

# BRANDYWINE™

*Witherod Viburnum* *Viburnum nudum* 'Bulk'

### Excellent fall color

The most beautiful berry display in the plant kingdom is set against a backdrop of glossy burgundy foliage. The berries transform from green to shades of pink and blue. A great companion for 'Winterthur' because planting two distinct clones in close proximity results in bumper crops of berries, although Brandywine *Viburnum* will fruit without another pollinator in the area. Use this outstanding native plant in mixed borders or rain gardens.

- SIZE & SHAPE  
5-6' TALL  
AND WIDE

- SPACING 6-7'
- USDA ZONE 5-9
- FULL SUN/PART SHADE

NATIVE | DEER-RESISTANT

PRUNE TO SHAPE AFTER FLOWERING. LEAVE FLOWERS INTACT FOR FRUIT
