

SONIC BLOOM® Pink

Weigela florida 'Bokrasopin'

pp#24,572, cbr#4597

Common name: reblooming weigela

Landscape Info:	
USDA/AHS zones:	USDA 4/AHS 8
Mature height:	4-5'/1.2-1.5 m
Exposure:	Full sun
Irrigation:	Moderate

Features & Benefits:
<ul style="list-style-type: none"> - Reblooming weigela blooms in late spring with other weigela then reblooms through summer. - Bright pink flowers are densely packed on stems. - A reliable, hardy rebloomer. - Deer resistant and trouble-free; deadheading not required. - Good for hedges, mixed borders, foundation planting.

Cultural info:		
pH Level:	5.6 - 6.2	
Nutrient Needs:	Average	
EC (2:1 extract):	0.6 – 0.9	
Light Level:	Moderate to high	
Watering:	Average	
Rooting Out Temp:	65 – 72° F/18.3 – 22.2° C	
Overwintering Temp:	Polyhouse - no heat (where hardy)	
Sales Window:	Spring-fall	
Blooms On:	Old and new wood	
Trimming/pruning:	Trim 2-4 times	
Vernalization:	Required	
Vigor Rating:	Fast	
Finish Size	Liner Size	Weeks of Active Growth to Finish
1 gallon	2 ¼" • 4" • QT	8-10 • 7-9 • 6-8
2 -3 gallon	2 ¼" • 4" • QT	16-18 • 14-16 • 12-14

Grower Tips:
<ul style="list-style-type: none"> • Trim to shape frequently to produce a dense, compact plant that has longer retail appeal. • Spring and dormant pruning will remove the first set of flower buds. Stop pruning in late July to allow spring flower buds to form for sale the following season. • Will rebloom later in the season for same-season sales; allow 8-10 weeks after final trim for new wood flower buds to form. Keep well fertilized for best rebloom. • Spider mites may become an issue; scout and treat as your IPM program dictates.
NOTES:
