

TATER TOT[®]

Thuja occidentalis 'SMNTOBAB' pp#30,761, cbraf

Irresistible dwarf evergreen.

This is a delightful dwarf globe *Thuja*, a bit taller than it is wide, with swirling fans of deep green foliage. A seedling of 'Brandon,' it is hardy and maintains good color all year round; it's faster growing than 'Danica' or 'Hetz Midget.' With its outstanding container presentation and appealing, versatile habit, this cute little arborvitae is sure to be popular with homeowners.
