

Yezberry® haskaps

Lonicera caerulea

Yezberry haskaps give farmers a unique, easy-to-grow fruit to offer at markets, farmstands, and through CSAs. Small, plentiful berries are easy to offer as samples, and once a customer tastes them, they will want more! Fresh fruits can be packaged similar to raspberries or blueberries, or transformed into delicious jams, jellies, sauces, wines, and more. Whatever your farm's niche, Yezberry haskaps offer the variety and novelty that today's shoppers crave.
