright yellow flowers in summer. Tightly branched and compact habit plus a long bloom time make this a good native flowering shrub for retail and for landscaping.

USDA 4-8, 2-3', gr 1, summer bloom ☀️ 🚫 🌻

Item #: 45482 - 2 1/4" • 45484 - 4" • 45485 - Quick Turn

### 2 SUNNY BOULEVARD® (*H. x 'Deppe'* pp#20,045, cbr#3587)

A neatly rounded shrub with an exceptionally long bloom time, beginning in July and continuing until September. The cheerful yellow flowers are small but abundant, and very showy. Native.

USDA 4-8, 2-3', gr 1, summer bloom ☀️ 🚫 🌻

Item #: 45172 - 2 1/4" • 45174 - 4" • 45175 - Quick Turn

## Ilex crenata - Japanese Holly

Family: Aquifoliaceae (Ilex: Latin word for holly; crenat-a: notched)

### 3 BRASS BUCKLE® (*I. c. 'ANNYS1'* pp#26,997)

This diminutive, finely textured Japanese holly shines all year long with glossy, burn resistant yellow foliage. Perfect for patio containers, edging walks or borders, and for mass planting. The shade, hue, and quality of this plant's foliage far outshines other golden *I. crenata*. Developed by Andre van Nijnatten of the Netherlands.

USDA 6-8, 12-18", gr 1, evergreen ☀️ 🌧️

Item #: 46402 - 2 1/4" • 46404 - 4" • 46405 - Quick Turn

### 4 PATTI O BOX® (*I. c. 'FARROWSK6'* pp#25,852)

Another great plant from Maryland plantsman Mike Farrow. Narrower than its sister Sky Box™ and much darker than typical *I. crenata*, this space-saving evergreen is scaled for smaller gardens and patios, and is perfect for selling in pairs to flank a formal entry. Its upright habit also makes it an excellent evergreen hedge or boxwood alternative.

USDA 6-8, 4-5', gr 1, evergreen ☀️ 🌧️

Item #: 46552 - 2 1/4" • 46554 - 4" • 46555 - Quick Turn

### 'Soft Touch'

Dr. Mike Dirr insisted we offer this selection. Just like the name says – this compact globe form has a pleasing soft texture!

USDA 6-8, 3-4', gr 1, evergreen ☀️ 🌧️

Item #: 46452 - 2 1/4" • 46454 - 4"

**5 SKY BOX®** (*I. c.* 'Farrowone' pp#20,049)

Add some architecture to your garden or decorative containers with this narrow, conical seedling of 'Sky Pencil' holly. It was selected for its superior production performance by Mike Farrow of Holly Hill Farms, Earleville, MD.

USDA 6-8, 4-5', gr 1, evergreen ☀️ 🌧️ 🚫 ♀

Item #: 46362 - 2 1/4" • 46364 - 4" • 46365 - Quick Turn

*Ilex glabra* - Inkberry Holly

Family: Aquifoliaceae (*glabra*: smooth or bald; lacking hairs)

**'Compacta'**

A great alternative to boxwood, with glossy dark green foliage and a broadly rounded form. Branching is compact right down to the ground, avoiding a naked or leggy look. An F&F Nursery selection. Native.

USDA 5-9, 3-4', gr 1, evergreen ☀️ 🌧️ 🚫 ♀

Item #: 46792 - 2 1/4" • 46794 - 4"

**'Shamrock'**

A standout with bright glossy green foliage and a compact upright habit. Native.

USDA 4-9, 3-4', gr 1, evergreen ☀️ 🌧️ 🚫 ♀

Item #: 47182 - 2 1/4" • 47184 - 4"

**6 GEM BOX®** (*I. g.* 'SMNIGAB17' pp#27,554, cbr#5629)

Ideal boxwood substitute! This dense, ball-shaped plant has dainty, dark green leaves with attractive red tips during the spring flush. Maintains good branching right to the ground so it never looks bare-legged like other cultivars. Great as a small evergreen hedge or as a container specimen. Female variety develops black fruits if a pollinator is in the vicinity. Native.

USDA 5-9, 2-3', gr 1, evergreen ☀️ 🌧️ 🚫 ♀

Item #: 47252 - 2 1/4" • 47254 - 4" • 47255 - Quick Turn

**7 STRONGBOX®** (*I. g.* 'ILEXFARROWTRACEY' pp#30,147, cbraf)

If it weren't for its dark foliage, you would have a hard time telling this compact native shrub from a boxwood. Maintains good branching right to the ground, so it never looks bare-legged like other cultivars. Great for small evergreen hedges or as a container specimen. Easily sheared in to balls, boxes, or tuna cans. Native.

USDA 5-9, 2-3', gr 1, evergreen ☀️ 🌧️ 🚫 ♀

Item #: 46972 - 2 1/4" • 46974 - 4" • 46975 - Quick Turn

## *Ilex x meserveae* - Blue Holly

Family: Aquifoliaceae (*I. rugosa* x *I. aquifolium*, named for hybridizer Kathleen Meserve)

### 'Blue Prince'

A hardy hybrid with dark green foliage. Use as the male pollinator for 'Blue Princess'. Hybridized by Kathleen Meserve.

USDA 5-7, 5-6', gr 1.5, evergreen ☀️ 🌧️ 🌿 ♂

Item #: 48952 - 2 ¼" • 48954 - 4"

### 'Blue Princess'

Dark blue-green leaves, and abundant red berries adorn this broad, irregular, rounded shrub. Use 'Blue Prince' as the pollinator. Hybridized by Kathleen Meserve.

USDA 5-7, 5-7', gr 1.5, evergreen ☀️ 🌧️ ✂️ ♀

Item #: 48962 - 2 ¼" • 48964 - 4"

### 1 CASTLE KEEP® (*I. x m.* 'SMNIFA' pp#31,118, cbraf)

Classic looking, but soft to the touch, the mysterious dark green foliage always caught our eye in our trials. A dense, well-branched broadleaf evergreen perfect for shaping into balls or low hedging. Red fruit when planted near male Castle Wall® ilex.

USDA 5-7, 3-5' by 3-4', gr 1, evergreen ☀️ 🌧️ ✂️ ♀

Item #: 49832 - 2 ¼" • 49834 - 4" • 49835 - Quick Turn

### 2 CASTLE SPIRE® (*I. x m.* 'Hachfee' pp#14,310)

A compact pyramidal blue holly with large, glossy dark green leaves, bright red berries, and superior branching. A great foundation, specimen, or hedge plant and alternative to 'Capitata' yew. Use Castle Wall® ilex as the male pollinator. Hybridized by Holger Hachmann, the renowned rhododendron breeder of Holstein, Germany.

USDA 5-7, 8-10', gr 1, evergreen ☀️ 🌧️ ✂️ ♀

Item #: 49032 - 2 ¼" • 49034 - 4" • 49035 - Quick Turn

### 3 CASTLE WALL® (*I. x m.* 'Heckenstar' pp#14,308)

A broadly columnar male blue holly with lustrous dark green leaves and superior, compact branching. Use to pollinate Castle Spire® and Castle Keep® ilex. An ideal foundation, specimen, or hedge plant that can be used as you would Hicks yew. A Holger Hachmann hybrid. Award: Bronze Medal Royal Boskoop Horticulture Society.

USDA 5-7, 5-8', gr 1, evergreen ☀️ 🌧️ 🌿 ♂

Item #: 49012 - 2 ¼" • 49014 - 4" • 49015 - Quick Turn

### RED BEAUTY® (*I. x* 'Rutzan' pp#14,750)

A distinctive holly that combines dark glossy foliage with an abundance of bright red fruit, it is very densely branched, with a narrow conical form. 'Blue Prince' is a suitable pollinator. A cross between *I. x meserveae* and *I. pernyi* developed by Elwin Orton of Rutgers University.

USDA 5-9, 5-8', gr 1.5, evergreen ☀️ 🌧️ ✂️ ♀

Item #: 49762 - 2 ¼" • 49764 - 4"

## *Ilex verticillata* - Winterberry Holly

Family: Aquifoliaceae (verticillata: whorled leaf arrangement)

### 4 BERRY HEAVY® (*I. v.* 'Spravy')

Large, bright orange-red berries put on a spectacular winter show. We watched this plant for years, and believe it rivals all other winterberry selections for its sheer volume of fruit. Leaves drop earlier, resulting in a better display. Use Mr. Poppins® ilex as the male. Selected by Dale Deppe. Native.

USDA 3-9, 6-8', gr 1.5, winter interest ☀️ 🌧️ ✂️ ♀

Item #: 48082 - 2 ¼" • 48084 - 4" • 48085 - Quick Turn

6

7

8

**5 BERRY HEAVY® Gold** (l. v. 'Roberta Case')

Strike it rich with Berry Heavy® Gold ilex, the winterberry with the biggest, brightest gold fruit yet. You will treasure this plant for gardens, mass plantings, or as a cut. Selected by the late, great plantsman and conservationist Fred Case of Saginaw, Michigan. Use Mr. Poppins® ilex as pollinator. Native.

USDA 3-9, 6-8', gr 1.5, winter interest ☀️ 🌧️ ✂️ ♀

Item #: 48352 - 2 ¼" • 48354 - 4" • 48355 - Quick Turn

**6 BERRY POPPINS®** (l. v. 'FARROWBPOP' pp#25,835, cbr#5286)

An excellent, heavy fruiting dwarf winterberry, Berry Poppins® ilex is ideal for gardeners who want bright winter color and fruit but don't have the space for conventional *I. verticillata*. It is heavier fruiting than 'Red Sprite.' Use Mr. Poppins® ilex as pollinator. Native.

USDA 3-9, 3-4', gr 1.5, winter interest ☀️ 🌧️ ✂️ ♀

Item #: 48152 - 2 ¼" • 48154 - 4" • 48155 - Quick Turn

**MR. POPPINS®** (l. v. 'FARROWMRP' pp#25,834, cbr#5287)

Early-blooming male pollinator for female Proven Winners® *Ilex verticillata* varieties. Native.

USDA 3-9, 3-4', gr 1.5, foliage plant ☀️ 🌧️ 🚫 ♂

Item #: 48162 - 2 ¼" • 48164 - 4" • 48165 - Quick Turn

**LITTLE GOBLIN® Guy** (l. v. 'NCIV3' pp#28,937, cbr#5936)

Pollinator for the Little Goblin® ilex series. Native.

USDA 3-9, 3-4', gr 1.5, winter interest ☀️ 🌧️ 🚫 ♂

Item #: 48192 - 2 ¼" • 48194 - 4" • 48195 - Quick Turn

**7 LITTLE GOBLIN® Orange** (l. v. 'NCIV2' pp#28,938, cbr#5935)

A precocious winterberry with abundant bright orange berries on a waist-high plant. Its compact habit makes it perfect for residential and commercial landscapes. Developed by Dr. Thomas Ranney of NCSU. Use Little Goblin® Guy ilex as pollinator. Native.

USDA 3-9, 3-4', gr 1.5, foliage plant ☀️ 🌧️ ✂️ ♀

Item #: 48542 - 2 ¼" • 48544 - 4" • 48545 - Quick Turn

**8 LITTLE GOBLIN® Red** (l. v. 'NCIV1' pp#27,109, cbr#5716)

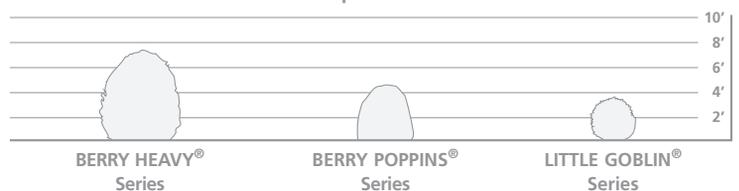

Tetraploid winterberry gives you abundant, extra-large red berries on a dwarf plant. Long berry retention and compact habit makes it ideal for residential landscapes. Developed by Dr. Thomas Ranney of NCSU.

USDA 3-9, 3-5', gr 1.5, winter interest ☀️ 🌧️ ✂️ ♀

Item #: 48582 - 2 ¼" • 48584 - 4" • 48585 - Quick Turn

## *Itea virginica* - Sweetspire

Family: Iteaceae (It-ea: Greek name for willow)

**NEW**

### 1 **FIZZY MIZZY™** (*I. v.* 'SMNIVMM' ppaf, cbraf)

An unconventional *Itea* noted for its numerous, heavenward-shooting white, early summer flower spikes. A neat and tidy habit, in a container and in the garden, she has thick, dark green leaves which contrast nicely with the lightly fragrant, pure white blooms.

USDA 5-9, 2-3' tall and 2-3' wide, gr 1, summer bloom      

Item #: 50732 - 2 1/4" • 50734 - 4" • 50735 - Quick Turn

### 'Henry's Garnet'

Loads of long, white flower clusters in early summer and dark reddish-purple fall color. Discovered by Mary Henry, introduced by Woodlanders, and named by the Scott Arboretum. Native. Awards: GMPA, GCA.

USDA 5-9, 3-4', gr 1, summer bloom, fall foliage      

Item #: 50902 - 2 1/4" • 50904 - 4"

### 2 **LITTLE HENRY®** (*I. v.* 'Sprich' pp#10,988)

A compact native flowering shrub with great fall color and fragrant white summer flowers. Perfectly suited for landscaping large banks, beds, and borders, this itea also has great container presentation. Developed by Richard Feist. Native. Award: PSC.

USDA 5-9, 2-3', gr 1, summer bloom, fall foliage      

Item #: 50922 - 2 1/4" • 50924 - 4" • 50925 - Quick Turn

### 3 **SCENTLANDIA®** (*I. v.* 'SMNIVDFC' pp#30,233, cbraf)

A game-changing plant on several accounts: first, it is the most fragrant itea we have ever experienced in years of trialing. Second, this compact selection has superior bud hardness, giving you more reliable blooming in colder climates where flower buds are often damaged. Finally, the autumn foliage color is a very attractive burgundy red. It's one sweet plant. Native.

USDA 5-9, 2-3', gr 1, summer bloom, fall foliage      

Item #: 51102 - 2 1/4" • 51104 - 4" • 51105 - Quick Turn

## *Juniperus* - Juniper

Family: Cupressaceae (Juniper-us: ancient Latin name for the plant)

**NEW**

### 4 **AQUAVITA™** (*J. virginiana* 'FARROWJVB' ppaf, cbraf)

An instant favorite in our field trials, this aqua-blue, pyramidal juniper is more graceful, more natural than the super narrow 'Blue Arrow'. Adaptable, elegant and easy to grow, this colorful native cedar will find a place in every garden and landscape.

USDA 4-9, 12-15' tall and 3-4' wide, gr 1.5, evergreen  

Item #: 51444 - 4" • 51445 - Quick Turn

### 5 **GIN FIZZ®** (*J. chinensis* 'RIKAG' ppaf, cbraf)

It's the berries that give gin its flavor, and it's the copious crop of blue berries that give this upright juniper its unique look. Dense, deep green foliage and vigorous growth add to its appeal.

USDA 4-8, 10-18', gr 1, evergreen  

Item #: 51454 - 4" • 51455 - Quick Turn

5

6

7

**6 MONTANA MOSS®** (*J. c.* 'SMNJCHM' pp#31,704, cbraf)

A cool blue compact spreading juniper with soft, attractive moss-like foliage. An easy way to add evergreen color to your product mix, with the added bonus of being drought tolerant, deer resistant, and darn easy to grow.

USDA 4-9, 2-4', gr 1, evergreen ☀️ 🚫

Item #: 51484 - 4" • 51485 - Quick Turn

**7 TORTUGA™** (*J. communis* 'SMNJCB' ppaf, cbraf)

A common juniper with uncommonly soft needles, naturally growing as a neat low mound of fluffy, jade green foliage. The perfect plant for the most difficult locations, such as underneath a silver maple. It is tolerant of deer, drought, dry soil, air pollution, poor fertility, mountain goats, polar vortices, black walnut toxicity, sand, rocks, ground hogs, limestone, and road salt; perhaps more.

USDA 2-7, 1-2' tall and 3-4' wide, gr 1, evergreen ☀️ 🌧️ ✂️

Item #: 51404 - 4" • 51405 - Quick Turn

**'Blue Star'** (*J. squamata*)

Slow-growing evergreen with a low mounded habit and spiky blue-green foliage. Tolerant of most soils, but not suited to the heat and humidity of the deep South.

USDA 4-8, 1-3' tall and 1-4' wide, gr 1.5, evergreen ☀️ 🚫

Item #: 51574 - 4"

**'Gold Cone'** (*J. communis*)

This narrow columnar evergreen has golden new growth, and holds its color well through the season. Winter brings blue-green coloration.

USDA 5-7, 3-5' tall and 1-2' wide, gr 1.5, evergreen ☀️ 🚫

Item #: 51724 - 4"

**'Blue Rug'** (*J. horizontalis* syn. 'Wiltonii')

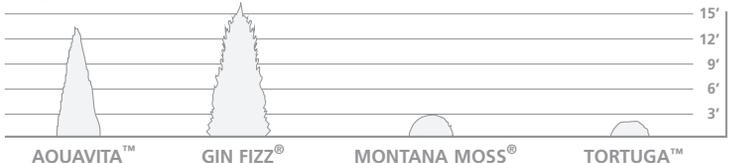

Prostrate evergreen with steely blue foliage. The creeping habit is good for rock gardens or to stabilize embankments. Adaptable groundcover; takes on purple tones in winter. Native.

USDA 3-9, 1-3' tall and 6-10' wide, gr 1.5, evergreen ☀️ 🚫

Item #: 51234 - 4"

**Juniperous Size and Habit Comparison**

## Lagerstroemia indica - Crapemyrtle

Family: Lythraceae (Lagerstroem-ia: Named after Magnus Lagerstroem, a friend of Carl Linnaeus; indic-a, from India)

### CENTER STAGE™ Series

Looking for crapemyrtles that won't disappear in the crowd? These beauties take center stage at retail and in the landscape! Developed at Spring Meadow by Megan Mathey with the goals of extremely disease resistant black foliage, an earlier bloom date, and truly stunning flower color. All three plants in this series, including the two new varieties, have demonstrated excellent heat tolerance in trials in Florida, making them an appealing choice for Southern growers.

NEW

#### 1 CENTER STAGE™ Coral (L. i. 'SMNLIJ' ppaf, cbraf?)

Trialed and tested at the University of Florida, the breeding goal of the Center Stage crapes is to bump up the bloom date, intensify the foliage color and reduce the mildew. Megan Mathey has done all that and more, delivering a vigorous growing, coral flowered beauty to round out this top flight series.

USDA 7-9, 6-12' tall and 8' wide, gr 1, summer bloom 🌞 🌿 🌸

Item #: 49632 - 2 ¼" • 49634 - 4" • 49635 - Quick Turn

NEW

#### 2 CENTER STAGE™ Pink (L. i. 'SMNLIG' ppaf, cbraf?)

The total package, this is one of the best performers in our University of Florida trails. Center Stage Pink bumps up the bloom date, intensifies the rich foliage color and reduces the mildew. Megan Mathey has sorted through thousands of plants to select only the best, cleanest, most vigorous growing crapes on the market.

USDA 7-9, 6-12' tall and 8' wide, gr 1, summer bloom 🌞 🌿 🌸

Item #: 49492 - 2 ¼" • 49494 - 4" • 49495 - Quick Turn

#### 3 CENTER STAGE™ Red (L. i. 'SMNLICBF' ppaf, cbraf)

Center Stage Red crapemyrtle vivacious cerise-colored blooms in summer. Performing very well in heat trials, as well as in our field and gardens here in West Michigan.

USDA 7-9, 6-12' tall and 8' wide, gr 1, summer bloom 🌞 🌿 🌸

Item #: 54202 - 2 ¼" • 54204 - 4" • 54205 - Quick Turn

### INFINITINI® Series

These dwarf crapemyrtle were developed by noted plant breeder Dr. Mike Uchneat, the inventor of Wave® petunia and Dragon Wing® begonia. The breeding goal was to develop small, container-friendly shrubs that could quickly be grown from a spring liner to a finished, saleable, heavy-blooming plant in the same season. Mission accomplished – and with exceptional hardiness, to boot.

#### 4 INFINITINI® Magenta (L. i. 'G2X133271' pp#27,474)

A heavy blooming, dense, mounded plant with dark pink-red blooms and neat, clean foliage.

USDA 6-10, 2-4', gr 0.5, summer rebloomer 🌞 🌿 🌸

Item #: 53622 - 2 ¼" • 53624 - 4" • 53625 - Quick Turn

#### 5 INFINITINI WATERMELON® (L. i. 'G2X133181' pp#29,007)

A bumper crop of luscious watermelon-pink blooms adorn this dwarf, low mounded crapemyrtle. Extra-hardy and strong blooming, this plant is great in production and has outstanding container presentation. May die back to the ground in colder regions but grows back quickly and flowers on its new wood.

USDA 6-10, 2-4', gr 0.5, summer rebloomer 🌞 🌿 🌸

Item #: 53592 - 2 ¼" • 53594 - 4" • 53595 - Quick Turn

### RIKKI TIKKI® Series

Developed by Megan Mathey, this series of dwarf crapemyrtle is characterized by dense, rounded habits, attractive foliage, and saturated flower color. Whether planted as foundation landscaping or mixed into the perennial garden, they provide appealing and unique pops of color well beyond their summer bloom time.

#### 6 RIKKI TIKKI® Pink (L. i. 'SMNLIDS' ppaf)

A unique dwarf plant with attractive foliage in hues of silver, burgundy-red, and green. Hot pink flowers are graced with bright yellow centers and are pleasingly proportional to the plant size. Excellent resistance to powdery mildew.

USDA 6-10, 3-5', gr 0.5, summer ☀️ 🌿 🌸

Item #: 54302 - 2 ¼" • 54304 - 4" • 54305 - Quick Turn

#### 7 RIKKI TIKKI® Rouge (L. i. 'SMNLIMG' ppaf)

A dense, dwarf plant with coral-red flowers and contrasting yellow centers. The glossy foliage is a combination of green, red, and chocolate. Excellent resistance to powdery mildew.

USDA 6-10, 3-5', gr 0.5, summer ☀️ 🌿 🌸

Item #: 54342 - 2 ¼" • 54344 - 4" • 54345 - Quick Turn

#### DOUBLE DYNAMITE® (L. i. 'WHIT X' pp#27,085)

This Dr. Whitcomb variety would be notable simply for its vivid cherry-red flowers and deep red-purple foliage, but its ability to bloom continuously on the same panicle make it extraordinary. Enjoy over 100 days of bloom on a dense, disease-resistant shrub.

USDA 7-10, 8-10', gr 1, summer rebloomer ☀️ 🌿 🌸

Item #: 52212 - 2 ¼" • 52214 - 4"

#### DYNAMITE® (L. i. 'Whit II' pp#10,296)

This is the first true red tree-form crapemyrtle, producing cherry red flowers even in full sun and heat. Crimson new growth. Upright form. High mildew resistance. A Dr. Whitcomb variety.

USDA 7-10, 10-15', gr 1, summer rebloomer ☀️ 🌿 🌸

Item #: 52642 - 2 ¼" • 52644 - 4"

#### RED ROCKET® (L. i. 'Whit IV' pp#11,342)

Like Dynamite® crapemyrtle, this Dr. Whitcomb selection produces cherry red flowers in hot sunny conditions. New growth is crimson, then dark green. Upright form. Highly resistant to mildew and anthracnose. Huge flower clusters up to 24".

USDA 7-10, 10-15', gr 1, summer rebloomer ☀️ 🌿 🌸

Item #: 52682 - 2 ¼" • 52684 - 4"

### Laurus nobilis - Sweet Bay

Family: Lauraceae (Laur-us: from the ancient Latin name for laurel)

#### 8 SICILIAN SUNSHINE® (L. n. 'LNSS')

Color and fragrance for warm climate landscapes! Uniformly crisp chartreuse to gold fragrant foliage sets this sweet bay apart from traditional cultivars. It has stronger and more consistent gold color than 'Aurea'. Attractive red petioles contribute additional color.

USDA 8-10, 4-10', gr 1.5, foliage interest ☀️ 🌿 🌸 ✂️ 🌿 🌸

Item #: 52602 - 2 ¼" • 52604 - 4" • 52605 - Quick Turn

1

2

## Leptodermis - Leptodermis

Family: Rubiaceae (Lepto-dermis: slender skin)

### L. oblonga

Attention plant geeks! This nifty shrub deserves to be more widely known. Fragrant blooms resemble lilacs, appearing in late spring and continuing until frost. Habit is tidy and low-mounding for a variety of landscape applications.

USDA 5-8, 1-1.5', gr 1, spring rebloomer 🌞 🌧️ 🌿 🍷

Item #: 52702 - 2 1/4" • 52704 - 4"

## Ligustrum - Privet

Family: Oleaceae (Ligust-rum: ancient Latin name for privet)

### 1 GOLDEN TICKET® (L. x 'NCLX1' pp#27,301, cbr#5560)

Enjoy all the fragrance, color, and versatility of this landscape classic without the problems - this privet is non-invasive! Dr. Thomas Ranney of NCSU made wide interspecific crosses to create this compact, colorful, eco-friendly flowering shrub. Great as a hedge, specimen, container plant, or even as a cut branch.

USDA 5-9, 4-6', gr 1, spring bloom 🌞 🌧️ 🌿 ✂️ 🍷

Item #: 53782 - 2 1/4" • 53784 - 4" • 53785 - Quick Turn

## Lonicera periclymenum - Honeysuckle

Family: Caprifoliaceae (Lonic-era: after Adam Lonitzer, 1528-1586, German physician and naturalist, peri-clymenum: Greek for "twining plant")

### 2 'Scentsation' (L. p. 'Scentsation' pp#16,240)

A very showy vine with fragrant yellow flowers from mid-spring to late summer, followed by bright red berries. This floriferous honeysuckle has a very long bloom time, and is a wonderful addition to summer gardens, especially when trained up a trellis or across a fence. Non-invasive. Award: Climbing plant of the year 2016, Le Rendez-vous Horticole, Montréal.

USDA 4-9, 10', gr 1, spring rebloomer 🌞 🌧️ 🌿 🍷

Item #: 54232 - 2 1/4" • 54234 - 4" • 54235 - Quick Turn

3

## Lonicera caerulea - Haskaps

(Caerul-ea: dark blue)

### 3 YEZBERRY® Series

Developed by Dr. Maxine Thompson in Oregon with plants from Hokkaido, Japan's northernmost island. Large, plump fruits are delicious straight from the plant, with a flavors of raspberries and blueberries. However, haskaps are easier to grow than both, as they are hardy to USDA zone 3 and not at all fussy about soil or pruning. Yezberry® haskaps bloom later, so their flowers are less susceptible to frost damage.

### YEZBERRY HONEY BUNCH® (L. c. 'Kaido' pp#28,662, cbraf)

Very sweet fruit on a compact plant that is better suited to the home landscape. Perfect for eating fresh, freezing, and processing. Use another Yezberry® variety as a pollinator.

USDA 3-7, 3-5', gr 1, summer fruit 🌞 🌧️ 🌿 🍷

Item #: 54882 - 2 1/4" • 54884 - 4" • 54885 - Quick Turn

### YEZBERRY® MAXIE™ (L. c. 'Kuchi' pp#28,622, cbraf)

Delicious blue berries are some of the largest we've ever seen, resembling olives in size and shape. Similar in shape and size to Yezberry® Solo™ Japanese haskap, ensuring very good yields and making harvesting easier. Requires another Yezberry® selection for cross pollination and fruit set.

USDA 3-7, 5-6', gr 1, summer fruit 🌞 🌧️ 🌿 🍷

Item #: 54902 - 2 1/4" • 54904 - 4" • 54905 - Quick Turn

### YEZBERRY® SOLO™ (L. c. 'Kapu' pp#26,820, cbraf)

This special selection is apomictic, meaning it will fruit without a pollinator present, though cross pollination with another Yezberry® variety ensures larger fruit and better yields. Good for eating fresh or for processing in to sauces, jam, or jelly.

USDA 3-7, 5-6', summer fruit 🌞 🌧️ 🌿 🍷

Item #: 54912 - 2 1/4" • 54914 - 4" • 54915 - Quick Turn

### YEZBERRY SUGAR PIE® (L. c. 'Hoka' pp#28,593, cbraf)

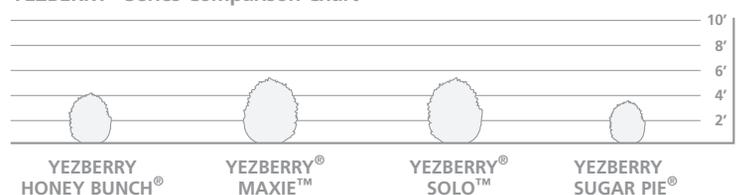

The most compact haskap is ideal for residential landscapes! Enjoy the large, sweet fruit fresh, frozen, or processed. Use another Yezberry® variety as a pollinator.

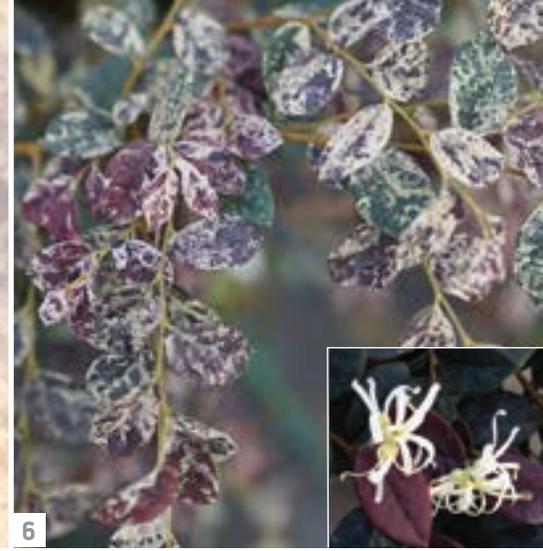

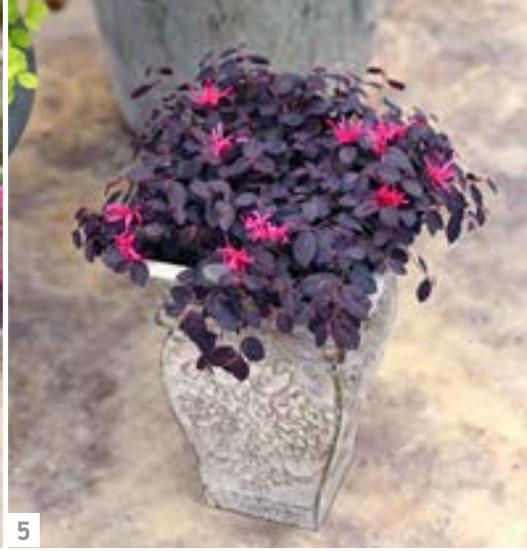

USDA 3-7, 3-4', gr 1, summer fruit 🌞 🌧️ 🌿 🍷

Item #: 54892 - 2 1/4" • 54894 - 4" • 54895 - Quick Turn

### YEZBERRY® Series Comparison Chart

## Loropetalum chinense - Chinese Fringe-flower

Family: Hamamelidaceae (Loro-petalum: Greek for strap-like petals)

### JAZZ HANDS® Series

A new series of vigorous loropetalum with outstanding form, flowers, and foliage. The series offers a range of plant sizes to meet every landscape application. The purple leaf selections all hold their rich color through the summer without fading to green like conventional varieties.

#### 4 JAZZ HANDS BOLD® (L. c. 'Kurenai Daiou' pp#27,748)

The largest plant of the series, everything about it is bold, from the vivid pink flowers which are larger than any other loropetalum to the extra-large leaves. It may be purple, but it's no shrinking violet.

USDA 7b- 9, 5-6', gr 1, spring/summer bloom

Item #: 53462 - 2 1/4" • 53464 - 4" • 53465 - Quick Turn

#### 5 JAZZ HANDS MINI® (L. c. 'Beni Hime' pp#27,752)

A ground-hugging dwarf loropetalum with black-purple foliage that holds its color all season long. Showy pink flowers contrast with the richly colored foliage, making it a wonderful little shrub for the front of the border, or in a decorative container.

USDA 7b, AHS 9, 10-12", gr 1.5, spring/summer bloom

Item #: 53412 - 2 1/4" • 53414 - 4" • 53415 - Quick Turn

#### 6 JAZZ HANDS NIGHT MOVES® (L. c. 'Suzuki' pp#30,833)

Fun and whimsical, Jazz Hands Night Moves is a unique and colorful combination of white flowers and purple variegated foliage. It makes a nice container and has very good impulse appeal in the garden center.

USDA 7b-9, 2-4', gr 1, spring/summer bloom

Item#: 53532 - 2 1/4" • 53534 - 4" • 53535 - Quick Turn

#### 7 JAZZ HANDS® Pink (L. c. 'Kurenai' pp#27,750)

Cool purple foliage has cranberry undertones that contrasts beautifully with the hot pink blooms. This showy plant is a great partner for Jazz Hands® Dwarf White loropetalum.

USDA 7b-9, 3-5', gr 1, spring/summer bloom

Item #: 53512 - 2 1/4" • 53514 - 4" • 53515 - Quick Turn

#### 8 JAZZ HANDS VARIEGATED® (L. c. 'Irodori' pp#27,713)

The first-ever variegated loropetalum, its new growth is punctuated with splashes of pink and white variegation throughout the season; vivid pink flowers appear in spring. A charming, truly unique plant that can be used as a specimen or as a hedge. Award: Retailers Choice, SNA

USDA 7b-9, 4-6', gr 1, spring/summer bloom

Item #: 53422 - 2 1/4" • 53424 - 4" • 53425 - Quick Turn

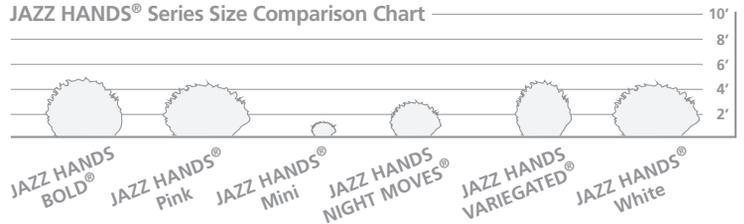

#### 9 JAZZ HANDS® White (L. c. 'Hakuou' pp#27,751)

The best-looking white flowered loropetalum we've ever seen. This selection has apple-green leaves and large white flowers that burst forth in spring and repeat sporadically through summer.

USDA 7b-9, 3-5', gr 1, spring/summer rebloom

Item #: 53502 - 2 1/4" • 53504 - 4" • 53505 - Quick Turn

### JAZZ HANDS® Series Size Comparison Chart

2

3

## Magnolia - Magnolia

Family: Magnoliaceae (Magnol-ia: bears the name of Pierre Magnol, French botanist)

### 'Ann'

Deep purple-red blooms appear later than most magnolias, so are less likely to succumb to the dreaded frost damage. Big, lily-like flowers often repeat during the summer. Awards: PSC.

USDA 4-9, 8-12', gr 1.5, spring bloom    

Item #: 55852 - 2 1/4" • 55854 - 4"

### 'Leonard Messel' (M. kobus var. loebner)

A magnificent large shrub/small tree with rose-purple buds that open pale pink. Originated at Nymans, the Messel family estate in Sussex, UK.

USDA 5-9, 15-20', gr 1.5, spring bloom    

Item #: 56092 - 2 1/4" • 56094 - 4"

### 'Royal Star' (M. stellata)

A superior, vigorous selection of *M. stellata*. Pink buds unfold to pure white, revealing 25 to 30 petals.

USDA 4-9, 10-15', gr 1.5, spring bloom    

Item #: 55602 - 2 1/4" • 55604 - 4"

## Microbiota - Siberian Cypress

Family: Cupressaceae (Micro: small; biota: old pseudonym for *Thuja*)

### 1 CELTIC PRIDE® (M. decussata 'Prides')

Siberian cypress is a hardy, low-growing evergreen for sun or shade, but the species is often plagued by unsightly tip die-back. This selection solves that, as it has superior disease resistance and winter color. Very hardy, deer resistant, and shade tolerant.

USDA 2-7, 1-3', gr 1, evergreen   

Item #: 57144 - 4" • 57145 - Quick Turn

### decussata

Hardy to -50°F, this plant looks like a cross between a creeping juniper and a fern. Graceful, bright green foliage turns russet-copper in winter.

USDA 2-7, 1-3', gr 1, evergreen   

Item #: 57104 - 4"

## Nerium oleander - Oleander

Family: Apocynaceae (Neri-um: from the ancient Greek name for the plant)

### 2 AUSTIN PRETTY LIMITS™ (N. o. 'ATXNOKHP' ppa)

We are super excited to offer this floriferous, healthy oleander with rich pink flowers and a compact habit. It comes to us from Kevin Hurd of Austin, Texas, a man who knows a good plant for hot climates when he sees one. We hope to have other colors to build a series, but we've not yet found any other plants this good. Tolerant of heat, drought, armadillos, air pollution, salt, and alkaline soil.

USDA 8-11, 4-6' tall and 4' wide, gr 1, year-round bloom    

Item #: 57462 - 2 1/4" • 57464 - 4" • 57465 - Quick Turn

4

## *Osmanthus heterophyllus* - False holly

Family: Oleaceae (Osm-anthus: Greek for fragrant flower; hetero-phyllus: varying leaves)

### 'Goshiki'

The name means "five colors" in Japanese, and you'll count at least that many on the flashy foliage of this versatile evergreen, especially on the spring new growth. Small white flowers in autumn make an impact primarily through their intense fragrance. Introduced by Barry Yinger.

USDA 6-9, 5-10', gr 1.5, evergreen ☀️ 🌧️ 🌬️ 🚫 🌱

Item #: 57424 - 4"

### 'Variegatus'

Clean green and white variegation make this handsome evergreen at home in formal and informal settings. Autumn brings small white flowers that emit a sweet fragrance. Can be shaped as desired, in production and in the landscape.

USDA 7-9, 6-12', gr 1.5, evergreen ☀️ 🌧️ 🌬️ 🚫 🌱

Item #: 57434 - 4"

## *Parthenocissus quinquefolia* - Virginia Creeper

Family: Vitaceae (Partheno: Greek for 'virgin'; kisso: Latin for five; folia: leaves)

### 3 RED WALL® (P. q. 'Troki')

Good fences make for good neighbors, but fences can be downright ugly.

This Virginia creeper was selected in Poland to dress up those miles of stockade fence going up each year with very bright, consistently red fall color. This fast-growing and salt-tolerant vine is the easiest way to create a colorful "green wall." Native.

USDA 3-9, 20-30', gr 0.5, fall foliage ☀️ 🌧️

Item #: 57614 - 4" • 57615 - Quick Turn

5

## *Philadelphus* - Mock Orange

Family: Hydrangeaceae (Philadelph-us: after King Ptolemy Philadelphus)

### ILLUMINATI™ Series

It's no longer a secret – these are some of the best philadelphus to come along in decades! After years of evaluation, these plants rose to the top of our trials for their fragrance, foliage quality, and novel new forms. The Illuminati series puts a truly enlightened spin on these formerly old-fashioned flowering shrubs.

### 4 ILLUMINATI ARCH® (P. coronarius 'SMNPBD' ppaf, cbraf)

Yeah, it has a lot of big white, showy doubled flowers, but it's the foliage that makes this plant special. *Philadelphus* typically has dull, paper-thin leaves that look ratty and tattered, but the newest member of the Illuminati series has thick, rugose, dark green leaves that look more like a viburnum than a mock orange.

The contrast between flowers and foliage is choice!

USDA 4-7, 4', gr 1, spring bloom ☀️ 🌧️ 🌬️ 🚫 🌱

Item #: 59970 - 2 ¼" • 59974 - 4" • 59975 - Quick Turn

### 5 ILLUMINATI TOWER™ (P. c. 'SMNPVG' pp#31,865, cbraf)

A truly unique and striking shrub with dense, upright branching and notable dark green foliage. Stems are punctuated in late spring with vertical rows of highly fragrant flowers, creating a four-sided tower effect.

USDA 4-7, 3-4' tall and 1.5' wide, gr 1

late spring bloom ☀️ 🌧️ 🌬️ 🚫 🌱

Item #: 58072 - 2 ¼" • 58074 - 4" • 58075 - Quick Turn

## *Physocarpus opulifolius* - Ninebark

Family: Rosaceae (Physocarp-us: bladder-fruit; opuli-folius: having foliage like Guelder-rose, aka Viburnum opulus)

### 1 **FESTIVUS GOLD**® (P. o. 'Bert Dart's G' pp#26,246, cbraf)

An improved dwarf version of 'Dart's Gold' with extra bright gold foliage. It maintains its yellow color throughout the season and is great both in the landscape and at retail. Native.

USDA 3-7, 3-4', gr 1, late spring bloom

Item #: 58582 - 2 1/4" • 58584 - 4" • 58585 - Quick Turn

### 2 **GINGER WINE**® (P. o. 'SMNPOBLR' pp#28,695, cbr#5939)

A standout plant with exceptional color and disease resistance – grow it and see for yourself! Foliage emerges a glowing orange-red and matures to bright burgundy. Large white flowers in late spring give way to red seedheads. Sturdy, upright stems make it excellent at retail and irresistible in the landscape. Native.

USDA 3-7, 5-6', gr 1, late spring bloom

Item #: 59062 - 2 1/4" • 59064 - 4" • 59065 - Quick Turn

### 3 **SUMMER WINE**® (P. o. 'Seward' pp#14,821, cbr#2641)

This showy, hardy variety has blush white flower clusters in mid-spring and has proven itself to be the most mildew-resistant dark-leaf physocarpus in trials at Longwood Gardens. It requires little pruning to make a full, appealing container. Native. Award: Theodore Klein Award University of Kentucky Arboretum.

USDA 3-7, 5-8', gr 1, late spring bloom

Item #: 58402 - 2 1/4" • 58404 - 4" • 58405 - Quick Turn

### 4 **SUMMER WINE**® Black (P. o. 'SMNPMS' pp#30,232, cbraf)

The darkest foliage of any ninebark, with a compact habit that makes it an excellent container plant. Native.

USDA 3-7, 5-6', gr 1, late spring bloom

Item #: 58362 - 2 1/4" • 58364 - 4" • 58365 - Quick Turn

### 5 **TINY WINE**® (P. o. 'SMPOTW' pp#26,749, cbr#5128)

Dwarf Tiny Wine® ninebark is extra bushy, with small, refined leaves. The dark bronze-maroon foliage is colorful all season, and contrasts beautifully with the blush white flowers in late spring. You'll also love its exceptional red fall foliage display and high mildew resistance. Native.

USDA 3-7, 3-5', gr 1, late spring bloom

Item #: 58502 - 2 1/4" • 58504 - 4" • 58505 - Quick Turn

### 6 **TINY WINE**® Gold (P. o. 'SMNPOTWG' pp#28,857, cbr#5940)

A gold version of Tiny Wine® ninebark with the same bushy habit and small, refined leaves. This is a heavy blooming plant, especially when young, so makes a very nice container display in the garden center in spring. High mildew resistance. Native.

USDA 3-7, 3-5', gr 1, late spring bloom

Item #: 58232 - 2 1/4" • 58234 - 4" • 58235 - Quick Turn

## *Pieris japonica* - Lily of the Valley Shrub

Family: Ericaceae (Pier-is: from the word Pierides, the collective name for the muses of Greek mythology)

### 7 **INTERSTELLA**® (P. j. 'FARROWJRF' pp#31,866, cbraf)

Call it lily of the valley shrub or call it andromeda, this selection of the shade tolerant landscape favorite has pendulous terminal clusters of rich red flowers that age to pink. Star-like new growth on this broadleaf evergreen emerges brilliant red. Developed by Mike Farrow of Maryland.

USDA 5-8, 3-4', gr 1, early spring bloom

Item #: 58992 - 2 1/4" • 58994 - 4" • 58995 - Quick Turn

## *Potentilla fruticosa* syn. *Dasiphora fruticosa* Bush Cinquefoil

Family: Rosaceae (Potent-illa: from the Greek potens meaning powerful, from reputed medicinal qualities; fruticosa: shrubby)

### 8 **HAPPY FACE HEARTS®** (*P. f.* 'SMNPPS' pp#30,710, cbraf)

A unique display of true pink flowers accentuated with a white star in the center of each. A healthy, dense plant that holds its color well from spring to fall. Native.

USDA 2-7, 1-2', gr 1, summer bloom ☀️ 🌧️ 🚫 🌻

Item #: 59872 - 2 1/4" • 59874 - 4" • 59875 - Quick Turn

### 9 **HAPPY FACE® Pink Paradise** (*P. f.* 'Kupinpa' pp#22,732)

The clear pink, semi-doubled flowers hold their color longer than other pink potentillas, although they may still fade under intense heat. This is an excellent choice for cooler climate gardeners who want flowers all summer long. Native.

USDA 2-7, 2-3', gr 1, summer bloom ☀️ 🌧️ 🚫 🌻

Item #: 59602 - 2 1/4" • 59604 - 4" • 59605 - Quick Turn

### 10 **HAPPY FACE® White** (*P. f.* 'White Lady' pp#22,761)

Extra large, pure white flowers adorn this plant from spring to late summer.

Native. USDA 2-7, 2-3', gr 1, summer bloom ☀️ 🌧️ 🚫 🌻

Item #: 59792 - 2 1/4" • 59794 - 4" • 59795 - Quick Turn

### 11 **HAPPY FACE® Yellow** (*P. f.* 'Lundy' pp#22,176, cbr#4912)

The big, bright flowers will stand out from all others, blooming in abundance from spring until late summer. The dense habit and dark, healthy foliage adds to its appeal. Native.

USDA 2-7, 2-3', gr 1, summer bloom ☀️ 🌧️ 🚫 🌻

Item #: 59112 - 2 1/4" • 59114 - 4" • 59115 - Quick Turn

## *Prunus incisa* - Ornamental Cherry

Family: Rosaceae (Pru-nus: classical name for plum; incis-a: sharply or deeply cut)

### 12 **ZUZU®** (*P. i.* 'Rinpo')

A dainty and petite shrubby ornamental cherry brought to us by Brian Upchurch. A spring bloomer with delicate, pure pink, fully double, carnation-like blooms. Small, neatly serrated leaves and congested branching create a dense, shrubby plant.

USDA 5-8, 5-8' tall, 3-5' wide, gr 1, spring bloom ☀️ 🌧️ 🌻

Item #: 60232 - 2 1/4" • 60234 - 4" • 60235 - Quick Turn

## *Punica granatum* - Pomegranate

Family: Lythraceae (Punic-a: from the ancient Roman word for the fruit)

### 13 **PEPPY LE POM™** (*P. g.* 'SMNPGMF' pp#31,828)

Introducing the perfect summer patio plant. This cute dwarf ornamental pomegranate is dainty and precocious. A long-blooming shrub with tiny leaves, an abundance of bright orange flowers, and itty-bitty ornamental fruit. In the North, keep it on the patio for summer color, bringing it indoors for winter. Grow it in the ground in the South. Everyone can enjoy the amazing color and celebrated history of this unique shrub.

USDA (7)8-10, 3-4' tall and 3' wide, gr 1, summer bloom ☀️ 🚫 🌻

Item #: 61362 - 2 1/4" • 61364 - 4" • 61365 - Quick Turn

## ×*Pyracomeles* - Pyracomeles

Family: Rosaceae (Intergeneric hybrid: Pyrac-, from *Pyracantha*; -omeles, from *Osteomeles*)

### 1 JUKE BOX® (×*P.* 'NCXP1' pp#31,409)

A remarkable new dwarf broadleaf evergreen that, at first glance, could be mistaken for boxwood or small leaf holly. However, ×*Pyracomeles* comes without the threat of boxwood blight or spider mites. It has a natural, ball-shaped habit but can be sheared into various shapes, just like boxwood. The plant is tight and finely branched with tiny, glossy, evergreen leaves. It is an intergeneric hybrid developed by NCSU by crossing *Pyracantha* with *Osteomeles*. It has no thorns and seldom flowers. It is the ideal evergreen for hedging, topiary, containers or for parterres, and has long been sought-after by bonsai enthusiasts.

USDA 7(6b)-9, 1-3', gr 1, evergreen 🌞 🌧️ 🌱

Item #: 61902 - 2 ¼" • 61904 - 4" • 61905 - Quick Turn

## *Rhamnus* - Buckthorn

Family: Rhamnaceae (Rham-nus: ancient Greek name for spiny plants)

### 'Argenteovariegata' (*R. alaternus*)

This handsome Mediterranean native, known as variegated Italian buckthorn, is a versatile plant for warm climate landscapes that is readily shaped for topiary or hedging. Foliage appears silver but is actually blue-green with an ivory margin. Orange flowers in early summer are followed by red fruit.

USDA 7-9, 12-14', gr 0.5, foliage interest 🌞 🌧️ 🍷 🌸

Item #: 61982 - 2 ¼" • 61984 - 4"

### 2 FINE LINE® Improved (*R. frangula*, syn. *Frangula alnus* 'SMNRFBT' ppaf)

Fine Line® Improved has the same narrow habit, irresistible texture, and low seed set that made the original a best seller, but with significantly improved branching that's dense and full all the way to the ground. No more shank at the base! It's ideal for stunning specimens, container plantings, and space-saving hedges.

USDA 2-7, 5-7' tall and 2' wide, gr 1, foliage interest 🌞 🌧️

Item #: 62002 - 2 ¼" • 62004 - 4" • 62005 - Quick Turn

## *Rhododendron* - Rhododendron

Family: Ericaceae (Rhododendron: From the Greek words for rose, rhodo, and tree, dendron)

### 3 BLACK HAT® (*R.* × 'NCRX2' pp#31,898, cbraf)

Developed by Dr. Tom Ranney at NCSU, this small-leaved, compact PJM-type rhododendron is a triploid hybrid with an extra-long display of pink to purple early spring flowers. Deep green foliage turns a lustrous, dramatic black in winter.

USDA 4-8, 3', gr 1, early spring bloom 🌞 🌧️ 🌸

Item #: 62332 - 2 ¼" • 62334 - 4" • 62335 - Quick Turn

### 4 DANDY MAN COLOR WHEEL® (*R.* × 'NCRX1' pp#31,150, cbraf)

Sure, it's gorgeous, with multiple colors in one flower, but it's also one tough dude. Flowers are red in bud, open a bright candy-pink, changing to blush and finally, white. On top of that, this *R. hyperythrum* hybrid resists root rot diseases and withstands heat.

USDA 5-9, 4-8', gr 1, spring bloom 🌞 🌧️ 🌸 🌸 🌸

Item #: 61105 - Quick Turn

5

6

7

8

**5 DANDY MAN® Pink** (R. 'PKT2011')

A unique combination of hardiness, heat tolerance and root rot resistance makes this *R. hyperythrum* hybrid a garden workhorse. Pink flowers adorn this attractive, well-branched evergreen during its early/mid-season bloom time. Developed by ARS past president Dr. Leonard Miller of Oklahoma.

USDA 5-9, 4-8', gr 1, spring bloom ☀️ 🌧️ 🌸

Item #: 62465 - Quick Turn

**6 DANDY MAN® Purple** (R. 'LAVJ2011' pp#26,976)

This super-hardy hybrid from the late Joe Parks has proven to withstand winters in Maine and New Hampshire. You'll love the rich purple blooms and healthy disposition. Pretty and tough, it's a superior evergreen for landscaping.

USDA 4-8, 4-8', gr 1, spring bloom ☀️ 🌧️ 🌸

Item #: 62435 - Quick Turn

*Rhus aromatica* - Fragrant Sumac

Family: Anacardiaceae (Rhus: ancient Greek name, aromatica: aromatic)

**'Gro-Low'**

Short, spreading groundcover with glossy green foliage and superb orange-red fall color. This low-maintenance favorite of landscapers was introduced by Synnsted Nursery. Native. Awards: GMPA, PSC.

USDA 3-8, 1-2', gr 1.5, fall foliage ☀️ 🌧️ 🍂

Item #: 62402 - 2 1/4" • 62404 - 4"

*Rosa* - Landscape Rose

Family: Rosaceae (Ros-a: Ancient Latin name for the plant)

**7 AT LAST®** (R. 'HORCOGJIL' pp#27,541, cbr#5631)

Finally - a fragrant, modern rose! At Last® combines all the romance of a fragrant, fully-petaled tea rose with the no-nonsense practicality and vigor of a landscape rose. Enjoy a non-stop display of large, sweetly perfumed orange blossoms from late spring through frost. Handsome, glossy foliage and a vigorous, rounded habit makes it ideal for use in the landscape or flower garden. Developed by Colin Horner.

USDA 5-9, 3', gr 1, summer rebloomer ☀️ 🌧️ ✂️ 🌸

Item #: 63612 - 2 1/4" • 63614 - 4" • 63615 - Quick Turn • 63616 - Bare Root

**JULIA CHILD™** (R. 'WEKvossutono' pp#18,473)

This All-American Rose Selection was personally chosen by its namesake for its buttery gold color and licorice candy fragrance. You'll love its disease resistance, rounded habit, and continuous blooms. Bred by Tom Carruth of Weeks Roses.

USDA 4-9, 2-3', gr 1, summer bloom ☀️ 🌧️ 🌸

Item #: 63834 - 4"

**8 SUÑORITA®** (R. 'CHEWGEWEST' pp#31,005, cbr#f)

Classic rose flowers start out orange and transform into rich hues of gold and yellow as they open and mature. A stand-out four years running in our no-spray trials, this shrub has shown good continuous blooming and healthy, glossy, dark green foliage.

USDA 5-9, 3-4', gr 1, summer rebloomer ☀️ ✂️ 🌸

Item #: 63982 - 2 1/4" • 63984 - 4" • 63985 - Quick Turn • 63986BR - Bare Root

Rosa continued

**RINGO® Series**

Ringo roses glam up the garden! Developed with the extraordinary talent of the UK's Chris Warner, this series provides disease resistance, durability, long bloom period, and the novelty of colorful, single flowers that not only sport a bright in their center but transform in tone as they age.

**1 RINGO®** (R. 'ChewBullseye' pp#28,394, cbr#6142)

The winner of six international rose awards, this eye-catching rose from Chris Warner is certainly bold, and perhaps a bit brash, with brightly bicolored blooms of banana-yellow and red which take on hues of pink with white over time. Award: Silver Certificate, 2017 The Hague Rose Trials.

USDA 4-8, 3-4', gr 1, summer rebloom

Item #: 63932 - 2 1/4" • 63934 - 4" • 63935 - Quick Turn • 63936BR - Bare Root

**2 RINGO ALL-STAR™** (R. 'Cheweyesup')

Named the Royal Horticulture Society Rose of the Year in 2015, this new member of our Ringo series features single flowers with a unique color blend of melon-orange and pink with distinct cherry-red eye and showy yellow stamen. They age to lavender-violet. Developed by Chris Warner of the UK.

USDA 4-8, 2-3' tall and 3' wide, gr 1, summer rebloomer

Item #: 63493 - 2 1/4" • 63494 - 4" • 63495 - Quick Turn • 63496BR - Bare Root

**OSO EASY® Landscape Roses**

Oso Easy rose are indeed easy to grow, and they offer the broadest color range of any landscape rose series plus surprising hardiness, with some varieties thriving in USDA zone 3. Dark green glossy foliage shows exceptional disease resistance and tidy habits make them ideally suited to any sunny landscape.

**3 OSO EASY® Double Pink** (R. 'MEIRIFTDAY' pp#30,912, cbraf)

Excellent disease resistance and abundant, continuous blooms set this low mounded, ground covering rose apart from the crowd. Ten or more double flowers are produced per stem, creating a cheerful mass of pink all summer. Glossy, dark green leaves add to its appeal. Developed by Meiland International of France. Awards: 2021 ARS Award of Excellence, 2021 A.R.T.S. Local Artist.

USDA 5-9, 1.5-2', gr 1, summer rebloomer

Item #: 65812 - 2 1/4" • 65814 - 4" • 65815 - Quick Turn • 65816BR - Bare Root

**4 OSO EASY DOUBLE RED®** (R. 'Meipeporia' pp#26,298)

A floriferous rose with doubled blooms, dark, disease-resistant foliage, and a sturdy, rounded habit. Flowers are held well above the foliage, providing a distinctive, highly showy look.

USDA 4-9, 3-4', gr 1, summer rebloomer

Item #: 63642 - 2 1/4" • 63644 - 4" • 63645 - Quick Turn • 63646BR - Bare Root

**5 OSO EASY HOT PAPRIKA®** (R. 'FARROWRSP' pp#30,383, cbraf)

If you like the classic Oso Easy® Paprika rose, you'll adore this colorful new sport. The same habit, performance and disease resistance, but with deeply pigmented flowers that range from dark orange to vivid salmon.

USDA 3-9, 1-2', gr 1, summer rebloomer

Item #: 69862 - 2 1/4" • 69864 - 4" • 69865 - Quick Turn • 69866BR - Bare Root

For more information on our bare root rose program, see page 14

12

**6 OSO EASY ITALIAN ICE®** (R. 'CHEWNICEBELL' pp#26,532, cbr#5131)

Electric-orange buds open to soft yellow flowers that melt into pink-blushed margins. The 'Peace'-like coloration is set off by dark green, glossy foliage. Semi-doubled, self-cleaning flowers have 24-30 petals each. 2021 Rose of the Year. 2020 Shrub Madness® National Champion.

USDA 4-9, 1.5-2.5', gr 1, summer rebloomer ☀️🌸

Item #: 63292 - 2 ¼" • 63294 - 4" • 63295 - Quick Turn • 63296BR - Bare Root

**7 OSO EASY LEMON ZEST®** (R. 'Chewhogan' pp#26,914, cbr#5130)

We evaluated yellow roses for years to find one that lived up to our demands for brilliant color and excellent disease resistance. This is it! Sunny, canary yellow flowers do not fade to white. It is free-flowering, self-cleaning, and highly disease resistant. The American Rose Society thinks so, too: it earned an ARS Award of Excellence in the No Spray category in 2016.

USDA 4-9, 2-3', gr 1, summer rebloomer ☀️🌸

Item #: 63442 - 2 ¼" • 63444 - 4" • 63445 - Quick Turn • 63446BR - Bare Root

**8 OSO EASY® Mango Salsa** (R. 'Chewperadventure' pp#22,190, cbr#4688)

Continuous blooms offer stunning color: shades of ruby red grapefruit, summer sunsets, and fancy tropical drinks with umbrellas in them. They cover the tidy mound of dark, glossy foliage.

USDA 4-9, 1-2', gr 1, summer rebloomer ☀️🌸

Item #: 69752 - 2 ¼" • 69754 - 4" • 69755 - Quick Turn • 69756BR - Bare Root

**9 OSO EASY® Paprika** (R. 'ChewMayTime' pp#18,347, cbr#3401)

This exceptionally hardy rose has loads of orange blooms accented by a bright yellow eye. Hybridized by Chris Warner of the UK. Awards: Best Groundcover Rose, Rose Hills International Rose Trials; MOBOT Tried and True.

USDA 3-9, 1-2', gr 1, summer rebloomer ☀️🌸

Item #: 69672 - 2 ¼" • 69674 - 4" • 69675 - Quick Turn • 69676BR - Bare Root

**10 OSO EASY PEASY®** (R. 'Phyllis Sherman' pp#29,167, cbr#f)

Winner of the 2017 American Rose Society Award of Excellence in the No Spray division, this rugged beauty sends continuous sprays of vivid pink flowers from early summer through frost. Developed by the award-winning rose breeder, David Charles Zlesak.

USDA 4-9, 2.5-3.5', gr 1, summer rebloomer ☀️🌸

Item #: 68312 - 2 ¼" • 68314 - 4" • 68315 - Quick Turn • 68316BR - Bare Root

**11 OSO EASY® Petit Pink** (R. 'ZLEMarianneYoshida' pp#22,205, cbr#4448)

Beautiful pink flower sprays and small green leaves are reminiscent of a miniature rose, but this variety is comparable to 'The Fairy' in its mature size. A very refined mound with a strong continuous bloom and exceptional disease resistance; it combines classic rose beauty with modern day performance. Awards: 2012 Miniature/Miniflora Rose Award of Excellence, American Rose Society. 2019 A.R.T.S. Master Rose.

USDA 4-9, 2.5-3.5', gr 1, summer rebloomer ☀️🌸

Item #: 63222 - 2 ¼" • 63224 - 4" • 63225 - Quick Turn • 63226BR - Bare Root

**12 OSO EASY® URBAN LEGEND®**

(R. 'ChewPatout' pp#28,395, cbr#5831)

Always in bloom during the season, this highly disease resistant rose was a standout in our no-spray rose trials. The double, scarlet red flowers are accentuated by cheery yellow stamens. Hybridized by Chris Warner of the UK. Awards: 2019 ARS Award of Excellence, No Spray Category.

USDA 4-9, 2.5-3', gr 1, summer rebloomer ☀️🌸

Item #: 63432 - 2 ¼" • 63434 - 4" • 63435 - Quick Turn • 63436BR - Bare Root

## Salix - Willow

Family: Salicaceae (Sa-lix: classical name for willow)

### 1 BLACK CAT® (*S. x leucopithecia* 'Lubbers Zwart' pp#27,403, cbr#6141)

This showy pussywillow features extra-large black catkins in late winter/early spring that are much larger than 'Melanostachys'. Its long branches make excellent cuts for winter arrangements. Very hardy and easy to grow in moist to wet, sunny areas. Prune back hard after flowering. This plant may occasionally send out a shoot with silver buds; if this occurs, simply prune it out.

USDA 4-7, 10-12', gr 1, early spring bloom ☀️ 🌧️ ✂️  
Item #: 70582 - 2 1/4" • 70584 - 4" • 70585 - Quick Turn

### 'Winter Glory' (*S. x I*)

Giant pussywillow. Catkins the size of a rabbit's foot make beautiful cut branches.

USDA 4-7, 10-12', gr 1, spring bloom ☀️ 🌧️ ✂️  
Item #: 70552 - 2 1/4" • 70554 - 4"

### 'Hakuro Nishiki' (syn. *S. integra* 'Alba Maculata')

The Japanese dappled willow is noted for its striking white-green-pink foliage. Its slender branches are always moving in the breeze. Regular pruning is necessary to maintain leaf variegation. Very popular.

USDA 4-7, 4-6', gr 1, foliage interest ☀️ 🌧️ ✂️  
Item #: 70902 - 2 1/4" • 70904 - 4"

### 'Mt. Asama' (*S. gracilistyla*)

Selected by florists in Japan for its pink-tinged pussywillow flowers. Buds emerge two-toned, dark burgundy and silver, before aging to black-silver. Named after the volcano Mt. Asama, it has larger catkins than *S. caprea*.

USDA 4-7, 8-10', gr 1, spring bloom ☀️ 🌧️ ✂️  
Item #: 70562 - 2 1/4" • 70564 - 4"

## Sambucus - Elderberry

Family: Adoxaceae (Sambuc-us: from the Latin word for elder tree)

### 2 BLACK LACE® (*S. n.* 'Eva' pp#15,575, cbr#2633)

Reminiscent of a Japanese maple with its lacy purple-black foliage, Black Lace® sambucus is a great plant for the perennial garden, patio, or entryway. In addition to unusual color and texture, it produces large pink flowers that reach 6"+ in diameter. Always a hit with home gardeners! Best coloration occurs with full sun and cooler temperatures; plants will not get dark black in southern climates. Developed by the British breeding program at the Horticulture Research Institute at East Malling. Awards: Silver Medal, Royal Boskoop Horticulture Society; AGM.

USDA 5-7, 6-10', gr 0.5, early summer bloom ☀️ 🌧️ 🌫️ 🌸 🍷  
Item #: 71862 - 2 1/4" • 71864 - 4" • 71865 - Quick Turn

### 3 INSTANT KARMA® (*S. n.* 'Sanivalk' pp#28,314, cbr#f)

A showy variegated elderberry with attractive bluish-green leaves edged with a neat variegated leaf margin that starts out gold in the spring and changes to cream as the season progresses. Big, lacy, pure white flowers in early summer add to its beauty. A major improvement over older variegated sambucus.

USDA 5-7, 6-8', gr 0.5, early summer bloom ☀️ 🌧️ 🌫️ 🌸 🍷  
Item #: 72002 - 2 1/4" • 72004 - 4" • 72005 - Quick Turn

5

6

7

8

**4 LACED UP®** (*S. n.* 'SNR1292' pp#29,051, cbraf)

If Dr. Seuss were a plant breeder, this is what he'd create. Deeply cut foliage is jet-black, with large pink inflorescences on a narrow, upright plant that curves this way and that. Unlike others, this elderberry holds its dark foliage color all season long, even under poly. A superb container plant that requires no pruning and can be spaced very closely. Developed by Ken Tobutt and Fiona Wilson of the UK; plant with a different *Sambucus nigra* for fruit.

USDA 5-7, 6-8', gr 1, early summer bloom 🌞 🌧️ 🌬️ 🌪️ 🌧️

Item #: 72322 - 2 1/4" • 72324 - 4" • 72325 - Quick Turn

**5 LEMONY LACE®** (*S. racemosa* 'SMNSRD4' pp#26,613, cbr#5719)

Check out this very hardy cut-leaf elderberry with bright golden foliage and improved sunburn resistance. Lemony Lace® sambucus is a colorful, shaggy mound of gold with red new growth. The foliage is more deeply cut than 'Sutherland Gold' or Black Lace® elderberry, resulting in a compact, irregular mound with extremely fine texture. White spring flowers produce red fruit in fall. It will tolerate full sun in northern climates, but prefers light shade in more southern areas. Native. Award: Bronze Medal, Plantarium 2014.

USDA 4-7, 4-7', gr 0.5, spring bloom 🌞 🌧️ 🌬️ 🌪️ 🌧️

Item #: 72542 - 2 1/4" • 72544 - 4" • 72545 - Quick Turn

## Schizophragma - False Hydrangea-Vine

Family: Hydrangaceae (Schizo-phragma: Greek meaning cleft wall, referring to the fruit capsules)

**6 ROSE SENSATION™** (*S. hydrangeoides* 'Minsens')

Elegant and distinctive, schizophragma is a great choice for nurseries looking to set themselves apart from the competition. This is a showier variety with larger, deeper pink sepals in June and July. It's a great addition to woodland settings or trained up walls and chimneys.

USDA 5-9, 40-50', gr 1, summer bloom 🌞 🌧️ 🌬️ 🌪️ 🌧️

Item #: 72752 - 2 1/4" • 72754 - 4" • 72755 - Quick Turn

**7 FLIRTY GIRL™** (*S. h.* 'Minsnow3' ppaf, cbraf)

One of the problems with both *Schizophragma* and climbing hydrangea is that they can take a while to mature and produce flowers. Flirty Girl™ solves this issue, producing beautiful flowering 2 or 3 gallon plants with loads of lightly fragrant white blooms. Young purple shoots add to its interest. Developed in France by Pepinieres Minier.

USDA 6-9, 40-50', gr 1, early summer blooms 🌞 🌧️ 🌬️ 🌪️ 🌧️

Item #: 72772 - 2 1/4" • 72774 - 4" • 72775 - Quick Turn

## Sorbaria - False Spiraea

Family: Rosaceae (Sorb-aria: resembling mountain ash)

**8 MR. MUSTARD™** (*Sorbaria sorbifolia* 'SMNSSC' ppaf, cbraf)

A diminutive selection, about a fifth the size of the species and about half the size of 'Sem'. It boasts brighter and longer-lasting colorful springtime foliage that yields an array of yellow, orange, red, and even pink hues. White, astilbe-like, flowers appear in summer attracting butterflies and other pollinators. As growth slows in mid-summer, the foliage transitions to a Kelly green. Remove the suckers annually to maintain a mounded habit or plant in restricted area to contain its growth. Tolerant of alkaline and clay soils.

USDA 2-7, 2-3' tall and 3-4'+ wide, gr .5, summer blooming 🌞 🌧️ 🌬️ 🌪️ 🌧️

Item #: 72934 - 4" • 72935 - Quick Turn

# Spiraea • Spirea

Family: Rosaceae (Spi-rae: Greek word for plant used in garland-making)

## DOUBLE PLAY® Series

What sets our *Spiraea* apart? We develop and select every plant for superior color and landscape-worthy habits. Double Play spirea are super showy from the time their first leaf buds emerge til the time the last leaf drops in fall. Blissfully quick to produce, they are always in demand by landscapers and homeowners alike.

### 1 DOUBLE PLAY® ARTISAN® (S. japonica 'Galen' pp#21,712, cbr#4072)

Naturally growing as a dense, compact mound, with foliage that emerges purple-red, turning blue-green. The flowers are a rich, pure pink.

USDA 3-8, 2-2.5', gr 0.5, late spring bloom 🌞 🌧️ 🍃 🚫 🌸

Item #: 74732 - 2 1/4" • 74734 - 4" • 74735 - Quick Turn

### 2 DOUBLE PLAY BIG BANG® (S. 'Tracy' pp#21,588, cbr#4073)

Massive pink flowers of extraordinary size adorn golden foliage that emerges glowing orange in spring. Award: KVBC Gold Medal, Boskoop.

USDA 3-8, 2-3', gr 0.5, late spring bloom 🌞 🌧️ 🍃 🚫 🌸

Item #: 76542 - 2 1/4" • 76544 - 4" • 76545 - Quick Turn

### 3 DOUBLE PLAY® BLUE KAZOO®

(S. media 'SMSMBK' pp#26,655, cbr#5942)

Cool blue foliage is the perfect contrast to the crisp white blooms of this hardy spirea. Hints of burgundy in the new growth foreshadow the red fall foliage. This neat, mounded plant is an excellent addition to the landscaper's palette.

USDA 3-8, 2-3', gr 0.5, late spring bloom 🌞 🌧️ 🍃 🚫 🌸

Item #: 74022 - 2 1/4" • 74024 - 4" • 74025 - Quick Turn

### 4 DOUBLE PLAY® CANDY CORN®

(S. j. 'NCSX1' pp#28,313, cbr#6176)

So colorful, you won't believe your eyes: candy apple red foliage starts the show in early spring. As the season progresses, older foliage transforms to pineapple yellow, creating a unique contrast with the orange-red new growth. Dark purple blooms in late spring make this one of the most eye-popping spirea yet!

USDA 4-7, 1.5-2', gr 1, late spring bloom 🌞 🌧️ 🍃 🚫 🌸

Item #: 76902 - 2 1/4" • 76904 - 4" • 76905 - Quick Turn

### 5 DOUBLE PLAY DOOZIE® (S. x 'NCSX2' pp#30,953, cbr#4)

The first-ever sterile, reblooming spirea - all of its energy goes into flowering!

Like all of the Double Play® varieties, spring foliage is the opening act. This selection starts the season with vibrant red and lime leaves that darken as the season progresses. The next act is the hot pink-red flowers that open in June and continue on until frost. A truly extraordinary and innovative plant, developed by Dr. Thomas Ranney and his crew at NCSU.

USDA 3-8, 2-3', gr 0.5, spring rebloomer 🌞 🌧️ 🍃 🚫 🌸

Item #: 76962 - 2 1/4" • 76964 - 4" • 76965 - Quick Turn

### 6 DOUBLE PLAY® Gold (S. j. 'Yan' pp#21,615, cbr#4074)

Abundant pink flowers cover this compact, gold leafed, low mounded beauty. In side by side trials with twenty other gold-leaf spirea, this plant shined above all others in the landscape and in containers. Awards: MOBOT Tried and True.

USDA 3-8, 1.5-2', gr 0.5, late spring bloom 🌞 🌧️ 🍃 🚫 🌸

Item #: 74762 - 2 1/4" • 74764 - 4" • 74765 - Quick Turn

11

**7 DOUBLE PLAY® PAINTED LADY®** (*S. j.* 'Minspi')

It takes spirea color to a whole new level, with brightly variegated yellow and green foliage and hot pink, late spring flowers. Great for perennial gardens, patio containers or any place you want a splash of color. The variegation is very stable and very consistent. From Minier Nursery of France.

USDA 3-8, 2-3', gr 0.5, late spring bloom 🌞 🌧️ 🐦 🚫 🌸

Item #: 74562 - 2 1/4" • 74564 - 4" • 74565 - Quick Turn

**8 DOUBLE PLAY® Pink** (*S. j.* 'SMNSJMFP' pp#26,995, cbr#5632)

How do you improve spirea? Create the perfect combination of form, flowers and foliage: a dense mounded habit, memorably dark red spring foliage, and then loads of pure, rich pink flowers in summer. Consider it a vastly improved 'Anthony Waterer.'

USDA 3-8, 2-2.5', gr 0.5, late spring bloom 🌞 🌧️ 🐦 🚫 🌸

Item #: 74132 - 2 1/4" • 74134 - 4" • 74135 - Quick Turn

**9 DOUBLE PLAY® Red** (*S. j.* 'SMNSJMFR' pp#26,993, cbr#5633)

A flower color breakthrough, this is the first and only spirea with uniquely red-hued flowers. Add in handsome dark burgundy spring foliage for the perfect double play.

USDA 3-8, 2-3', gr 0.5, late spring bloom 🌞 🌧️ 🐦 🚫 🌸

Item #: 73962 - 2 1/4" • 73964 - 4" • 73965 - Quick Turn

**10 GLOW GIRL®** (*S. betulifolia* 'Tor Gold' cbr#5121)

Pink buds open to pure white blooms in spring, just in time for the garden center shopping season. Lemon-lime foliage holds its color well, doesn't burn in summer, and transforms to rich burgundy in fall. There's no need to space or prune to produce an attractive container. Native.

USDA 3-9, 3-4', gr 1, late spring bloom 🌞 🌧️ 🐦 🚫 🌸

Item #: 73342 - 2 1/4" • 73344 - 4" • 73345 - Quick Turn

**'Goldmound'** (*S. j.*)

Bright gold foliage, pink flowers, and a low mounding form. Introduced by W.H. Perron Nursery.

USDA 3-9, 2-3', gr 1, late spring bloom 🌞 🌧️ 🐦 🚫 🌸

Item #: 74272 - 2 1/4" • 74274 - 4"

**'Little Princess'** (*S. j.*)

Larger leaves, faster growth, and abundant pink flowers, yet still more compact than other cultivars. Award: PSC.

USDA 3-9, 18-24", gr 1, late spring bloom 🌞 🌧️ 🐦 🚫 🌸

Item #: 74362 - 2 1/4" • 74364 - 4"

**'Magic Carpet'** (*S. j.*)

A dwarf spirea with vibrant red leaf tips above a backdrop of bright golden foliage. Pink-purple flowers in early summer. Use it as a groundcover!

Award: GCA.

USDA 3-9, 18-24", gr 1, late spring bloom 🌞 🌧️ 🐦 🚫 🌸

Item #: 74422 - 2 1/4" • 74424 - 4"

**11 WEDDING CAKE®** (*S. nipponica* 'SMNSNFD', pp#28,096, cbr#5941)

Improved flowering and a more compact habit made this improved 'Snowmound' spirea a standout in our trials. An explosion of pure white flowers in late May to early June jump out against its dark blue-green foliage. This is a waist-high shrub with a neat, fluffy, ball-shaped habit; a standout in both containers and in the garden.

USDA 4-8, 3-3.5', gr 1, spring bloom 🌞 🌧️ ✂️ 🚫 🌸

Item #: 75222 - 2 1/4" • 75224 - 4" • 75225 - Quick Turn

## Symphoricarpos - Coral Berry

Family: Caprifoliaceae (Symphor-i-carpos: Greek: to bear together and fruit)

### 1 PROUD BERRY® (S. 'Sofie' pp#21,226)

An improved selection of our North American native selected for its compact growth and profusion of bright pink berries in late summer to autumn. Plant in full sun and prune back to a height of one foot in late winter or early spring to get the best fruit display. Will fruit the first year! Great for mass plantings and for cut flower production. The fruit is not edible. Developed by Catharina Marie Hoekstra-Arisz of the Netherlands. Native.

USDA 3-7, 3-4', gr 0.5, summer bloom ☀️ 🌧️ ✂️ 🚫 🌸  
**Item #: 77382 - 2 1/4" • 77384 - 4" • 77385 - Quick Turn**

## Syringa - Lilac

Family: Oleaceae (Syring-a: Greek word for reed-pipe, as hollow stems were used as flute-like instruments)

### 2 BABY KIM™ (S. 'SMNSDTP' ppaf, cbraf)

An improved 'Miss Kim' with a more dwarf-compact habit and darker purple blooms. The flower color is a dark purple in bud and ages to a light lavender. Lovely fragrance and clean, vivid green foliage make this a wonderful landscape and garden lilac.

USDA 3-8, 1.5-2.5' tall and 2.5' wide, gr 1  
 late spring bloom ☀️ 🌧️ ✂️ 🚫 🌸  
**Item #: 77852 - 2 1/4" • 77854 - 4" • 77855 - Quick Turn**

### 3 BLOOMERANG® Dark Purple (S. x 'SMSJBP7' pp#26,549, cbr#5076)

Bloomerang Dark Purple lilac is a bigger plant than the original, with larger, more rounded inflorescences. It's very showy in spring, and continues to amaze with fragrant blooms from mid-summer to frost. Exceptional vigor makes it a fantastic production plant. Award: Green Thumb Award, DGA.

USDA 3-7, 4-6', gr 1, spring rebloomer ☀️ 🌧️ ✂️ 🚫 🌸  
**Item #: 81442 - 2 1/4" • 81444 - 4" • 81445 - Quick Turn**

### 4 BLOOMERANG® Dwarf Pink (S. 'SMNJRP1' pp#29,802, cbraf)

An improved version of Bloomerang® 'Pink Perfume' lilac with darker pink flowers and improved disease resistance. Both growers and consumers with love this plant for its healthy, vigorous growth, fragrance, and smaller habit.

USDA 3-7, 2.5-3', gr 1, spring rebloomer ☀️ 🌧️ ✂️ 🚫 🌸  
**Item #: 81662 - 2 1/4" • 81664 - 4" • 81665 - Quick Turn**

### 5 BLOOMERANG® Dwarf Purple (S. 'SMNJRP1' pp#29,831, cbraf)

A new and improved purple Bloomerang® lilac with more flowers and improved disease resistance. Growers and consumers with love this plant for its healthy, vigorous growth, sweet fragrance, and smaller habit.

USDA 3-7, 2.5-3', gr 1, spring rebloomer ☀️ 🌧️ ✂️ 🚫 🌸  
**Item #: 81882 - 2 1/4" • 81884 - 4" • 81885 - Quick Turn**

### 'Miss Kim' (S. patula)

A classic dwarf lilac with great disease resistance. Late blooming, with very fragrant icy lavender flowers.

USDA 3-8, 3-5', gr 1, late spring bloom ☀️ 🌧️ ✂️ 🚫 🌸  
**Item #: 79302 - 2 1/4" • 79304 - 4"**

**6 SCENT AND SENSIBILITY™ Pink**

(S. x 'SMSXPM' pp#26,548, cbr#5077)

A sweet delight for spring gardens! This dwarf lilac is wider than it is tall, and produces copious dark pink buds which open to soft pink flowers. It is very fragrant. A product of the same breeding program as Bloomerang® lilacs, it does have some rebloom through the summer, but its unique habit and superlative fragrance are what makes it special.

USDA 3-7, 2-3' tall and 4-5' wide, gr 1  
spring bloom 🌞 🐝 🌿 ✂️ 🚫🔥 🌸

Item #: 81352 - 2 1/4" • 81354 - 4" • 81355 - Quick Turn

**7 SCENTARA® Double Blue** (S. x h. 'SMNSHBBL' pp#29,801, cbraf)

A lush, fully doubled, blue lilac with powerful, sweet fragrance. Selected for its unique flowers, compact, rounded growth habit, and mildew tolerance. Thick dark green foliage.

USDA 2-8, 6-8', gr 1, spring bloom 🌞 🐝 🌿 ✂️ 🚫🔥 🌸

Item #: 78472 - 2 1/4" • 78474 - 4" • 78475 - Quick Turn

**8 SCENTARA PURA®** (S. x h. 'SMNSHSO' pp#31,119, cbraf)

A standout in our field and container trials, this well-branched, semi-dwarf, compact lilac blooms heavily every spring. The flower buds emerge a mulberry-violet and open to a clear jacaranda purple. Developed from low-chill bloodlines and resistant to mildew.

USDA 2-8, 4-6', gr 1, spring bloom 🌞 🐝 🌿 ✂️ 🚫🔥 🌸

Item #: 78502 - 2 1/4" • 78504 - 4" • 78505 - Quick Turn

*Taxus x media* - Yew

Family: Taxaceae (Tax-us: ancient Latin name for yew)

**9 STONEHENGE DARK DRUID™** (T. x m. 'SMNTHDB' ppaf, cbraf)

Noted for its deep green foliage and tight rounded habit. Useful as a low mounded hedge, much like you'd use boxwood. Superb hardiness and winter coloration.

USDA 4-7, 2-3' tall and 3' wide, gr 1.5, evergreen 🌞 🚫🔥

Item #: 83412 - 2 1/4" • 83415 - Quick Turn

**10 STONEHENGE®** (T. x m. 'SMNTHDC' ppaf, cbraf)

Think of this evergreen as a thin, fast growing 'Hicksii'. Perfect for hedging or foundation plantings where a narrow plant works best. It has been in our field trial for over five years and has never needed pruning, shearing, or shown signs of winter burn. This shrub is narrow enough to be useful and interesting, dense enough to look good in a container, and fast-growing enough to be profitable.

USDA 4-7, 8-10' tall and 2-4' wide, gr 1, evergreen 🌞 🚫🔥

Item #: 83392 - 2 1/4" • 83395 - Quick Turn

**11 STONEHENGE SKINNY™** (T. x m. 'SMNTHDPF' ppaf, cbraf)

Similar to Stonehenge - except skinnier. No pruning or shearing, and little to no spacing is needed to produce this dense, dark green columnar yew. We've been watching this plant for over eight years, and it holds its dark color all year long and has never shown signs of winter burn. Useful as a super skinny hedge or as a specimen plant.

USDA 4-7, 6-8' tall and 8-10" wide, gr 1.5, evergreen 🌞 🚫🔥

Item #: 83405 - Quick Turn

NEW

**Tecoma** - Trumpet Bush, Esperanza

Family: Bignoniaceae (Teco-ma: from tecomaxochitl, the Nahuatl name for the plant)

**CHICKLET™ Series**

Yes, these tender shrubs are hardy only to USDA zone 8 – but that doesn't mean it can't find a place in your production! Tecoma is a non-stop blooming machine, producing hundreds of vivid, trumpet-shaped blooms all summer long. It's ideal for patio containers, along the same lines as mandevilla or tropical hibiscus. Specially selected for compact, easily-managed habits and major flower power, this cool new series provides a novel option for those looking for something new and different, whether for warm climate landscaping or cool climate summerscaping. More colors to come.

NEW

**1 CHICKLET™ Orange** (*Tecoma fulva* 'TEC14004')

Think of Chicklet Orange tecoma as a long-blooming trumpet vine in a non-invasive, compact shrub form. Rich orange panicles provide a festive display of color, both as a garden shrub in hot areas or as a patio plant in cooler climates.

USDA 8-11, 3-6' tall and 2-4' wide, gr .5

**3 FULL SPEED A HEDGE® 'American Pillar'** (T. o. pp#20,209)

A sport of 'Hetz Wintergreen' selected for its super-fast growth and tall, narrow habit. It maintains this useful, desirable columnar shape with minimal pruning and has tremendous potential in both the residential and commercial landscape markets. A single-leader variety that has shown some deer resistance, it is also very hardy. Native. See page 17 for more information.

USDA 3-8, 15-20', gr 1, evergreen ☀️ ☀️

Item #: 84372 - 2 ¼" • 84374 - 4" • 84375 - Quick Turn • 84376

**4 ANNA'S MAGIC BALL®** (T. o. 'Anna van Vloten' pp#25,868, cbr#5284)

Versatile in the landscape and irresistible at retail, this bright gold dwarf conifer is a sport of 'Danica.' From Van Vloten Nursery in Canada, it naturally grows as a tidy, compact sphere with good burn resistance and winter color retention. Native.

USDA 3-7, 10-15", gr 1.5, evergreen ☀️ ☀️

Item #: 83912 - 2 ¼" • 83914 - 4" • 83915 - Quick Turn

**FIRE CHIEF™** (T. o. 'Congabe' pp#19,009)

Finally! A durable orange globose thuja. This evergreen ball is a mutation of 'Rheingold' with much brighter spring foliage and deeper red on the tips. It is also less prone to splitting. Native.

USDA 3-7, 3-4', gr 1.5, evergreen ☀️ ☀️

Item #: 84232 - 2 ¼" • 84234 - 4"

**'Golden Globe'**

This globose evergreen is a slower growing mutation of 'Woodwardii' with soft yellow foliage. Native.

USDA 3-7, 2-3', gr 1.5, evergreen ☀️ ☀️

Item #: 84292 - 2 ¼" • 84294 - 4"

**'Hetz Midget'**

Dense compact globe with fans of green foliage. The growth rate slows and habit becomes more squat with age. Introduced by Fairview Evergreen Nurseries. Native.

USDA 3-7, 1-2', gr 1.5, evergreen ☀️ ☀️

Item #: 84322 - 2 ¼" • 84324 - 4"

**MR. BOWLING BALL®** (T. o. 'Bobozam')

A dwarf, mounded globe with soft, silvery-blue juvenile foliage. The habit is tight and compact, creating an outstanding landscape or container plant. Also known in the trade as 'Linesville', which was discovered and named by Joe Stupka. Native.

USDA 4-7, 12-15", gr 1, evergreen ☀️ ☀️

Item #: 83952 - 2 ¼" • 83954 - 4"

**'Nigra Dark Green'**

A pyramidal form with deep green foliage and good winter color. Native.

USDA 3-7, 20-25', gr 1.5, evergreen ☀️ ☀️

Item #: 84462 - 2 ¼" • 84464 - 4"

**5 NORTH POLE®** (T. o. 'Art Boe' pp#22,174, cbr#3912)

This fast-growing narrow columnar selection of 'Wintergreen' has excellent hardiness and dark green winter foliage color. Far more narrow than 'Smaragd' (aka 'Emerald Green'), it is also resistant to winter burn. Developed by Art Boe of Faribault, MN. Native.

USDA 3-7, 10-15', gr 1, evergreen ☀️ ☀️

Item #: 84472 - 2 ¼" • 84474 - 4" • 84475 - Quick Turn

## Thuja continued

### **PANCAKE™** (*T. a.* 'Concesarini' pp#24,013)

No pruning is necessary to maintain the distinctive flattened shape of this appealing arborvitae. The juvenile foliage turns a lovely blue hue in fall and winter. Native.

USDA 3-7, 1' tall and 2-3' wide, gr 1.5, evergreen ☀️ 🌧️

Item #: 84482 - 2 ¼" • 84484 - 4"

### **1 POLAR GOLD®** (*T. a.* 'SMT0YB' pp#25,388, cbr#6177)

Polar Gold arborvitae has attractive gold foliage year-round and is perfectly scaled for residential landscapes. Similar to 'Brandon' in size and habit, its dense, finely-textured foliage is resistant to windburn. Native.

USDA 3-7, 12-15' tall and 4-6' wide, gr 1, evergreen ☀️ 🌧️

Item #: 84072 - 2 ¼" • 84074 - 4" • 84075 - Quick Turn

### **SKYWALKER™** (*T. a.* 'SMT0BP' pp#25,700)

The force is strong in this one...with its very narrow habit and good resistance to windburn, it will be a great addition to landscapes. Similar to 'Brandon' in height, but it has a very conical shape. Native.

USDA 3-7, 12-15' tall and 3-5' wide, gr 1, evergreen ☀️ 🌧️

Item #: 84102 - 2 ¼" • 84104 - 4"

### 'Smaragd'

Known in North America as 'Emerald' or 'Emerald Green,' this arborvitae is a very popular, tight pyramidal form with shiny, bright emerald-green foliage and good winter color. A classic from D.T. Poulsen, Denmark. Native. Award: PSC.

USDA 4-7, 10-15', gr 1.5, evergreen ☀️ 🌧️

Item #: 84632 - 2 ¼" • 84634 - 4"

### **THIN MAN™** (*T. a.* 'SMT0TM' pp#25,672)

Fast growing and perfect for screening! Its narrow habit makes it easy to fit into landscapes, and provides four season privacy. It holds its winter color well. Native.

USDA 3-7, 12-15', gr 1, evergreen ☀️ 🌧️

Item #: 83942 - 2 ¼" • 83944 - 4"

### **2 TATER TOT®** (*T. a.* 'SMNT0BAB' pp#30,761, cbr#f)

A dwarf globe thuja, slightly taller than wide, with swirling fans of dark green foliage. This seedling of 'Brandon' has shown itself to be hardy and burn resistant, and to make a neat and tidy container. Faster growing than 'Danica' or 'Hetz Midget.' Perfect for small gardens. Formerly sold as Tiny Tot™.

USDA 3-7, 1-2', gr 1.5, evergreen ☀️ 🌧️

Item #: 84042 - 2 ¼" • 84044 - 4" • 84045 - Quick Turn

## *Thuja plicata* - Western Arborvitae

Family: Cupressaceae (plicat-a: pleated or folded)

### **3 FLUFFY®** (*T. p.* 'SMNTPGF' pp#30,762, cbr#f)

A unique, dwarf arborvitae with glossy, golden, fluffy foliage and a natural tight, pyramidal habit. Hardy, with good winter color retention and burn resistance.

USDA 5-8, 5-10', gr 1, evergreen ☀️ 🌧️

Item #: 85372 - 2 ¼" • 85374 - 4" • 85375 - Quick Turn

### **4 SPRING GROVE®** (*T. p.* 'Grovepli')

A hardy and fast-growing Western arborvitae selected at Spring Grove Cemetery and Arboretum in Cincinnati, OH. Spring Grove thuja is a superior selection with rich green foliage, a lush, pyramidal habit, and excellent winter color. This clone has experienced -25°F/-31°C without missing a beat! It has shown surprisingly good resistance to deer browsing. Native. Award: First Choice Award.

USDA 5-8, 25-30', gr 1, evergreen ☀️ 🌧️

**Viburnum** - Viburnum

Adoxaceae (Viburn-um: Ancient Roman name for the plant)

**Fragrant viburnum**

**5 SWEET TALKER™** (V. 'NCVX4' ppaf)

Fragrant viburnums are a perennial favorite – here's one that's fast and easy to grow. Tubular pink flowers greet you in early spring with a sweet, spicy, honey scent. The glossy, semi-evergreen foliage is an attractive forest green with a cast of burgundy which intensifies in autumn. This hybrid of *V. x bodnantense* x *V. suspensum* combines heat tolerance, viburnum leaf beetle resistance, reasonable resistance to deer, and high salt tolerance. Great for hedging, privacy screens, or as a small tree.

USDA 7-8, 8-10' tall and 3-5' wide, gr 1  
early spring rebloomer ☀️ 🌧️ ❄️ 🚫 🌸

Item #: 87432 - 2 1/4" • 87434 - 4" • 87435 - Quick Turn

Viburnum continued

David viburnum

1 **YIN™** (*V. davidii* 'NCVX2' ppaf)

An elegant, compact evergreen hybrid between *Viburnum davidii* and *V. propinquum* that combines the beauty of David viburnum with the heat tolerance of Chinese viburnum. Thick, glossy, three veined, bluish-green leaves and showy round clusters of white spring flowers. The flowers are followed by elliptical blue fruit if pollinated by Yang™ viburnum.

USDA 7b-9, 2-4' tall and 4' wide, gr 1, spring bloomer ☀️ 🌧️ 🚫 🌱

Item #: 87392 - 2 ¼" • 87394 - 4" • 87395 - Quick Turn

2 **YANG™** (*V. davidii* 'NCVX3' ppaf)

Another elegant, compact evergreen viburnum hybrid (*V. davidii* x *V. propinquum*) with thick, glossy, bluish-green leaves and showy round clusters of white spring flowers. The flowers are followed by elliptical blue fruit if pollinated by Yin™ viburnum.

USDA 7b-9, 2' tall and 4' wide, gr 1, spring bloomer ☀️ 🌧️ 🚫 🌱

Item #: 87382 - 2 ¼" • 87384 - 4" • 87385 - Quick Turn

Arrowwood viburnum

3 **ALL THAT GLITTERS®** (*V. dentatum* var. *deamii* 'SMVDLS' pp#26,576, cbr#5410)

Unusually glossy foliage makes for very appealing presence in the garden center and in the landscape. Smaller than typical *V. dentatum*, this handsome shrub is ideally sized for residential plantings. Large white flower clusters appear in spring, followed by abundant blue fruit when planted near its companion, All That Glows® viburnum. Native.

USDA 4-8, 4-5', gr 1, early summer bloom, fall fruit ☀️ 🌧️ 🚫 🌱

Item #: 86432 - 2 ¼" • 86434 - 4" • 86435 - Quick Turn

4 **ALL THAT GLOWS®**

(*V. dentatum* var. *deamii* 'SMVDBL' pp#25,897, cbr#5409)

The high-gloss shine of this compact viburnum will really catch your eye; so will the white flower clusters and showy blue berries. About half the size of a typical *V. dentatum*, this variety has an attractive dense habit. The fruit size and set is quite large, especially for such a small plant; plant near companion All That Glitters® viburnum for best fruit production. Native.

USDA 4-8, 4-6', gr 1, early summer bloom, fall fruit ☀️ 🌧️ 🚫 🌱

Item #: 86462 - 2 ¼" • 86464 - 4" • 86465 - Quick Turn

**GLITTERS & GLOWS™**

Get both viburnums in one liner! No need to grow two different crops, or maintain stock at retail – Glitters & Glows™ combines a cutting of All That Glitters® and All That Glows® viburnums in a single quart pot, eliminating the need to plant two separate varieties to ensure pollination. Sourcing pollinators for viburnums is easily one of the biggest pain points we hear from consumers, we're pleased to offer this simple solution that makes life easier for everyone.

USDA 4-8, 4-6', gr 1, early summer bloom, fall fruit ☀️ 🌧️ 🚫 🌱

Item #: 86495 - Quick Turn

5 **BLUE MUFFIN®** (*V. d.* 'Christom')

A compact selection with glossy leaves and blue fruit in late summer. Perfect for residential landscapes, it makes a great hedge. Like most viburnums, two distinct varieties of the species are required for pollination and fruit set; we suggest Chicago Lustre® viburnum. Native.

USDA 3-8, 5-7', gr 1, late spring bloom, fall fruit ☀️ 🌧️ 🚫 🌱

Item #: 86862 - 2 ¼" • 86864 - 4" • 86865 - Quick Turn

**CHICAGO LUSTRE®** (*V. d.* 'Synnestvedt')

Glossy foliage is the outstanding feature of this rapid growing, upright rounded plant; fall color is largely unremarkable. A Chicagoland Grows introduction. Native.

USDA 4-8, 10-12', gr 1, late spring bloom, fall fruit ☀️ 🌧️ 🐝 🚫 🌻

Item #: 86892 - 2 1/4" • 86894 - 4"

**Linden viburnum**

**6 CARDINAL CANDY®** (*V. dilatatum* 'Henneke' pp#12,870)

A special plant with improved hardiness and persistent, shiny scarlet red fruit. Fruiting appears strong, even without another pollinator in the area. Discovered in a batch of seed-grown plants after a -30° cold spell killed off all except this one. Tons of creamy white flowers cover this well-branched, rounded plant in spring. Selected by Rod Henneke.

USDA 5-8, 6-8', gr 1, late spring bloom, fall fruit ☀️ 🌧️ 🐝 🚫 🌻

Item #: 87232 - 2 1/4" • 87234 - 4" • 87235 - Quick Turn

**7 TANDOORI ORANGE®** (*V. d.* 'SMNVDMDO' pp#29,573, cbraf)

The first-ever orange fruited *V. dilatatum* comes from a cross between red fruited Cardinal Candy® and yellow fruited 'Michael Dodge'. A good production plant that makes an attractive container. Orange-red autumn foliage adds to its interest. Use Cardinal Candy® viburnum as a pollinator to ensure abundant fruit set.

USDA 5-8, 6-8', gr 1, late spring bloom, fall fruit ☀️ 🌧️ 🐝 🚫 🌻

Item #: 87344 - 4" • 87345 - Quick Turn

**Southern witherod viburnum**

**8 BRANDYWINE™** (*V. nudum* 'Bulk')

Experience the most beautiful berry display in the plant kingdom with this viburnum from noted plantsman Mark Bulk. It delivers breathtaking color, with berries that transform from green to ivory to vivid pink and blue. This selection sets fruit without a pollinator, or serves to pollinate 'Winterthur'. Showy glossy leaves change to incredible dark maroon-red in autumn. Award: Long Island Gold Medal Plant, 2018. Native.

USDA 5-9, 5-6', gr 1, spring bloom, fall color ☀️ 🌧️ 🐝 🚫 🌻

Item #: 87742 - 2 1/4" • 87744 - 4" • 87745 - Quick Turn

**European cranberrybush viburnum**

## Vitex - Chaste Tree

Lamiaceae (Vit-ex: Ancient Greek name used for the plant)

### 4 BLUE DIDDLEY® (W. f. 'agnus-castus' 'SMVACBD' pp#26,614)

This dwarf chaste tree is a fun little ball of lavender-blue flower spikes in mid-summer. Its compact size gives it better container presentation than other varieties.

USDA 6(5b)-9, 3-6', gr 1, summer bloom 🌞 🌧️ 🌱

Item #: 94012 - 2 1/4" • 94014 - 4" • 94015 - Quick Turn

## Weigela florida - Weigela

Family: Caprifoliaceae (Weigel-a: Named for C.F. Weigel, 1748-1831, German Professor; florid-a, free-flowering)

### CZECHMARK® Series

Bred and selected for hardiness, extra large flowers, and a range of vivid colors, these weigela represent some of the best Czech breeding we've found. The floral display gives them irresistible appeal at retail and in the landscape.

### 5 CZECHMARK SUNNY SIDE UP®

(W. f. 'VUKOZ041323' pp#28,967, cbraf)

A unique and showy weigela with crisp white and yellow flowers that contrast boldly against dark green leaves.

USDA 4-8, 3-4.5', gr 1, spring bloom 🌞 🌧️ 🌱

Item #: 97682 - 2 1/4" • 97684 - 4" • 97685 - Quick Turn

### 6 CZECHMARK TRILOGY® (W. f. 'VUKOZGemini' pp#28,969, cbraf)

Think of Czechmark Trilogy® weigela as an improved, more compact 'Carnaval' with larger flowers and more vivid flower hues of white, pink and red, appearing at once above the glossy foliage.

USDA 4-8, height 3-3.5', gr 1, spring bloom 🌞 🌧️ 🌱

Item #: 97672 - 2 1/4" • 97674 - 4" • 97675 - Quick Turn

### 7 CZECHMARK TWOPINK® (W. f. 'VUKOZ90345' pp#28,970, cbraf)

A standout in our trial garden, this weigela displays an abundance of large flowers, with dark pink and light pink tones appearing together.

USDA 4-8, height 3-3.5', gr 1, spring bloom 🌞 🌧️ 🌱

Item #: 97732 - 2 1/4" • 97734 - 4" • 97735 - Quick Turn

### 8 VERY FINE WINE™ (W. f. 'SMWFDPD' ppaf, cbraf)

Northern growers have long appreciated the hardiness of Fine Wine, but we've always wished it was better. This plant solves our dilemma; it maintains the superior hardiness, but comes with darker foliage and better flowering.

USDA 4-8, 2-2.5' tall and 2-2.3' wide, gr 1, spring bloom, foliage interest 🌞 🌧️ 🌱

Item #: 95152 - 2 1/4" • 95154 - 4" • 95155 - Quick Turn

Weigela continued

NEW

**1 MIDNIGHT WINE SHINE™** (W. f. 'SMNWFMS' ppaf, cbraf)

If you grew Midnight Wine®, it's time to switch to Midnight Wine Shine™. This is an improved selection with darker, extremely glossy foliage. Its parentage comes from the Canadian variety 'Tango', so it has excellent hardiness and is less prone to tip dieback. While it flowers a bit better than the Midnight Wine, the plant is grown for its attractive foliage and habit making it a great replacement for *Berberis* in places where it's banned.

USDA 4-8, 1-1.5' tall and 2-2.5' wide, gr 1  
spring bloom, foliage interest 🌞 🌧️ 🌿 🌸

Item #: 94892 - 2 1/4" • 94894 - 4" • 94895 - Quick Turn

**2 MY MONET®** (W. f. 'Verweig' pp#16,824, cbr#3315)

A sport of 'Tango', dwarf My Monet® weigela has a tight habit and colorful foliage. Pink, white, and green variegated foliage often takes on deep pink tones in late summer. Create a drift along the edge of an annual or perennial bed, or brighten up semi-shady areas. Awards: MOBOT Tried and True; 2006 Best of Show Far West Show; Gold Medal Boskoop Royal Horticulture Society; 2007 Hot Shrubs People Places and Plants; 2007; 2006 Gold Medal Plantarium.

USDA 4-6, 1-1.5', gr 1, spring bloom 🌞 🌧️ 🌿 🌸

Item #: 98882 - 2 1/4" • 98884 - 4" • 98885 - Quick Turn

**3 MY MONET PURPLE EFFECT®** (W. 'Verweig8' ppaf, cbraf)

Hues of cream, green, and pink, layered with a cast of burgundy-purple, make the foliage of this new dwarf, variegated selection noteworthy. From the renowned plantsman Bert VerHoef. A companion to My Monet weigela, it is a tad faster growing and more heat tolerant.

USDA 4-6, 1.5-2.5', gr 1, spring bloom 🌞 🌧️ 🌿 🌸

Item #: 98712 - 2 1/4" • 98714 - 4" • 98715 - Quick Turn

**4 MY MONET® 'Sunset'** (W. f. 'Sunset' pp#23,212, cbr#4691)

Improved! We've stabilized this unique dwarf weigela to ensure consistent looks and performance. Grown primarily for its attractive gold foliage and extraordinary, sunset-hued fall color, it occasionally produces soft, rosy pink flowers. Add it to the front of beds and borders for multi-season color.

USDA 5-7, 1-1.5', gr 1, foliage interest 🌞 🌧️ 🌿 🌸

Item #: 98432 - 2 1/4" • 98434 - 4" • 98435 - Quick Turn

**SNIPPET® Series**

Snippet weigela bring reblooming and a useful rounded dwarf habit to this old-fashioned favorite.

**5 SNIPPET® Dark Pink** (W. f. 'VUKOZLyra' pp#30,265, cbraf)

A hardy dwarf weigela from the Czech Republic with richer, dark pink flower color than 'Pink Poppet' or 'Minuet.' It reblooms quite nicely and can be cycle-pruned to deliver a flowering crop to garden centers through the season.

USDA 4-8, 1-2', gr 1, spring rebloomer 🌞 🌧️ 🌿 🌸

Item #: 97802 - 2 1/4" • 97804 - 4" • 97805 - Quick Turn

**6 SNIPPET LIME®** (W. f. 'VUKOZ047213' pp#30,264, cbraf)

A hardy dwarf weigela from the Czech Republic with fresh, lime green foliage and pure pink blooms. It also reblooms quite nicely and can be cycle-pruned to deliver a flowering crop to garden centers through the season.

USDA 4-8, 1-2', gr 1, spring rebloomer 🌞 🌧️ 🌿 🌸

Item #: 97692 - 2 1/4" • 97694 - 4" • 97695 - Quick Turn

### SONIC BLOOM® Series

The Sonic Bloom® series boasts the strongest reblooming ever seen in weigela, with loads of flowers in late spring, followed by waves of flowers until frost. Pruning is not required to get repeat blooms. These beautiful plants extend your garden show and the sales season.

#### 7 SONIC BLOOM® Pearl (W. f. 'Bokrasopea' pp#24,585, cbr#4598)

The flowers open pure white with a yellow throat then change to pink, with multiple colors appearing on a single plant.

USDA 4-8, 4-5', gr 1, spring rebloomer ☀️ 🌱 🌸

Item #: 96372 - 2 1/4" • 96374 - 4" • 96375 - Quick Turn

#### 8 SONIC BLOOM® Pink (W. f. 'Bokrasopin' pp#24,572, cbr#4597)

Hot pink buds open to deep pink flowers. A very potent rebloomer.

USDA 4-8, 4-5', gr 1, spring rebloomer ☀️ 🌱 🌸

Item #: 96142 - 2 1/4" • 96144 - 4" • 96145 - Quick Turn

#### 9 SONIC BLOOM® Pure Pink (W. f. 'SMNWFRP' pp#29,990 cbraf)

This upright, heavy flowering selection has loads of bright, pure pink blooms and is noted for its exceptional propensity to rebloom.

USDA 4-8, 3-5', gr 1, spring rebloomer ☀️ 🌱 🌸

Item #: 95502 - 2 1/4" • 95504 - 4" • 95505 - Quick Turn

#### 10 SONIC BLOOM® Red (W. f. 'Verweig 6' pp#25,132, cbr#4716)

The lipstick-red flowers are remarkable enough to make this a choice selection, but a burst of flowers in May followed by waves of rebloom make it a must-have garden plant.

USDA 4-8, 4-5', gr 1, spring rebloomer ☀️ 🌱 🌸

Item #: 96242 - 2 1/4" • 96244 - 4" • 96245 - Quick Turn

#### 11 SPILLED WINE® (W. f. 'Bokraspiwi' pp#23,781, cbr#4655)

Hot magenta-pink flowers are similar to those of Wine & Roses® weigela, but this is a smaller plant that is wider than it is tall. Perfect for edging or filling in spaces in a sunny border.

USDA 4-8, 2-3' tall and 3' wide, gr 1, spring bloom ☀️ 🌱 🌸

Item #: 96132 - 2 1/4" • 96134 - 4" • 96135 - Quick Turn

#### 12 WINE & ROSES® (W. f. 'Alexandra' pp#10,772, cbr#2642)

Now a landscape standard, thanks to its dark burgundy-purple foliage and rosy-pink colored flowers. Full sun is required for darkest color. Developed by Herman Geers of the Netherlands. Awards: GMPA; AGM; Silver Medal Boskoop Royal Horticulture Society.

USDA 4-8, 4-5', gr 1, spring bloom ☀️ 🌱 🌸

Item #: 99002 - 2 1/4" • 99004 - 4" • 99005 - Quick Turn

# Spring Meadow Nursery, Inc. Standard Terms and Conditions

1. **BINDING CONTRACT.** These terms and conditions set forth the sole terms for the sale of goods and services by Spring Meadow Nursery, Inc., a Michigan corporation ("Spring Meadow"), and any contract made for the sales of goods and services by Spring Meadow is expressly conditional on Buyer's assent to the terms stated herein. Spring Meadow disclaims, objects and rejects any Buyer document, including a purchase order or confirming order that in any way adds to, varies, conflicts with or attempts to alter these terms. In the event of any dispute between these terms and any document of Buyer, these terms shall control.
2. **PRICES AND TAXES.** All prices are FOB Spring Meadow's place of business. All future orders will be confirmed immediately but are subject to applicable prices at the time of shipment. All prices are subject to change without notice. The amount of any local, state or federal tax levied on the goods is not charged by Spring Meadow due to its agricultural designation and shall remain the sole responsibility of Buyer. Packing and shipping charges are not included in the prices and will be added to the invoice at the time of shipment. Cash in advance accounts will prepay the packing/shipping charge. If actual shipping charges exceed our estimate, Buyer will be responsible for all additional charges incurred. Effective 7/1/2012 Buyer agrees that Buyer will not sell wholesale any Proven Winners® ColorChoice® finished plants at prices less than the Quality Standard Pricing that Spring Meadow assigns to its products from time to time. Quality Standard Pricing is subject to change on an annual basis without notice. Spring Meadow will publish an annual Quality Standard Pricing standard. Please contact the sales department for a copy.
3. **MINIMUM ORDER.** Spring Meadow's minimum order is 1 tray of a cultivar and a total order of not less than 20 trays.
4. **CREDIT ACCOUNTS.** Orders will be accepted on a CASH IN ADVANCE basis only unless a written confidential credit application has been submitted to and approved by Spring Meadow. Processing time is approximately 6 weeks; we encourage customers to apply for terms during the off season, as processing times may be longer during the shipping season. If buyer has established credit in the manner described above, the payment terms are 2% 10 NET 30. Any portion of the order cost not paid in accordance with these payment terms shall bear interest from the due date in the amount of 1.5% per month or at a rate not to exceed lawful limits, until paid. Payment on delinquent accounts is applied first to accrued interest. The early payment discount does not apply when credit cards are used for payment on credit accounts. Buyer shall reimburse Spring Meadow for all actual costs and attorneys' fees incurred in enforcing any term of this agreement. A \$25.00 charge will be assessed for all payments returned for insufficient funds.
5. **CASH IN ADVANCE ACCOUNTS; VISA AND MASTERCARD ACCOUNTS.** A 25% deposit is encouraged for all credit card (Visa, Master Card) and cash in advance orders. Although the deposit is not required, inventory will be allocated first to customers who have set up 2% 10 NET 30 terms, then to orders with a deposit in place. Payment in full must be received 30 days prior to shipping date; credit cards will be charged in full 30 days prior to shipping. Cancelled orders may be charged a processing and/or restocking fee. Freight and packaging for credit card orders will be charged upon shipment.
6. **SHIPPING AND DELIVERY.** All shipments are FOB Spring Meadow's place of business, and all risk of loss and damage to the goods passes to Buyer upon delivery of goods to the common carrier. Any dates or schedules that are specified for delivery of services or goods are stated only approximately, calculated from the date of receipt of Buyer's order. All plant varieties are not available for fall or dormant winter/spring shipment. Spring Meadow will attempt to deliver plants as close as possible to a requested ship date, but reserves the right to adjust the shipping date based on the quality and readiness of the plants. Each tray of plants is boxed, stacked on pallets or racked, and then stretch-wrapped, or netted together as one shipping unit. Palletized or racked shipments are normally a better value than FedEx if Buyer's order exceeds 20 trays. Buyer must notify us in advance if unable to accept a pallet shipment. Spring Meadow ships FedEx in custom designed boxes. Four trays per box, specially packed in an upright position travel to Buyer's door.
7. **SHIPPING DAMAGES CLAIMS.** All shipping damages must be noted at the time of receipt of goods from the carrier. Any box breakage or other obvious damages must be noted in writing on the carrier's bills of lading. Claim forms are available from the carrier.
8. **FORCE MAJEURE.** Spring Meadow shall not be responsible or liable for any delays in service completion due to any cause or condition beyond its control, including, without limitation, fire, flood, earthquake, labor dispute, shortage of materials or supplies, riot or other civil disturbance, war, acts of God or nature, accident, or any acts of any government.
9. **PROVEN WINNERS® COLORCHOICE® FEES.** Proven Winners® ColorChoice® fees are collected to cover patent, trademark, breeder, brand and marketing costs in addition to the listed plant price. Proven Winners® ColorChoice® fees are subject to change without notice.
10. **PROVEN WINNERS BRAND.** Upon the purchase of any patented or trademarked plants from Spring Meadow, Buyer agrees to the following: (a) To purchase and affix the trademark and/or patent tag, which properly identifies the plant, to each plant sold. (b) To clearly identify proper plant names including plant patent numbers and trademark names in all sales literature. (c) To feature the Proven Winners® ColorChoice® branded product line and not affix other branded tags or co-brand with any other brand. (d) To not propagate or aid in the illegal propagation of any Proven Winners® ColorChoice® plant without a license. (e) To sell Proven Winners® ColorChoice® plants in approved Proven Winners® ColorChoice® branded containers. **NOTE: FEDERAL LAW STRICTLY PROHIBITS THE ASEXUAL PROPAGATION OF PATENTED PLANTS, WITHOUT A LICENSE. STATE AND/OR FEDERAL LAW PROHIBITS THE UNAUTHORIZED USE OF TRADEMARKS.**
11. **LIMITED WARRANTY.** Spring Meadow warrants its plants to be true to name, to be inspected by the Michigan Department of Agriculture and certified to be apparently free of dangerous insects and dangerously contagious plant diseases, and to be in good living condition at the time of delivery to the common carrier. Buyer's remedy is limited, in the sole discretion of Spring Meadow, to replacement of any plants determined to be defective and covered by this limited warranty. Replacement plant material will be provided as soon as production plans permit and will be shipped by Spring Meadow at no cost to Buyer. Claimed defective plants must be discarded and documentation of such provided.
12. **EXCLUSION OF OTHER WARRANTIES. THE LIMITED WARRANTY STATED ABOVE IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, AND SPRING MEADOW HEREBY EXPRESSLY DISCLAIMS ANY AND ALL OTHER WARRANTIES OF ANY KIND OR NATURE, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR ANY PARTICULAR PURPOSE, OR FUTURE GROWTH. NO WARRANTIES OR REPRESENTATIONS MADE AT ANY TIME BY ANY REPRESENTATIVE OF SPRING MEADOW SHALL BE EFFECTIVE TO VARY OR EXTEND THE LIMITED WARRANTY OR OTHER TERMS.**
13. **LIMITATION OF CLAIMS FOR DEFECTIVE PLANTS.** No plant claims covered by the limited warranty may be brought against Spring Meadow more than ten (10) days after shipment. Claim notification must be in writing. No claims will be paid on plants shipped while dormant.
14. **LIMITATION ON LIABILITY:** Under no circumstance shall Spring Meadow's liability to Buyer exceed the value of this agreement. Under no circumstances, whether arising in contract, tort, equity or otherwise, shall Spring Meadow be liable for consequential, incidental or special damages (including loss of use, lost profits, increased operating or maintenance expense), related to the provision of services or goods.
15. **APPLICABLE LAW:** This agreement shall be deemed made in Ottawa County, Michigan and shall be governed by Michigan law without regard to its conflict of laws principles.
16. **DISPUTE RESOLUTION:** Any action arising out of it shall be governed by Michigan law and shall be brought in the District or Circuit Court for Ottawa County or in the U.S. District Court for the Western District of Michigan. Buyer consents that such courts shall have personal jurisdiction over Buyer as to any such action and that the mailing of any process to Buyer's last known address by registered mail shall constitute lawful and valid service of process.
17. **MISCELLANEOUS:** All notices shall be provided to the addresses set forth in this agreement and if none is provided, to the party's resident. Wherever possible, all terms shall be interpreted consistently. If a conflict arises as to price, payment or delivery, the typed terms on the front page shall control over printed provisions on this side. For any other conflict, these Terms and Conditions shall control. No usage in trade shall create a conflict with these terms. Spring Meadow reserves the right to correct any typographical error in this Agreement. If any provision is determined to be unenforceable, the remainder of this agreement shall remain in full force and effect.
18. **ENTIRE AGREEMENT AND AMENDMENT:** This agreement contains all of the terms of the agreement between Spring Meadow and Buyer as to its subject matter and supersedes all prior oral or written representations, agreements, and other communications between Spring Meadow and Buyer. This agreement may be amended only by a writing signed by Spring Meadow and an officer of Buyer.

# GOT A NEW SHRUB? We'd love to hear from you!

Plant breeders make up the heart of the Proven Winners brand, providing the passion and the superior plants that have earned us the respect and enthusiasm of growers, retailers, landscapers, and home gardeners alike. Working as your partner, Spring Meadow can provide you with secure trialing, plant patent and breeder's rights assistance, licensing, an international grower network, royalty collection, and world-class marketing.

Spring Meadow has a 20+ year history of partnering with talented breeders from England, France, Germany, Poland, Belgium, Hungary, Japan, Korea, the Netherlands, the Czech Republic, Canada, and the United States. Let us help you experience the thrill of seeing your plant for sale in a garden center – or planted in a landscape – for the first time.

## Fairytrail Bride™ Cascade Hydrangea™

An instant success – and Plant of the Year winner – at the 2018 RHS Chelsea Flower Show, this truly extraordinary hydrangea is finally available in North America as part of the Proven Winners ColorChoice Flowering Shrub brand. Fairytrail Bride hydrangea is in a class by itself, for both its new horizontal, cascading habit, and its ability to set flower buds along the entire length of its stems. These traits create unparalleled floriferousness and irresistible consumer appeal.

The flowers themselves are absolutely beautiful: extra-large, bright white, and sporting an intriguing deckled edge. They cluster together to form dozens of lacecap inflorescences that nearly obscure the glossy green foliage. Its reblooming habit ensures months of flowers, making Fairytrail Bride hydrangea a high-performance shrub in the garden or landscape.

It's also ideal for our Decked Out patio planter program (see p. 15), and offers fantastic opportunity for floral and gift plant growers and retailers.

See page 54 for more information, and contact your Spring Meadow account manager to order liners today.
