

CARDINAL CANDY®

Linden Viburnum *Viburnum dilatatum* 'Henneke' pp#12,870

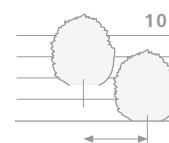

Viburnum dilatatum

Extra-hardy

Discovered in a batch of seed-grown plants after a -30F cold spell killed off all the others, Cardinal Candy viburnum is a special plant with abundant red fruit. The persistent fruit adds vibrant scarlet color to fall and winter landscapes. In spring the plant is covered with creamy white flowers. It is an excellent addition to mixed borders, and also makes a nice hedge or mass planting.

- DEER-RESISTANT
- FRUITING APPEARS STRONG EVEN WITHOUT ANOTHER POLLINATOR IN THE AREA
- PRUNE AFTER FLOWERING LEAVE FLOWERS INTACT FOR FRUIT.
- SIZE & SHAPE
6-8' TALL
6-8' WIDE
- SPACING 8-10'
- USDA ZONE 5-8
- FULL SUN / PART SHADE
